## Rumania Carved Again At Orders Of Hitler

### English Invasion Delayed Another Week-End; American Solidarity In Spotlight

By The Associated Press

A defensive and economic program described as designed to shock rudely any aggressive-minded foreign power with western hemisphere aspirations was all but signed and sealed at the Pan-American conference in Havana Saturday night.

This, the United States' main objective, was practically a declaration that the 20 other American republics would support this country's enforcement of the Monroe Doctrine.

This American display of solidarity came as Germany gave orders for the further carving-up of Rumania, with Bulgaria and Hungary each destined to get a territorial slice.

Out of the flurry of conferences in Germany and Italy, the German press intimated that Adolf Hitler had told Balkan diplomats he expected them to settle their own differences, with the important qualification that he favored the claims of both Bulgaria and Hungary, the latter with some modification.

## FD NAMES UNIT FOR EUROPE'S FOOD RELIEF

### Funds Available But Blockade Is Bar

By MAX BOYD

WASHINGTON—(AP)—President Roosevelt established an organization Saturday to undertake the task of buying \$50,000,000 worth of relief supplies, getting them through the British blockade and seeing that they reach war refugees instead of falling into German hands.

The money for the undertaking was appropriated by Congress recently at Mr. Roosevelt's request.

### Farm Purchase Planned

In an executive order, the president designated the Secretary of Agriculture to purchase farm products and the Secretary of the Treasury to buy other supplies under the program. What will be purchased is to be determined by these officials and the American Red Cross.

The Red Cross was designated as an agency to transport the purchases abroad and distribute them to "refugee men, women and children who have been driven from their homes or otherwise rendered destitute by hostilities or invasion."

Other agencies may be designated later to carry on similar work.

Stephen Early, presidential press secretary, made public the order. Questioned by newsmen as to whether Great Britain had agreed to let the supplies through her blockade, he retorted that distribution was 100 per cent the job of the Red Cross.

### Red Cross Negotiates

It was believed that the Red Cross might negotiate with the British and German governments through the state department.

Norman Davis, chairman of the American Red Cross, conferred with the president later in the day. He told reporters afterward that his agency would operate only where it had complete control over distribution, so that it would know its supplies went to those for whom they were intended.

## One Of Four Insane In Shoshone Murder

SHOSHONE, Idaho—(AP)—Chester Phillips, one of four charged with murder in the exposure death of his father-in-law, was committed to the state mental hospital Saturday.

Phillips, 22, alarmed Lincoln county authorities by hysterical activities and wild cries. In a hearing before Probate Judge Howard Adkins he was adjudged insane.

## Child Killed

### Hidalgo County Car Collision Fatal

McALLEN—Andrea Pena, three-year-old daughter of Mr. and Mrs. Francisco Pena of Edcouch was killed early Saturday night as the result of an automobile collision at the intersection of Taylor Road and the McAllen-Mission highway.

The Pena car was being driven east, according to investigating officers, when it came in collision with another car occupied by Mr. and Mrs. Charles Ray of South Taylor and the child apparently was struck by a part of the car.

A Martin-Nelson ambulance answered the call. Funeral services for the child will be held from Edcouch Sunday morning.

## 21 NEW WORLD REPUBLICS OK DEFENSE PACT

### Trade Plan Expected To Surprise Axis

### SOLIDARITY SEEN

### Hull Gratified Over Success Attained

HAVANA—(AP)—The neutrality commission of the Pan-American conference Saturday night drafted projects to deal with the "Fifth Column," subversive activities of foreign diplomats in the Americas, and the treatment of foreign minorities in case of war. The projects will be submitted to the full conference Monday.

HAVANA—(AP)—The 21 American republics were in agreement through their foreign ministers Saturday night on a broad defense and economic plan which an authoritative source described as effective enough both to surprise and discourage any foreign powers casting covetous eyes upon this continent.

The program, embracing the main objectives of the United States, awaited formal adoption before adjournment of the conference next Tuesday, but committee approval was said to insure its success with the same solidarity marking previous Pan-American gatherings.

### Compromises Formed

This was accomplished through adjustment of differing viewpoints in committee without materially changing any of the proposals brought here from Washington by Secretary of State Cordell Hull.

After long hours spent in patient persuasion and argument in a hot hotel room overlooking the sea, Hull was represented as being gratified with the action decided upon.

He was said to feel that any aggressive-minded powers that hoped and worked for failure of the conference would be shocked and discouraged by the unity and determination shown by the American republics in taking steps to carry out their professions of solidarity and purpose.

### New World "Awakens"

At the same time the conference was said by an authoritative spokesman to have shown an awakening of the republics from an attitude of complacency and belief that the mere assertion of neutrality was sufficient to deter foreign conquerors.

The concrete results of the conference, as agreed upon by committees, were three-fold:

1. A declaration that the status of European possessions in this hemisphere is of equal concern to all the American republics and creation of machinery under which any of them might be taken over and administered temporarily to safeguard continental security.

### Broad Economic Plan

2. Establishment of the framework of a broad economic plan for immediate relief of countries burdened with exports shut off from European markets and development of an independent American system strong enough to prevent foreign customers from forcing unfair trade.

## Sect Meets

### Jehovah's Witnesses Hold Convention

EL PASO—(AP)—After a stormy beginning, in which they were denied use of a public hall and were the object of citizen protests, members of a religious sect (Jehovah's Witnesses) conclude their Texas state convention here Sunday with praise for El Paso's "kind reception."

Harold Woodworth, chairman of the meeting, added that nearly 450 delegates were carrying on a house-to-house canvass of the city to distribute literature and meeting with some rebuffs.

### DELEGATES ARE JAILED IN NEW MEXICO

LAS CRUCES, N. M.—(AP)—All but one of 24 members of a religious sect (Jehovah's Witnesses) were held in jail Saturday night for hearing Monday on charges of violating a handbill ordinance in the distribution of their literature.

## Goolsby And Morrison In Runoff In Hot Cameron Sheriff Race; Rail Race Close

## LUTHER SNOW IS SHERIFF FOR WILLACY

### Charles Johnson Tops Judge's Race

RAYMONDVILLE—On the basis of incomplete returns from Willacy county, five of seven precincts reporting, Luther D. Snow, former sheriff, had a clear majority over his opponents in the race for sheriff but runoff races appeared in the offing in the contest for county judge and for county tax assessor-collector.

Snow had a total of 938 votes as compared to 262 for Joe Turner, the incumbent, and 511 for Mack Chrestman. It would require a big reversal in the two missing boxes to bring about a runoff in the race for sheriff.

C. R. (Charley) Johnson, incumbent, held the lead but no majority in the county judge's race with a total of 859 votes while C. P. Hill, who abandoned the post of county superintendent to make the race, had 597 and S. R. Lynn was a poor third with 317.

There were six candidates in the race for assessor-collector with John R. Campbell's 801 votes falling of a majority. Ed Raymond was second with 305, Z. O. Colney third with 178. Fourth was R. K. Finlay, who polled 156 votes. C. B. Owen got 152 votes and Hugh McKenzie 123.

## 34 Members Of Sect Jailed At Detroit

DETROIT—(AP)—Thirty-four persons arrested while distributing literature of Jehovah's Witnesses pleaded innocent in traffic court Saturday to charges of soliciting funds without licenses. Each was held in \$5 bond and the case set over to Tuesday.

Sixty in all were arrested but some too late to be taken to court Saturday.

Jehovah's Witnesses are holding their national convention here.

## Iron, Oil Ban Said Due By Wednesday

HOUSTON—(AP)—The Houston Chronicle said Saturday a partial government ban on oil and scrap iron exports will go into effect here at midnight Wednesday.

The move was indicated, the paper said, in a federal note directing customs officials to "permit export without an export license" only four more days.

## Nervous Rookie In South Confused Over U. S. Leader

### OKLAHOMA CITY

(AP)—A nervous National Guard rookie was undergoing a federal inspection test.

"Who's president of the United States?" snapped the inspecting officer.

The rookie stammered, then gulped: "Franklin D. Roosevelt Jones."

## Election

### At A Glance

GOVERNOR W. LEE O'DANIEL'S prediction of a clear majority appeared on the way to realization. Thompson was second, Hines third.

PIERCE BROOKS shaded Olen Culberson in the railroad commissioner's race on the basis of incomplete returns and a nip and tuck battle appeared in prospect to determine entries in the runoff.

JAMES R. NORVELL, the Valley's own candidate in the race for judge of the fourth court of civil appeals, was leading Thomas D. Cobb in 29 out of 57 counties.

JOE P. HATCHITT was holding a majority in the district attorney's race but unreported precincts might easily bring about a runoff, more than likely with Weaver.

SHERIFF ARTHUR GOOLSBY was almost certain to have a runoff battle with unreported boxes possibly making Will Cabler the second man in the race although incomplete returns placed Tom Morrison second.

LUTHER D. SNOW held a majority in the Willacy county sheriff's race with five out of seven precincts reported. Mack Chrestman had the best chance to get in the runoff. Joe Turner was third.

## JOE HATCHITT HAS MAJORITY

### But Later Count May Mean Runoff

HARLINGEN—All available returns at 3 a.m. Sunday gave Joe P. Hatchitt of Corpus Christi, a majority over his other two opponents, W. B. Weaver and Roy A. Scott, also of Nueces county, in the race for district attorney but none of the four reporting counties had complete figures and none were available from Kennedy county.

Hatchitt had a total of 7,561 votes as compared to 4,027 for Weaver and 2,367 for Scott. This included only 19 out of the 47 boxes in Nueces county. Kieberg and Willacy similarly were incomplete and Kennedy missing altogether.

Cameron county, with most of the votes in, gave Hatchitt almost three-fourths of the total with 4,560 as compared to 1,589 for Weaver and 880 for Scott. In Willacy county Hatchitt had 598, Weaver 609 and Scott 484. In Nueces, Hatchitt had 1,408, Weaver 1,214 and Scott 767. Kieberg reported 585 for Hatchitt, 615 for Weaver and 236 for Scott.

Although Hatchitt had a majority on the basis of incomplete returns, a runoff was still a possibility.

## Rumania Is Fearful Of Division Result

BUCHAREST—(AP)—Rumania sought a formula Saturday night whereby actual cession of territory to Hungary and Bulgaria may be postponed as long as possible, despite a German order that she enter into quick direct negotiations with those countries.

The Rumanian press and radio said any further surrender of Rumania territory at this time might provoke an internal crisis of serious consequences just at a time when Germany wants to keep supplies moving from the Balkans to the Reich.

## GOOLSBY HAS TOP VOTE IN COUNTY RACE

### Leonard Wins Race For Congress

HARLINGEN—Sheriff J. A. Goolsby led a field of three in the Cameron county Democratic primary Saturday while the incumbent state representatives of both Cameron and Hidalgo counties appeared assured of re-election in the only other contests of any ranking in these two counties.

Goolsby, seeking re-election, polled a total of 3,177 votes with three large Brownsville boxes (No. 7, 8 and 10) and the Media Luna box still out and with two Harlingen boxes (No. 30 and 32) and La Feria incomplete.

Tom Morrison of Combes appeared assured of a place in the runoff on the basis of returns to date but there was a potential voting strength of 1,920 votes left in the unreported boxes which might swing the balance to Cabler.

Morrison had 2,319 votes while Will Cabler, erstwhile Goolsby chief deputy, was trailing in the race with 2,047 votes.

Augustine Celaya of Brownsville, had a comfortable majority over both opponents in the race for representative from Cameron county and Homer Leonard of McAllen was an easy winner over Dave Noser for representative from Hidalgo county even on the basis of incomplete returns.

Celaya polled a total of 4,514 votes while A. R. Davis of Combes 1,674 and Gus Butler of San Benito 927. Leonard, who was said to have a good chance for being named next speaker of the House of Representatives, polled 4,514 votes in 13 out of Hidalgo county's 24 polling places while Noser, McAllen contractor, garnered 1,238. It was not regarded as likely that Noser would be able to overcome this lead with votes from the yet unreported boxes.

## Texas Firm Asking To Reduce Gas Rate

WASHINGTON—(AP)—The El Paso, Texas, Natural Gas Company, a wholesale distributor, filed with the Federal Power Commission Saturday tariffs reducing domestic rates it charges over its entire system, two cents per thousand cubic feet, effective September 1.

Paul Kayser, president of the company, said that except in "cases of minor adjustment" the reduction would be passed along to consumers. He estimated it would save them \$75,000.

He said that when the new tariffs became effective the city gas rate for domestic gas at El Paso would be reduced from 29 cents to 27 cents per thousand cubic feet.

## Norvell Leads

### Valley Man Ahead In State Race

DALLAS—James R. Norvell, Edinburg, was leading Thomas D. Cobb of Bexar county 16,435 to 9,533 in incomplete returns from 29 counties early Sunday morning for the post of Associate Justice of the Court of Civil Appeals, 4th Judicial District.

Norvell appointed to the post by Gov. W. Lee O'Daniel recently, was running for the first time. He is widely known in the Valley.

## Brooks Tops Culberson Late Saturday; Runoff Assured

### Hines Leads Mrs. Ferguson In Governor Race; Chief Justice Runoff Indicated

DALLAS—Preferences of Texas Democrats for Hillbilly music and W. Lee O'Daniel, apparently more popular than he was two years ago, was indicated by partial returns of the Texas Election Bureau which gave the governor a slight majority in the gubernatorial primary. This lead, if held, will assure him of another two years in the governor's mansion without having to face a runoff in August.

Returns from 190 out of 245 counties (12 complete) gave O'Daniel 264,599 to his opponents' combined total of 237,932. O'Daniel jumped into the lead early Saturday night, and his majority increased steadily as returns poured in.

Second in the race for the governorship was Ernest O. Thompson of Amarillo, now railroad commissioner, who polled 109,144 votes in the incomplete returns far less than half of O'Daniel's total.

Harry Hines of Wichita Falls, now a highway commissioner, nosed into third place with 52,312 votes by taking a lead over Mrs. Miriam A. Ferguson of Austin, attempting a comeback. She was fourth in the race with 43,050, although earlier in the night she was a strong third.

Trailing far behind was Jerry Sadler from Longview, now railroad commissioner. He polled 29,677.

Arion B. "Cyclone" Davis of Dallas county received 2,382 and Rip Condon, La Feria, although he withdrew from the race, polled 1,367.

Early Sunday morning, Pierce Brooks of Dallas county passed Olen Culberson of Jackson county and led with a slim majority. It was a ding-dong battle, and Culberson had led throughout the early count.

## 4 Leaders Celebrate In Austin

AUSTIN—(AP)—In atmosphere of happy excitement, four persons who went to be governor of Texas for the next two years sat with members of their families and friends at "listening posts" here Saturday.

One was Governor W. Lee O'Daniel, who, with Mrs. O'Daniel and eldest son, Pat, arrived about 7 p.m. from Fort Worth where they had voted.

Before dark, a shirt-sleeved crowd had gathered on the grounds of the "White House of Texas" to watch with the executive the unfolding of the story of the day's election.

Other candidates at their homes were Ernest O. Thompson, Mrs. Miriam A. Ferguson and Jerry Sadler.

### "Ma" Lives In Austin

Of these only Mrs. Ferguson was a "full time" resident of the Texas capital. Since the conclusion of her second term as governor, she has resided here.

Thompson's official residence is at Amarillo and Sadler's is at Longview, but both live in Austin currently because both are members of the State Railroad Commission.

Shortly after his arrival, Governor O'Daniel came out to the lawn, clad in white linen, black hair slicked, smiling.

"Hello, folks!" he greeted the crowd which, numbering at the time about 100, sat in chairs or walked about, looking the place over.

### Governor Is Applauded

There was a flurry of hand-clapping. Answering questions, he said he felt "like a million dollars," and was as "happy as a man can be."

"The campaign was great," he said. "People everywhere treated me just like a king."

## Damyankes Not As Famous As In '64

GREENVILLE, S. C.—(AP)—A two-and-one-half year old boy on a visit to Beaufort was informed that "the Yankees burned grandfather's home here during the war between the states."

Replied the boy: "What an awful thing for a baseball team to do."

## ANGLERS HERE FOR CONTESTS

### Fishing Rodeo Will Start Sunday

PORT ISABEL—Sunday morning, possibly long before sunrise, several boats will leave various docks here, head for the open waters of the Gulf of Mexico, and the marlin contest of the Seventh Annual Rio Grande Valley Fishing Rodeo will be under way.

Among the anglers who will go after the big fellows will be Bob Edge of New York, nationally known fishing writer, sportsman, fishing editor of PM and radio commentator of CBS. Edge arrived in the Valley by plane Saturday morning and will fish with "Monty" Montgomery, the real discoverer of marlin in Valley coastal waters and a nationally known fisherman, on "Monty's" cabin cruiser, Jack Matthews, also of New York, is driving through and is expected here Saturday night. If he arrives in time he will join Edge and Montgomery.

R. B. and Clyde Cowden of Midland will also be fishing.

## Weikel Leading In Only Commissioner Race In Cameron

BROWNSVILLE—On basis of complete unofficial returns in the Commissioner's Precinct No. one for Cameron county Grover Weikel defeated his three opponents, G. A. Stanford, G. C. Wooten and Tom Hunt Saturday.

Vote by precincts on the race is as follows:

Port Isabel—Stanford, 31; Wooten, 33; Hunt, 98; Weikel, 226.

Las Yescas—Stanford, 15; Wooten, 4; Hunt, 4; Weikel, 75.

Los Fresnos—Stanford, 57; Wooten, 4; Hunt, 58; Weikel, 233.

Olmito—Stanford, 14; Wooten, 1; Hunt, 40; Weikel, 64.

# U.S. CUSTOMS OFFICE SCOPE IS AMPLIFIED

## Brownsville Becomes Document Port

BROWNVILLE — Brownsville has been designated as a "port of documentation" for vessels, U. S. customs announced here Saturday. The new duties of the U. S. customs office here will require additional office space, and possibly an increase later in personnel, officials said.

Additional office space already has been requested in the federal building here, and is under consideration by Washington officials. Registry of motorboats will continue in Laredo, however.

**Registry Changed**  
American ships arriving here from foreign ports, and discharging all merchandise, may surrender their register, and take-out enrollment papers to move, otherwise, saving payment of certain fees.

Also, ships under enrollment, which have been traveling coastwise and desiring to go foreign, may change their papers to a register.

**One Checked In**  
First U. S. ship to take advantage of the new service here was the SS Pan-Kraft of the Waterman Line, which changed its papers from enrollment to register presumably to sail foreign.

The vessel is loading scrap iron at the Port of Brownsville, and is to sail late Sunday for Corpus Christi, and from there to an unannounced destination.

## Gandhi Outvoted

### Non-Violence Policy Killed In India

POONA, India — (AP) — The all-India congress committee Saturday ratified, by a vote of 91 to 63, abandonment of the Gandhi creed of non-violence insofar as it concerns external aggression and internal disorder.

The action means the congress will not oppose an increase in India's armed forces.

It also represents a defeat for the little Mahatma and his advocacy of non-violence in every case. Sunday the committee will consider a resolution demanding complete independence for India and immediate establishment of popular central government.

## Texas Dem Chairman Will Aid Campaign

SAN ANTONIO — (AP) — E. B. Germany, chairman of the state Democratic executive committee, has tendered his services to the national committee in the Roosevelt-Wallace campaign. A letter from him to Mayor M. M. Maverick received Saturday stated.

He also told Maverick he would serve in any capacity assigned him in the state campaign for the national ticket.

# RUSSIA BUILDS 168 WARSHIPS

## Navy Strength Upped Fifty Percent

MOSCOW — Admiral Nikolai Kuznetsov, commissar of the navy, disclosed Saturday night that Soviet Russia would add 168 warships to her fleet this year and urged that Russian naval powers be stepped up to parity with the country's army and air strength.

Declaring that "our navy is continuously developing and strengthening," Kuznetsov asserted that "there is no doubt that the USSR is a seapower."

In 1939, he said, the Russian fleet was increased by 112 ships, large and small torpedo cutters included. "In 1940," he added, "we will get 168—that is a 50 per cent increase."

"If you consider the tonnage in 1939 as 100 per cent, in 1940 the tonnage will be 200 per cent. Our increase is not made at the expense of small ships but has involved large surface ships."

He said submarine production this year was three times that of 1939.

## FOUR LEADERS HOLD PARTIES

(Continued From Page 1)

us marvelously. It was more fun than you could shake a stick at. "I weigh to the ounce what I did when I started the campaign."

"How much is that, governor?" someone queried.

"Two hundred," he replied.

The governor had been darkly tanned by last week's hot winds in West Texas, where he concluded his campaign.

A middle-aged woman came up and shook hands. A child also shook hands with her.

Then he returned into the mansion for the time being.

Over the broad lawns on both sides of the sidewalk, leading from the street to the front doors of the building, vari-colored lights twinkled.

Two big "coolers" filled with iced water had been set on tables to refresh the visitors.

**Flower Beds Tramped**  
Beds of petunias, six feet wide and in brilliant bloom, were in imminent danger as small children scurried about and even their elders took occasional short cuts through them.

From a loudspeaker came occasional "canned" music early in the evening, the governor's own orchestra not having gone into action.

The "Star Spangled Banner" brought everyone to his feet, but some "hot" numbers a little later eased the situation.

Inside the mansion close friends of the governor's family, including some of his appointees, gathered.

One of the first to arrive was Frank Davis of Itasca, member of the State Board of Control.

**Crowd Is Excited**  
In its excitement, the crowd pushed up on the mansion veranda, almost shoving the bandmen off. It was moved back, but presently it was jamming around the mansion backdoor, apparently trying to get a glimpse of people inside.

The campaign air, "There Ain't Gonna Be No Runoff," was heard again and again as additional returns were received, each presentation bringing applause.

Informal about 10 o'clock that incomplete returns gave him about 47 per cent of the total vote, Governor O'Daniel commented:

"We're coming right up all the time."

Mrs. O'Daniel, smartly garbed, circulated among the guests in the house. Molly, their pretty daughter, also was much in evidence.

The boys, Pat and Mike, were, of course, playing in the band. Pat plays a banjo and Mike a violin.

**President Inspects Defense Facilities**  
WASHINGTON — (AP) — President Roosevelt and a group of congressional and defense officials left aboard the yacht Potomac late Saturday for a week end cruise and inspection of defense facilities in the Norfolk, Va., area.

In the party were Secretaries Knox and Hopkins, Chairman Vinson (D-Ga.) of the House naval committee, Chairman Sheppard (D-Tex.) of the Senate military committee, Brigadier General Edwin M. Watson, one of the president's secretaries, and Captain Daniel J. Callaghan, Naval aide.

# LEE O'DANIEL IN MAJORITY

## Thompson Second But Far Behind

(Continued From Page 1)

Brooks polled 52,979 votes to Culberson's 52,743. It appeared certain that there would be a runoff in the hard fought Railroad Commission race.

Other returns in the Railroad Commission race were: John D. Copeland, Jr., Travis county, 5371; C. A. Evers, Dallas county, 534; Ross Hardin, Limestone county, 5034; Errol Holt, Dallas county, 5180; Walton D. Hood, Travis county, 15,280; John Paul Jones, Rusk county, 8,738; Charley Langford, Jr., Galveston county, 8,418; Wm. H. McDonald, Eastland county, 29,961; Larry Mills, Dallas county, 4,005; Bryan Patterson, Jim Wells county, 12,651; John Pundt, Dallas county, 5,141; Baker Saulsbury, Potter county, 16,823; Bailey Sheppard, Gregg county, 16,009; C. E. Smith, Tyler county, 31,864; E. T. Smith, 6,827; O. O. Terrell, Brazoria county, 12,893; Olan R. Van Zandt, Grayson county, 22,502.

A runoff also seemed likely for the post of Chief of the Supreme Court, for which S. Lattimore of Fort Worth polled 93,809 votes was leading Moses P. Alexander of Waco, who had 87,032.

Others in the Supreme Court race were Tuck Chapin, Bexar county, 9,518; John O. Douglas, Harris county, 23,384; Gordon Griffin, Hidalgo county, 14,497; Richard B. Humphrey, Dallas county, 26,011.

United States Senator Tom Connally of Marlin was winning in a walk. He had received 244,070 votes to Erath County's A. E. Belcher's 17,095 and San Augustine county's Guy B. Fisher's 25,278.

Leaders in other state races were Lieut. Governor Coke R. Stevenson, who polled 223,673 votes to Alton M. Mead (Tom Green county) 44,820 and Charles Lavergne Somerville, (Dallas County) 32,693.

In the race for Comptroller General, George H. Sheppard of Nolan county polled 219,921 votes to Clifford E. Butler, Harris county, 61,244.

For state Treasurer, Charley Lockhart of Travis county was swept into office 203,792 votes to Harry McKee's 75,276. McKee is from Travis county.

The state superintendent's race found L. Wood of McLellan county leading 159,716, with S. R. LeMay of Henderson county polling 52,515.

J. E. McDonald of Ellis County was leading the race for Agricultural Commissioner with 173,828 votes. Second was William N. Corry of Tarrant County with 51,019 votes. W. W. King of Sabine county was third with 44,892.

Tom L. Beauchamp of Smith county was leading for Judge of Court of Criminal Appeals by a small margin, 127,316 over George E. Christian of Burnett county, who had 121,347.

Associate Justice of the Supreme Court race found John H. Sharp of Ellis county (incumbent) with 183,465, and his opponent, William Richard Watkins of Tarrant county, had 68,384.

In the Congressional races, runoffs seemed likely only in districts 17 and 18. In District 17, Sam Russell was leading Clyde Garrett and in District 18 Deskins Wells was leading E. T. Miller.

Other congressional races were won by: District 1, Dies; District 2, Lindsey; District 3, Ed Groves; District 4, Sam Rayburn; District 5, Hatton W. Sumner; District 6, Luther A. Johnson; District 7, Nat. Patton; District 8, Albert Thomas; District 9, J. J. Mansfield; District 10, Lynden B. Johnson; District 11, W. R. Poage; District 12, Fritz G. Lanham; District 13, Ed Groves; District 14, Richard M. Kleberg; District 15, Milton H. West; District 16, R. E. Thompson; District 19, George H. Mahon; District 20, Paul Kilday; District 21, Charles L. South; District 22.

# TAFT FIGHTS DRAFT BILL

(Continued From Page 1)

such a system 1,000,000 American youths would volunteer within three months, and a "great 150-year-old tradition intimately related to individual liberties" would be maintained.

The training bill, as revised by the military committee, authorizes the President to order registration of all men 18 to 63 years old inclusive, but War Department spokesmen indicated that the initial registration would be confined to men 21 to 30 if the bill were passed.

**Must Rehire Men**  
The committee wrote into the bill a section making it an unfair labor practice for an employer subject to the labor act to refuse to re-employ a conscript after his period of training. This section also declares it to be the sense of Congress that other employers should rehire conscripts.

House leaders have made plans to speed along other phases of the defense program.

They hope to complete action Tuesday on a bill authorizing \$58,000,000 for naval shore station and air bases, and on a \$25,000,000 fund for the Tennessee Valley Authority.

As a part of the defense program, Secretary Perkins appointed Saturday a committee of industrial safety experts to survey defense industries and endeavor to eliminate hazards to the workers.

terms or practices upon individual countries.

3. Agreement on close consultation among the republics on any "fifth column" activities endangering individual governments or the continent as a whole, and investigation of the reported abuse of immunity and privileges by some foreign diplomatic and consular agents.

The formula for dealing with the European possessions was said to be substantially the same as the "collective trusteeship" plan sponsored by the United States but the word "administration" was understood to have been substituted for "trusteeship."

**Any May Act**  
This took the shape of a declaration of principles and an attached resolution provided that any American republic or republics could act to establish temporary control over any foreign colony in this hemisphere in which another foreign power sought to acquire an interest or domination menacing the security of the continent.

The resolution constituted virtually an expression of support from the United States to American republics to the United States in enforcing the Monroe Doctrine.

A companion convention becoming operative upon ratification by two thirds (14) of the American republics would provide the machinery for administering any colonies taken over until they could be safely returned to their original sovereigns or maintain stable self-government.

**Commission to Control**  
While administered in the name of all the ratifying nations, the colonies would be subject to direct control of a commission representing a small group of countries selected on the basis of geographic, economic and strategic considerations.

The economic plans called for strengthening and expanding the inter-American financial and economic advisory committee into the chief consultative medium for subsequent individual or collective negotiations among the republics.

One of its first tasks would be a solution of the export surplus problem, possibly through their purchase and withdrawal from the market by a cooperative but largely United States financed agency, and by loans from the Import-Export Bank to governments to assist their exporters through the emergency.

**Long-Range Plan Mapped**  
Both the immediate and a long-range plan of developing the inter-American economic system through commodity trade agreements were described as designed to enable any of the republics to be independent of foreign pressure in disposition of their products.

The foreign ministers, in the preliminary agreement, were said by an authoritative source to have accomplished to a surprising degree their original purpose of strengthening and advancing the policy of solidarity among all the republics in resisting threats from other parts of the world.

These sources declared that the conference actions would constitute concrete proof of the unity and determination of the American nations that also would be surprising to nations of Europe and Asia that had looked for and sought failure at this conference.

**All Nations Helped**  
Economic measures, to be adopted here, this source said, would help all the American nations to become more independent of European customers. They are not designed for retaliation or trade wars with European countries which are willing to trade on a fair basis.

The agreement, retaining certain objectives advanced by both the United States and Argentina, was reached at a five-hour meeting of the sub-committee participated in by Secretary Cordell Hull and Leopoldo Melo, chief of the Argentine delegation.

The final proposals, probably including a general declaration of Havana on continental solidarity, were drafted for presentation to the full committee probably tonight.

**Argentine Objections Met**  
They are believed to include a sufficient number of points pressed by Argentina, the lone holdout to meet that country's objections without weakening the specific formula for control of the European-owned possessions.

They are, for instance, expected to affirm the rights of the colonies to decide their own destinies, by their own free will, including ultimate independence as long as the actions are compatible with the American declaration of solidarity.

Significantly enough, the sub-committee action was announced by Melo, who had held out against a firm stand regarding colonies because of his government's fear of offending its pre-war European customers.

**"Solidarity Triumphs"**  
Emerging from the conference room for the luncheon recess, Melo wiped his perspiring bald head and declared "American solidarity has triumphed."

He acknowledged the agreement was not all Argentina desired, but he said "we all made concessions,"

Hull, tired from the prolonged session in the role of both advocate and referee between the divergent groups, kept silent but it was reported reliably he had achieved his primary aims.

These were measures for quick action to meet any emergency arising from European-owned colonies on this side of the Atlantic and the establishment of temporary control over them until they could obtain independence or be returned to their original sovereigns.

"Everything is ironed out perfectly," declared Dr. Miguel Campa, Cuban delegate and ardent champion of an inter-American agreement concerning European colonies.

**Trusteeship A Snag**  
One knotty problem in writing the draft was understood to be the characterization of authority over any colonies which might be taken over by the 21 American republics.

The original projects laid before the sub-committee used the words "tutelage," "joint trusteeship," and "mandate." It was understood the sub-committee discarded them all and substituted the word "administration."

This action apparently was taken to stress that any action would be only temporary.

land will take off in the "Pase del Norte" with nothing but a catch of marlin on their minds. Both are experienced anglers and are certain to be in the running for the championship of this division.

F. A. Bewley of Shreveport, La., and Harry J. Robenowitz of Houston, will join forces on the "Tommy" to offer some stiff competition to the entire field of marlin addicts. Bewley boated a large marlin here last year.

Many others are registered for marlin fishing but no definite information was available Saturday night when they would start their search for the game fighters.

Entries are coming in daily for the roundup scheduled to start August 1. All classes of fish are included in the roundup with sailfish and tarpon certain to attract a number of the contestants.

Oehme urged all members to attend the annual meeting Monday at 7:30 p. m., at the Reese-Wil-Mond Hotel, and urged those who had not purchased tickets to get them from M. E. Mayo in the hotel lobby.

# CAROL LOSES MORE LANDS

## Hitler Decides For His Enemies

(Continued From Page 1)

up which, it was reported, would give parts of their country to both Hungary and Bulgaria.

An official source in Budapest, Hungary, said Germany has told Rumania to get together quickly with Hungary and Bulgaria on how much land to cede to the two countries.

Hungary long has claimed Transylvania and Bulgaria wants Dobruja back from Rumania.

However, Rumania sought a formula by which actual cession of territory to Hungary and Bulgaria would be postponed as long as possible. The Bucharest press and radio said any further surrender of Rumanian territory at this time might provoke an internal crisis.

**Sunday Parties Set**  
Hitler received Bulgaria's premier and foreign minister several hours after talking with the Rumanians. On his state for conferences Sunday are the Slovak premier and foreign minister.

With much of her oil and food supplies at stake in the Balkans, Germany repeatedly has made it clear she wants only peace there.

Hitler was reported to have insisted that Rumania, Hungary and Bulgaria get together quickly so that southeastern Europe can rest quietly while the German military machine attacks the British Isles in the expected blitzkrieg.

In Rome, it was said by a usually well-informed source that Rumania would give up part of Transylvania and the Dobruja. Others familiar with Balkan affairs predicted that in return Germany and Italy would guarantee protection from Soviet Russia to what is left of Rumania.

Only last month Bessarabia and northern Bucovina from Rumania, King Carol's harassed kingdom then turned to Hitler for help.

**Red Navy Boosted**  
Significantly, in Moscow came word from Admiral Nikolai Kuznetsov, commissar of the Soviet Russian navy, that the Red fleet would add 168 warships to its force this year.

He urged that Russia's naval power be stepped up to parity with her army and air strength.

The agreement by the peace sub-committee in Havana on a compromise plan to prevent European possessions in the Americas from falling into the hands of other European powers removed a major obstacle to the plan to weld the 21 American republics into a unit on continental protection.

The agreement was said to retain objectives offered by both the United States and Argentina. Argentina was the principal objector to the plan offered by the United States.

Great Britain, constantly strengthening her defenses against invasion, mustered the four millionth man into the country's war machine. The class of 1906, about 300,000 strong, was called up, and three more classes remain to be called under King George's proclamation.

Interpreting The War News

Ships Beating Planes?

British Navy Has Lost But One Large Ship, And Air Superiority Still Unsolved

By KIRKE L. SIMPSON  
AP War Analyst

Buried amid the rival London and Berlin claims of spectacular successes for their air forces is another item of war news of a negative but hardly less important nature.

Recapitulating Britain's naval war losses, the British admiralty said that in almost eleven months of pitched battle between British sea power and German air power no battleship had been sunk by air attack. The only capital ship which Britain admits losing is the Royal Oak, sunk at anchor in Scapa Flow months ago by a German submarine.

Considering that Britain's main battle fleet has been through recent months of duty in home waters—increasingly within reach of German bombers—that is a noteworthy matter. In the Mediterranean, British battleships also have been under air attack jeopordy ever since Italy entered the war.

RIFLE CLUB'S WORK LAUDED

Schaeffer Addresses Mercedes Meet

MERCEDES — Giving complete details of the functions of the Mercedes Junior Rifle club, sponsored by the American Legion post, O. J. Schaeffer, director and instructor for the club, was the speaker at the Thursday meeting of the Kiwanis club.

The junior organization is made up of sons of Legionnaires and is affiliated with the National Junior Rifle association, which organization furnishes the local club with sufficient ammunition and other materials. Schaeffer stressed precautionary measures taught to members of the club, and said that out of the many affiliated clubs throughout the nation, there has never been a casualty reported in the association that was caused while the member was participating in club work.

The Kiwanis members voted to meet with the Rotary and Lions Clubs Wednesday at 7:30 p.m., when a program will be presented by the Rotary Club.

Refugee Ship Arrives In Mexico; 513 Aboard

MEXICO CITY.—(AP)—The steamer Santa Dominga arrived at Puerto Mexico, Friday, with 513 Spanish refugees who fled from France before the German invasion.

The refugees, partisans of the defeated Spanish Republican regime, included 200 women and children. They were transferred from the ship Cuba at Martinique.

Some of the women and children will be taken to Perote, Veracruz, where a farm colony to accommodate 2,000 is being prepared, and the remainder will be distributed in various parts of the country.

Grasshopper Type Plane Jumps Into Air From Ground

WILLOW GROVE, Pa.—(AP)—A "grasshopper" type of airplane able to take off and land in a space no larger than a tennis court, is the aviation industry's latest contribution to flying.

Developed by the Pitcairn Autogiro Company, the new type Autogiro literally jumps in the air. Its predecessors could land at a dead stop, but required a runway for the takeoff.

In its first public demonstrations the new ship leaped skyward more than 20 feet, easily clearing an 18-foot-high rope barrier.

Bulgarians Confer With Adolf Hitler

The Bulgarians were received in the presence of Foreign Minister Joachim von Ribbentrop.

Dutch Peace Talk Surprises Germans

BERLIN.—(AP)—German officials said Saturday they were astonished that the Dutch Hilversum radio had broadcast Friday the report of a peace mediation appeal to President Roosevelt on behalf of "The Netherlands committee for organization of an international peace conference at the Hague."

They said, however, that the recent speech of British Foreign Minister Lord Halifax, rejecting Adolf Hitler's Reichstag peace offer, had closed all discussion of peace, therefore any rumors of a new German offer are "too silly for an official rejoinder."

Prisoners Not Wanted Nazis Push French Home; Can't Feed Them

BERN, Switzerland.—(AP)—In an effort to reduce the millions of hungry mouths in Germany, 14 portions of France, the German army of occupation is reported to be releasing hundreds of thousands of imprisoned French soldiers and showing them across the demarcation line into French-ruled territory, it was reported Saturday.

Released prisoners whose homes

are in the unoccupied zone are delighted, but officials of the Vichy government already hard-pressed for food supplies, are described as frightened and perplexed by the problem of feeding the former soldiers.

Travelers arriving here said the Germans were herding the disarmed French soldiers across the line regardless of whether their homes were in occupied or unoccupied territory.

DISTRICT ATTORNEY RACE

# ELECTION WAS AMONG TEXAS' MOST BITTER

## Started Slowly But Gained Speed

By DAVE CHEAVENS  
Associated Press Staff  
Saturday's voting closed one of  
the most bitter and hotly contested  
gubernatorial campaigns in Texas'  
history.

The race got off to a wobbly start but finished in a whirlwind of interest by voters surfeited with war news and finally aware that an election was on.

**Pension Finance Problem**  
Almost lost sight of in the midst of the stinging personalities was the fact that the basic and serious issue of the campaign was how Texas would finance its social security commitments, especially old age pensions. All five of the candidates opposing Gov. W. Lee O'Daniel declared themselves strenuously against a sales tax, O'Daniel, blaming the legislature for the failure to pass a revenue measure, announced he would sign any tax bill put before him.

Not until the last votes are counted in the legislative races will it be possible to appraise the public's full reaction to the tax issue. Thirty-three members of the determined 56 who blocked S.J.R. 12 were up for re-election, three of them unopposed. Sixty-four of the 93 members regarded as friendly to the sales tax ran again, 17 without opposition. Of the same group, 29 did not run for re-election.

After O'Daniel announced early in his campaign that he would probably make only one stump speech, then a few days later hit the road on a trying itinerary including many a tank-town stop as well as big-city rallies, his opponents gleefully shouted they had smoked him out. "O'Daniel, who has exuded confidence in every aspect, brushes this aside with the answer that he was not campaigning to win votes in the race for governor.

**"We Have A Governor"**

"It isn't a governor we need," he said, "but a legislature. You have a governor already."

He was so confident of victory that he invited his friends to come to Austin for a triumphant celebration at the mansion, predicting he would get from 70 to 75 per cent of the votes in the first primary.

Throughout his campaign he attacked "oligarchic" government by Austin burners, charging they had usurped executive, legislative and even judicial powers. After the hillbilly boys and girls had opened his rallies with the same brand of music that accompanied the "common man" appeal of his astounding 1938 campaign, he would launch into half-jesting references to all his foes as "snakes and vipers." He reviewed his deadlock with the legislature, then told the people what they could do about electing a new body of lawmakers. After his big new sound truck drew the barbs of opponents, he spent some time pointing out how little it cost.

O'Daniel Toss Issue

For the most part, O'Daniel's opponents made O'Daniel the issue but they also hammered heavily at the sales tax.

Harry Hines had very little to say about O'Daniel personally; in the opening weeks of his campaign, but toward the end he spoke harshly of what he called the "fantastic" old-age pension promises made by the governor.

The highway commissioner said he was "no Moses come to lead the people," but promised a common-sense administration and a revenue plan that contemplated the raising of \$15,000,000 new state income by moderate taxes on natural resources. He spoke at many country gatherings, minus music.

**It Was Norway. Then**  
As far back as April 27, 1940, a candidate dared to open the campaign in the face of public concentration on the struggle in Europe. Readers whose memories may have been fogged by subsequent events are reminded the world battle then centered in Norway.

On that date, Mrs. Miriam A. Ferguson told a crowd of Waco voters that she was entering the gubernatorial race in answer to the "call to duty." Depending confidence upon their "old guard" friends to carry the burden for them, Mrs. Ferguson and Ferguson made very few speeches and appointed those in such popular centers as Waco, San Antonio, Corsicana and Fort Worth, Texas, to read many of her broadsheet speeches. The aging Ferguson looked his old-time fire in modern platform appearances.

Ferguson started his campaign without direct reference to W. Lee O'Daniel, having previously stated there would be no bitterness toward the governor. He closed his campaign at Fort Worth with a sharp attack on O'Daniel's record in office plus such references to the governor as:

**Turns To Criticism**  
"With nothing else to recommend him, O'Daniel has chosen to play the banjo and the guitar accompanied by a bull fiddle. He seems to have no other ambition than to develop the talent of a travelling artist."

The Ferguson platform pledged financing of social security obligations by a gross receipts tax which they frequently defended as being in any manner a sales tax.

Ernest O. Thompson, also campaigning without musical aid, brought up O'Daniel's war record, called his own as a World War colonel, and characterized O'Daniel as a "big spender."

### HOW WILLACY COUNTY VOTED FOR ITS OFFICIALS

l as a "do-nothing governor"  
 and the "greatest failure" as  
 a chief executive the state has ever  
 had. He also called O'Daniel a  
 Republican.

The railroad commissioner re-  
 ferred often to his efforts in be-  
 half of oil conservation, urged con-  
 servation of the soil, and contin-  
 ually cried out against the show-  
 manship of O'Daniel's campaign.  
 He plugged for increased taxes on  
 oil, gas, sulphur and carbon black to  
 pay the social security bill, and  
 promised to veto any sales tax that  
 came to his desk as governor.  
 Likewise Hines, Jerry Sadler, and  
 Arlon B. Cyclone Davis went down  
 the line against a sales tax, while  
 Ferguson asserted his plan was in  
 no wise a sales tax.

**Sadler Had Band**  
 Sadler campaigned with a hill-

## CUT IN RATE FOR CANNED GOODS SEEN

### Reduction In Freight Levies Granted

WESLACO — New freight rates a third lower than the existing schedules have gone into effect on Valley canned goods to points within the state, placing them on a competitive basis with canned goods produced outside of Texas which have been enjoying an advantage to date.

James A. Burch, secretary of the South Texas Canners Association which asked for the reduced rates, has been advised by C. R. McNamara, chief rate expert of the Texas Railroad Commission, that the new schedules have been granted.

**Privileges Are Granted**  
All Valley canned goods have been placed on a group or common point basis, based on the mileage from Harlingen to destination. Burch advised members of the association that storage in transit privileges also have been granted. Goods may be shipped from the cannery to other points for storage and later reshipped to other interior Texas destinations at the through rate from point of origin plus \$6.93 per outbound car from the point of storage.

These new rates will offer cannery and producers to reach Texas markets in competition with other sections outside the state," Burch said. "Particularly will this be true of the Ozark and Baltimore sections."

**Comparison Is Listed**  
These new rates are based upon a 50,000 pound minimum. The rate on 20,000 pounds and under the new minimum may be shipped at a rate five cents per hundred pounds over the new minimum.

Here is a comparison of the old and new rates to some points:  
Abilene 46 cents and 33 cents; Austin 38 cents and 24 cents; Dallas 43 and 30 cents; El Paso 59 and 42 cents; San Antonio 30 and 22 cents; Wichita Falls 48 and 35 cents.

#### 4-H Club Members Ask Civic Work

McALLEN — Aaron Reynolds of McAllen, whom the McAllen Chamber of Commerce sent to the recent 4-H Club meeting at College Station, told directors Saturday that all Hidalgo County 4-H Club members, boys and girls, are eager and glad to assist service clubs and other civic organizations.

Young Reynolds declared the group wants to participate in as many civic activities as possible. He won second place in the field crop judging at College Station. One of the most interesting phases of the meeting, he said, was the fact that sessions were conducted by the 4-H Club members themselves.

#### Ruby Keeler Does Not Like Jolson's Lines; Quits Show

CHICAGO — (AP) — Ruby Keeler and Al Jolson, who separated maritally, will part company on the stage as well.

Jolson, producer and star of the musical "Hold On to Your Hats," has agreed to release his former wife from her contract with the show, it was announced.

Miss Keeler said she felt unhappy and uncomfortable being in the same show as her former husband; that she didn't like his lib references to their married life.

#### Mercedes Gets Map Of Water Project

MERCEDES — The Mercedes Chamber of Commerce is in receipt of a map from Congressman Milton H. West, showing the proposed Rio Grande river water diversion plan. According to the map, the water from a huge canal will be diverted by gravity at a bend in the river about 10 miles above Zapata. The canal will extend over a stretch of 168.39 miles from its point of diversion to Brownsville and will include the construction of the Los Cimos reservoir at Rio Grande City and a large reservoir at Mission.

A federal appropriation of approximately \$30,000,000 is being requested by Congressman West.

#### Baby Weighing 20 Pounds Is Reported

POPULAR BLUFF — (AP) — A baby which "undoubtedly weighed 20 pounds at birth" was reported here Friday night by County Health Officer J. W. McPheters.

The baby, a girl, was born 10 days ago to Mr. and Mrs. Joseph Hunter, Negroes, of nearby Morocco. Hunter claimed the child, their tenth, weighed 20 pounds at birth. McPheters said the child weighed 16 pounds 2 ounces Friday and since a new-born baby normally loses some weight, it could, he added, easily have weighed what the father claimed at birth.

#### Oklahoma's Crude Production Is Cut

OKLAHOMA CITY — (AP) — Oklahoma lopped 18,100 barrels a day from its August oil quota Friday in the hope it would bring a parade of oil state reductions to bring stabilization to the industry.

Conservation Officer W. J. Armstrong, in recommending an allowable of 300,000 barrels daily, expressed belief the state had kept in step with demand better than its neighbors, but said Oklahoma should help bring the Federal Bureau of Mines estimates.

## Combine Mint, Suh, With Grapefruit Juice From Valley And Get Cool Drink

### SPEAKS HERE

McALLEN—Here's a new hot weather suggestion—cool mint and grapefruit.

C. E. Korns of Troy, Ohio, a McAllen winter visitor, this week sent the McAllen Chamber of Commerce a clipping from the Dayton (Ohio) Journal, with the following description of the cooling drink:

It's an old Southern custom, but from the land of mint and grapefruit comes the best idea in years for a summer combination that

will keep you cool and calm through summer doldrums. You guess it—it's mint and grapefruit, and unlike the ancient mariner, we need have no fears of being de-calmed by the heat while there are long cooling grapefruit-and-mint drinks; refreshing sherbets and salads that will make you shiver. The secret is right under your thumb (or on a hook in the kitchen)—for it's your trusty can opener.

You may lack a vine-covered veranda, and the days of hoop skirts for all-day wear may be over, but as long as you have a can opener, a can of grapefruit juice or sections and a sprig of mint, your warm-weather menu worries are over. Try these ideas for coolness: sweet sake, not forsaking flavor, and the recipes that follow for entrees:

Try this on your next broiled denizen of the deep: Put fish on large platter, surround completely with canned grapefruit sections. Sprinkle liberally with grapefruit juice, then with finely chopped mint leaves. Your fish will be a "king fish."

Melt two or three tablespoons of mint jelly with a tablespoon of canned grapefruit juice; pour over canned grapefruit sections in a sherbet glass, garnish with sprigs of mint and serve as an appetizer.

Make "Teetotaler's Julep" like this: Fill a shaker with crushed ice and canned grapefruit juice. Add two tablespoons of confectioner's sugar (less if juice is sweetened), and add finely chopped mint leaves. Shake until sugar is well dissolved and mint is distributed throughout. Strain over crushed or shaved ice into iced, sugared glasses; garnish with sprig of fresh mint. Serve with a straw. Several after-dinner mints may be dissolved along with the sugar, if desired.

Minted fruit cup: Fill sherbet glasses with citrus salad (orange and grapefruit sections and juice), dissolve three after-dinner mints in one tablespoon of citrus-salad juice for each fruit cup; pour over fruit. Garnish with sprig of fresh mint, served cold.

Mint Freeze  
1-3 cup white cream syrup  
6 stalks fresh mint  
Drain grapefruit sections. Combine grapefruit juice, cream syrup and mint in a saucepan and heat; do not boil. Remove from heat and let stand until cool; remove mint stalks. Combine liquid with grapefruit sections. Pour into tray of automatic refrigerator and freeze until firm, but not hard. Makes four servings.

Mint Citrus-Ade  
1-2 cup sugar syrup  
6 stalks fresh mint  
2 tablespoons lemon juice  
1 cup canned grapefruit juice  
1-2 cup water  
2 cups ginger ale  
Remove tips from the mint; crush the stalks in the hot sugar syrup (made by stirring 1-2 cup sugar and 1-2 cup water in a saucepan over direct heat until sugar is dissolved). Let the tips stand 1-2 hour; strain. Add lemon juice, grapefruit juice and water if necessary. Chill, and, just before serving, add ginger ale. Garnish with additional mint and serve cold.

#### Another American Is Killed In War

WASHINGTON — (AP) — A second American citizen has been slain in the European war, but no United States protest is expected, inasmuch as the man, Meyer Lax, killed in Palestine, was in a belligerent area at his own risk.

The State Department was informed that Lax was one of 48 killed in an Italian air attack on the city of Haifa.

## PAA PILOT IS MOVED HERE

### Frank Glen To Rank As Captain

BROWNSVILLE — Frank P. Glen, who has been flying the Pacific division of Pan American Airways as a co-pilot, has been transferred to the western division of PAA here.

He is to complete his pilot training on PAA's western division, and will be "checked-out" as a captain. For four and one-half years, he has been serving as a co-pilot on the eastern and Pacific divisions of PAA. He has made 15 round trips between San Francisco and Hong Kong.

Native of Beaumont, Glen is a graduate of Nazki and Kelly fields, and served a year each at Langley and Barksdale fields with the U. S. army air corps. He holds a reserve lieutenant's commission.

### Rifle Shown

#### Donna Legion Views New Weapon

DONNA — Captain W. L. Williams, Company "M," 141st Infantry, Texas National Guard, of San Benito, assisted by Sgts. Mim, and Crow, and Private Don Pfeiffer, gave an interesting demonstration of the new semi-automatic Garand rifle and also explained in detail the modern machine gun. Fifteen hundred rounds of ammunition was fired over the small pistol range in the Donna American Legion Hall, one of the machine guns being fitted with a 22-caliber chamber. An electric eye machine gun was also demonstrated, this gun being used by the National Guard in training recruits in order to save ammunition.

About 50 Boy Scouts, and legionnaires were allowed to fire the gun and were given instruction in aiming and trigger pull. The meeting was attended by several hundred interested citizens. Capt. Williams complimented Donna for its interest and stated that a Donna boy, Private Crawley was one of his most promising recruits. Private Crawley is now at Citizens Military Training Camp but will join the National Guard during their two weeks training at Ft. Benning, Ga. on August 10.

#### Charles C. Stewart Family Returns

BROWNSVILLE—Assistant Postmaster Charles C. Stewart, and family, have returned from an extended automobile trip to New York, Washington and Richmond, Va.

They spent about two weeks in Richmond, Va., while Kelsey Stewart, 13, underwent an appendicitis operation. The trip was made by Mr. and Mrs. Stewart and sons, Kelsey and Chilton.

## HOUSTON SETS COTTON MARK

### Coastwise Movement At Record High

HOUSTON — (AP) — With three days to go before the cotton season ends, Houston has established a new record in the coastwise shipment of the staple.

The figure is 240,462 bales, compared with the highest previous record, set in the 1936-1937 season, of 201,944 bales. Last year the volume was 175,912 bales.

The foreign movement, while ahead of the past several years, is far short of a high mark. Stimulated by the export subsidy, the movement abroad began at a swift pace. Late in 1939, however, the government abandoned the subsidy, and Europe's conflict further reduced shipments to foreign lands.

Since last August 1, 1,716,463 bales moved abroad, compared to the previous seasonal figure of 956,631. The record year for Port Houston was 1931-1932, when 2,855,094 bales were shipped.

#### Bessarabians May Move Into Russia

MOSCOW — (AP) — The Rumanian ministry of foreign affairs has assured the Soviet French office that no further obstacles would be placed in the way of Bessarabians wishing to move from Rumania into the territory recently surrendered to Soviet Russia, it was announced Saturday.

About 15,000 Bessarabians living in other parts of Rumania when the province itself was handed over to Russia already have returned to their homeland, the official Soviet news agency, Tass, reported.

## Mussolini Shows World He's Healthy By Hard Day Of Exercise; Nearing 57

### Jumps Hurdles On Horse, Plays Tennis Set

By RICHARD G. MASSOCK

ROME — (AP) — Premier Mussolini put his German calvary mare over the hurdles Saturday before 45 foreign correspondents that they might see how fit he is as he nears the end of his 56th year.

After 10 minutes of strenuous horsemanship the Duce reined in his mount, turned to a group of Nazi correspondents and asked in German:

"Am I sick, weak, tired?" His query required no answer. Mussolini, who will celebrate his birthday Monday, permitted the correspondents to view his early morning exercises on the vast, tree-shaded grounds of his Villa Torlonia residence in Rome.

I had asked about his daily routine as the leader of the Italian nation at war and it was in response to this query that the Duce admitted a selected group of correspondents to his home. The newspapermen were driven to Villa Torlonia in two buses provided by the ministry of popular culture. Nine Americans and 16 Germans were included in the party.

The Germans were stationed first around the ring, then the Americans and finally those of other nationalities. The only request made of the correspondents was that they refrain from smoking in the presence of the Duce.

Mussolini rode into the ring a few moments later, wearing a white military cap, undershirt, grey breeches and boots. A white

Greeted Correspondents  
With the premier were his riding master, Console Ridolfi, an officer in the Fascist militia, and two troopers. Mussolini rode along the fence where the correspondents were introduced to him individually. He responded by smiling, speaking the names of some and waving a greeting to those he knew.

## VALLEY-WIDE LEGAL GROUP TO ORGANIZE

### Meeting Is Called By Judge Hutcheson

BROWNSVILLE — A Valley-wide division of the University of Texas Law School Association will be organized at a banquet Monday at 7:30 p.m. at the Hotel El Jardin.

The meeting is being called by Federal Judge Joseph C. Hutcheson, Jr., of the U. S. fifth circuit court of appeals, New Orleans, who is to preside Monday and Tuesday at a special session of U. S. district court here.

Judge Hutcheson, who lives in Houston, is president of the University of Texas Law School Association.

All ex-students of the University of Texas law school are urged to attend the organizational meeting.

Abney Chairman  
Banquet chairman is James L. Abney, U. S. assistant district attorney here. Reservations may also be made with Paul H. Brown, Harlingen, and Vernon Hill, Mission. The dinner tickets are 75 cents.

Mr. Abney said that all reservations should be made, and reported to him by Monday noon.

Davenport To Preside  
The main address will be made by Judge Hutcheson, who is also expected to discuss the new rules of civil procedure for state courts. Presiding will be Harbert Davenport of Brownsville.

The brief session of federal court here is to be held to clear the dock of pending cases.

## New Oil Area

### Nebraska Gets Its First Producer

FALLS CITY, Neb. — (AP) — Nebraska, on the verge of becoming an "official" commercial oil producer, looked at the black fluid Saturday as a possible solution to problems arising from repeated drought and crop failure.

A workman opened a valve Saturday morning for the last day of the Pawnee Royalty Company's 60-day test run of its Bucholz well near here for the state's \$15,000 bonus for the first commercial producer.

All that remained was for two state inspectors, who already had seen nearly 10,000 barrels of oil flow from the hole in 50 days, to watch Saturday's daily requirement of 50 barrels run out.

Although the Nebraska legislature offered the bonus, it neglected to appropriate the money, so B. G. Quinn of Clayton, Tex., and his brother, W. A. Quinn of San Angelo, Tex., Pawnee owners, will have to wait until next January for their money.

### Seed Of Grapefruit Seen Valuable Now

WINTER HAVEN, Fla. — Grapefruit seeds that are a bother to housewives in preparation of fruit for the table and have also been a waste to canners may be the source of valuable oils, according to the citrus products laboratory here. Grapefruit seeds contain an oil that can be extracted at reasonable cost and a commercial plant here has adopted the new process worked out by U. S. chemists here.

Last season the plant produced 90,000 pounds of the crude oil, which has a ready market because it is used in sulfonated form in textile dyeing.

### Bronco Reputation Is Lost To Rider

CHEYENNE, Wyo. — (AP) — A bucking bronco named "Empty Saddle" lost his reputation as a "Devil Horse" when he was ridden Friday by George House of Sterling, Colo., at the 44th Annual Frontier Days Rodeo.

Kid Roberts of Strong City, Kan., gave the day's top ride in the Brahman steer riding event.

James Kinney of Comstock, Tex., scored the best time of the day in the calf roping event—21 seconds. Clarence Darnell of Apache, Ariz., was second with 21.2 seconds.

### Guardsmen Will Get Job Pay While Away

BIRMINGHAM, Ala. — (AP) — The Tennessee Coal and Railroad Co., which lists approximately 100 Alabama national guardsmen among its employees, announced Friday it would grant leaves of absence without loss of pay for the Third Army maneuvers Aug. 4-24.

The announcement was in line with the requests of Gov. Frank M. Dixon to employers of national guardsmen.

### Mexican Congress Will Open Monday

MEXICO CITY — (AP) — It was announced Saturday that Congress would begin consideration Monday of President Cardenas' projected law for establishing universal compulsory military service in Mexico. ## When Bullets End Manhunt

Members of a sheriff's posse are shown above walking with Americo Bragg, 48, just after he had shot himself as the posse closed in near Pajuma, Calif. Bragg, the officers said, shot and killed Mrs. Louise Carmichael, 48, whose body was found in his car. The officers said Bragg kidnapped Mrs. Carmichael after shooting and critically wounding her sister, Miss Olympia Garzoli, 53. The women, members of a pioneer Marin and Contra Costa county family employed by Bragg on their ranch, Bragg was not expected to live.

## San Juan Boy Enters State Driving Event

SAN JUAN—Tusten E. Stugard, 15, son of Mr. and Mrs. Burl Stugard of San Juan, is one of the five boys entered in the Texas finals of the Ford Good Drivers League nationwide driving contest. He completed his final driving test Thursday at the State Highway Patrol office at San Antonio, under the supervision of Patrolman E. R. Neill.

A total of \$30,000 in prizes, including 48 university scholarships and 56 free trips to the New York World's Fair will be given in the nationwide contest, sponsored by the Ford Motor Company. The winner of the Texas contest, in which Stugard participated, will be given, along with a parent or sponsor, a free trip to New York to compete in the national finals during the week of August 26. Results of the contest will be studied by league officials at Dearborn, Mich., before the Texas winner is named.

The final test included parking in uphill and downhill situations, stopping and starting on hills, stopping in a limited space, and other automobile maneuvers.

Young Stugard was a member of the winning team for the Hidalgo County championship in 1940. He placed second in the state music contest at San Antonio in 1938, playing a French horn. Tusten has driven an automobile for more than four years.

## BUS PURCHASE IS CONSIDERED

### McAllen Board May Buy Equipment

McALLEN—School board members are expected to meet Monday for further consideration of the purchase of two buses.

Board members George Chapapas and W. E. Crawford Saturday completed their analysis of specifications for the vehicles, and the financial angles will be studied Monday.

The new buses would carry from 45 to 55 students each. Chapapas said the cost would range from \$2,100 to \$2,250 each.

"There is ample time in which to complete purchase arrangements and secure delivery of the buses before school opens in September if the board decides to add the equipment," Chapapas said.

The district bought a 80-passenger conveyance last year. Chapapas said he believed the district could save money by owning its own buses since private drivers are paid five cents a student for bringing them to school.

## Union Protests So Poor Children Get No Free Haircuts

RICHMOND, Va. — (AP) — Richmond firemen, whose hobby for more than 80 years has been free trimming of poor children's hair, must put away their scissors.

A traveling representative of a barber's union registered a complaint, and Safety Director John A. Cuthbert held that the firemen were violating the sanitary provisions of a city ordinance and must stop the hair cutting.

## Export Ban Is Said Aimed At Japanese

NEW YORK — (AP) — The opinion that new United States regulations governing the export of oil and scrap iron are aimed primarily at Japan was expressed Saturday by a Berlin news commentator in a broadcast heard here by NBC.

The regulations, the commentator said, represent the strongest economic weapon the United States could use against Japan.

## Book Will Portray Work Of Cardenas

MEXICO CITY — (AP) — The Department of the Interior reported that various government agencies were collaborating on an encyclopedic volume which would survey the accomplishment of President Cardenas' revolutionary six-year administration.

The volume, copiously illustrated with photographs and charts, is being written with the aim of widespread distribution among the Mexican people.

## REYNOSA C. C. URGES CONSUL

### Mexican Government, Envoy Appealed To

McALLEN — Mexican Consul Lauro Izaguirre of McAllen announced Saturday that Reynosa Chamber of Commerce officials have asked their government to request the United States for a permanent consular office at the neighboring border city.

Requests have been sent to Mexican Ambassador Francisco Castillo Najera at Washington, D. C., and to the Ministry of Foreign Affairs at Mexico City, Izaguirre said.

"The Reynosa Chamber of Commerce officials informed Ambassador Najera and the ministry of foreign affairs that establishment of a permanent United States consulate there will be of great benefit to both McAllen and Reynosa," the consul said.

"Trade between the two cities has been increasing steadily and a larger volume is anticipated."

U. S. Vice Consul James G. Byington of Torreon has been stationed at Reynosa temporarily to visa passports of Mexican citizens desiring to visit McAllen and other Valley cities.

## No War Jitters

### Valley Gets Publicity For Building

McALLEN — Ralph Bradford, secretary of the Chamber of Commerce of the United States, will conduct a chamber of commerce clinic at Northwestern University August 18, will use material from McAllen.

Bradford will tell attendants at the clinic that the citizens of McAllen are constructing a chamber of commerce building addition in the face of "jitters" conditions shown in other sections of the United States.

McAllen's activity will be cited as an example of business going on as usual and as an example of what can be done under the proper leadership. Bradford will use the data at his own suggestion, local chamber officials said.

## French Money Set Aside For Aviation Reported Misused

VICHY, France. — (AP) — Rene Fouché, French chief who was credited with 75 victories in the World War, said Saturday the French air force had made a miserable showing in the current war because money intended for strengthening it had apparently never been used for that purpose.

Sufficient credits were voted by the government to build an air force equal to Germany's, Fouché said, and added: "no one knew where the money went."

The material deficiencies, he declared, were due in part to the incompetence and inertia of men in posts of command.

## Wins At Races So Gives Kiddies Big Load Of Ice Cream

BOSTON — (AP) — John Reno of East Boston, a summer time Santa Claus, did his bit to relieve the heat which gripped the city Friday night.

He won \$180 at Suffolk Downs in the afternoon, hitting the double and four other races, and used \$25 of it in the evening to buy out a truckload of ice cream to feed to the kids in his sweltering neighborhood.

## French To Initiate Movement Of Youth

VICHY, France. — (AP) — Establishment of a youth movement to be known as "Companions of France" for boys between the ages of 15 and 20 was indicated Saturday in press reports.

The boys, the press said, will live in camps learning trades and receiving "physical and moral education."

## Cotton Belt Cash

In the six-year period from 1924 to 1929 the cash income of production from sales of cotton and cottonseed averaged \$1,537,000,000 annually. For the year ending July 31, 1939, it was \$629,459,000, or 40 percent of the pre-depression average.

## New Appointee

### Pena Special Agent For Insurance Co.

McALLEN—The Reserve Loan Life Insurance Company of Texas, with headquarters in Dallas, takes pleasure in announcing the appointment of Manuel M. Pena, Jr., of Mission, as its special agent in the Rio Grande Valley. Pena, a promising young law student of Texas University, has Valley offices in the First State Bank Bldg., Mission. (Adv.)

## Tots Parade In U. S. -- For Health

### Strange Parade In Ohio As Diabetic Children Take Insulin

CLEVELAND — (AP) — A bugle sounded "reveille" in Ohio's dawn Saturday. Fifty boys and girls scurried to wash and dress, and then in form as strange a "parade" as ever has been seen in a children's summer camp.

It was the "insulin parade" of camp Ho Mita Koda, a vacation spot for diabetic children.

Five to 18 years old, they lined up to receive the daily injections which spell the difference between life and death to these 50 boys and girls.

They were chubby and cheerful. There were no sad faces.

Their minds, quite obviously, were upon the adjacent dining room, where breakfast wound up the "insulin parade."

Their breakfast was carefully prepared, as all the meals of diabetic persons must be, but the casual observer could not differentiate it from the meals served in any of America's thousands of summer camps. And the activities ahead were little different from the recreations that crowd the program of any camp—swimming, volleyball, tennis, archery, handicraft, baseball.

Sunday the camp closes its annual session of a month, and the children will return to their homes in nine states. They will go back fortified in health. But more important, says Dr. Henry J. John, the camp sponsor, they will go away knowing that children suffering from diabetes still can have fun.

## GARNER CASTS VOTE NUMBER 1

### Returns To Routine Life At Uvalde

UVALDE, Tex. — (AP) — Vice President John N. Garner, who came home from Washington to vote in the primaries and took after his banty chickens, attended to his voting chores Saturday morning as soon as the polls opened here.

So early that few people were about, Mr. and Mrs. Garner walked to the polls from their home three blocks away, cast votes No. 1 and 2 respectively, and walked home again.

Wanted To Fish  
The vice president planned a fishing trip Saturday but his fishing crony, garage owner Ross Brumfield, called off the expedition because he "had too much work at the shop."

Mrs. Garner said that since fishing was off the schedule, her husband would spend the remainder of the day reading, relaxing and perhaps listening to radio election returns in the late afternoon and evening.

Resume Old Routine  
Since returning to Uvalde, the Garners have followed their usual homely routine of simple living and small pleasures. The town, in turn, has altered its routine little except at the post office where the vice president's homecoming has meant the arrival of several hundred additional letters each day.

## Secret Debate Set For British House

LONDON — (AP) — Prime Minister Winston Churchill will open secret debate on foreign affairs in the House of Commons Tuesday and make his first speech on that subject since he succeeded Neville Chamberlain. It was authoritatively reported Saturday.

The British attitude toward affairs in the Balkans, Far Eastern questions and the position of Russia, were expected to be discussed. It was understood Churchill may make a public speech before the secret session.

## U. S. Envoy To Rome Will Take Vacation

ROME — (AP) — U. S. Ambassador William Phillips plans to leave Rome Monday for a brief vacation in the United States.

He will be accompanied by Ambassador John Cudahy, who is returning to Washington from Brussels. Cudahy left the Belgian capital after Germany asked all foreign diplomats to leave Belgium and The Netherlands.

## Soviet To Increase Size Of Its Fleet

MOSCOW — (AP) — Admiral Nikolai Kuznetsov, commissar of the navy, disclosed Saturday night that Soviet Russia would add 168 warships to her fleet this year and urged that Russian naval power be stepped up to parity with the country's army and air strength.

## Panama Canal Defenses Are Tested In Surprise Attack

### Listening Devices Warned Of Raiders Hour Before They Arrived; U. S. Satisfied

BALBOA, Canal Zone. — (AP) — The Panama Canal Zone defenses were checked for possible loopholes Saturday after according a hot reception to swarms of "enemy" planes which roared across the narrow isthmus Friday night in a surprise attack simulating modern blitzkrieg methods, and, incidentally, catching defense officers in their dinner clothes.

Pending an analysis of detailed field reports, staff officers would not say whether the defenders had scored an unqualified victory, but their grim smiles indicated they were far from dissatisfied with the protectors of the canal, a vital key to western hemisphere defense.

## MEXICAN OIL STRIKE SEEN

### 18,000 Employees To Quit Monday

MEXICO CITY — (AP) — The militant petroleum workers union was reported Friday night to have ordered its 18,000 members to stage a 24-hour walkout Monday in protest against President Cardenas' decree reorganizing the government oil industry.

An officer of the union said Secretary-General Rafael Suarez secretly had sent urgent telegrams to all 32 regional committees instructing them to call out workers under their jurisdiction at 10 a.m. Monday "unless contrary orders should be received," effecting a general tie-up of the industry.

The telegram also asked the committees to telegraph messages attacking the wage cuts and other economies embodied in the decree to Cardenas, to Congress and to the Department of Labor.

This drastic action by the union, which during months of negotiations has opposed various economy programs put forward by Cardenas to stave the financial difficulties of the deficit-harassed industry, would be its first open conflict with the President and might signal a large-scale struggle.

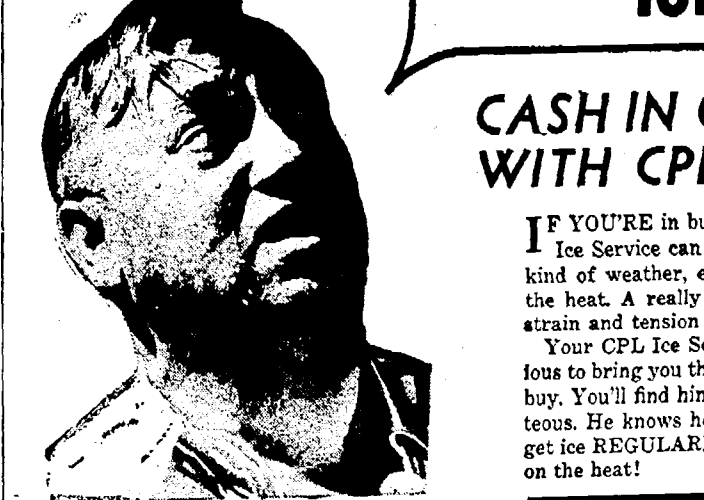

## McAllen Man Seeks More Foreign Trade

McALLEN—Albert Chaleff of the McAllen Chamber of Commerce foreign relations committee, has returned from a business trip to Laredo, San Antonio, Dallas and Houston.

He conferred with chambers of commerce officials in those cities relative to cooperative action on the border to stimulate trade from Mexico. Chaleff suggested a state committee be formed to work on the matter.

## Dutch To Slaughter Chickens For Lack Of Sufficient Feed

## VALLEY CLUB FETE SLATED

### Weslaco, Edinburg Groups To Meet

WESLACO—Plans for a joint meeting were discussed by the 20-30 Club, to be held with the Edinburg club August 14 at the local meeting this week.

During the business session in charge of Jack Hays, president, a report of the community club project was filed by Lyle Grace, Joe Davidson and Tom Sammons. All profits over the \$15 weekly salary and incidentals will go for charity, with "Safety Salles." Sea Scout, milk project and relief included.

Ten "Safety Salles" have been bought and will be placed near local schools.

Herb Rich gave the report on the 20-30 magazine and Zeb Rike outlined the details of the charter night for the Edinburg club, which will be held to Valley clubs.

Hays introduced as guests at the dinner Bonner Wooten and Loren Hamme of Edinburg and Paul Shuford of Weslaco.

Following the meeting, the community club project members met for the first session, selecting John L. Compere as the first president for the week's activity. The members are urged to keep up dues to be eligible for the presidency later.

## 27 Is Too Many

### Postman Gets Fine For Hitting Dog

PORTLAND, Ore. — (AP) — Mail Carrier Lowery Huey has been bitten by dogs 27 times during his 13 years of lugging letters.

But on the 27th occasion he lost his temper, heaved a pair of grass shears at the offending pooch and annihilated it. He was haled into court on a charge of damaging personal property.

After hearing Huey's testimony and expressing belief 26 previous bittings were a mitigating factor, Municipal Judge Julius Cohn imposed a \$50 fine and 50-day jail term. However, the judge ruled Huey needn't serve the 50 days if he apologizes to the dog's owner.

## Two Families Go To McAllen Daily

McALLEN—Mrs. Ernest Hawley, the city's tourist hostess, declared Saturday that new families are moving to McAllen at the rate of two per day on the average, a movement which has continued through most of the summer.

Analysis of the records compiled by Mrs. Hawley showed such interesting features as, 10 Baptist families moving here in 11 days; newcomers from five different states; most of the new residents from Texas and many of these from other Valley cities.

# 'Change Of Pace' Fails

## Nazis Suddenly Shift From Sea Lanes To British Shores In Air Raids

LONDON—(AP)—Targets ashore bore the brunt of German air attack Saturday as Nazi pilots roared across Britain's coasts for the third successive day of intensive bombing raids.

If the switch from forays on British sea lanes was intended to catch the home defense off guard, it appeared to have failed.

At least four raids were shot down—raising Britain's three-day bag of Nazi bombers to 33—and, despite admitted damage and casualties, there was no acknowledgment of any military objective being hit.

Two German raiders were downed this morning.

The air ministry later reported two more enemy aircraft were shot down off the southeast coast by British fighter planes and that one British plane is missing from patrol.

# THREE CITIES SEEK DATA ON NEW AIRFIELD

## Engineering Details Must Be Given

McALLEN—Major Edward M. Haight, planning engineer for the Texas Aeronautics Advisory Committee, told representatives of Mission, Edinburg and McAllen at a meeting here Friday that engineers' plans for a proposed Upper Valley airport will be a prerequisite to consideration by the War Department for establishment of a military field to serve the territory.

Major Haight, after making a state-wide survey for the Texas advisory committee, had recommended an airfield to serve the three cities. He went into a detailed explanation of requirements Friday, declaring that a map and facts, presented technically, would be necessary even to try to interest the War Department in the possibility of the proposed field.

Haight and Eugene Carter, representing a Fort Worth engineering firm, were taken by Walter Fullwood and Bob Miller on an airplane survey of the Upper Valley and later made ground inspections.

Mayor Logan Duncan of Mission was chairman of the meeting and J. D. Courtney, Edinburg, was secretary. Others attending were D. F. Strickland, J. F. Frank, Bob Smith, Ted Melden, all of Mission; Grady Talley and A. M. Turbitt, Edinburg; H. H. Hensley, Miller, John Pryor, St. Chasdy and Paul T. Vickers, McAllen.

# Nazis Buying

## Anticipate Victory; Order Goods

NEW YORK—(AP)—The New York Times said Saturday that exporters had charged German-owned companies with buying goods in the United States to cover orders taken in anticipation of a Nazi war victory.

The exporters, the newspaper said, claimed Germany quietly was "hedging" the commitments in this market after reaping propaganda benefits from taking orders in Latin America for October delivery and posting cash guarantees as indications of confidence in a quick victory.

Orders were said to have been placed here for chemicals, metal products and other merchandise by German companies in Argentina, Mexico, Brazil and other Latin American countries.

# 22 Lost As British Trawlers Are Sunk

LONDON—(AP)—Twenty-two men were lost on the two British trawlers sunk this week by enemy air attacks, the Admiralty announced Saturday.

The sinkings were announced Thursday.

Two were killed and 14 missing and presumed dead on the Kingston Calcutta and two killed and two missing and presumed dead on the Rodino.

# NEW WILLKIE OFFICE OPEN AT M'ALLEN

## Nominee Due To Visit In September

McALLEN—Organization headquarters for the Willkie-for-President movement in the Rio Grande Valley were opened here Saturday while leaders in the work said there is a strong possibility the Republican nominee will visit this section in September.

J. A. Clements of Angleton, Valley and Gulf coast organizer of Willkie clubs, announced the opening of the McAllen headquarters. He will be at the Casa de Palmas hotel for an indefinite period, and invite persons interested in the campaign to meet him there.

Clements said it is practically certain that Mr. Willkie can be brought to the Valley in September on a special train tour now being mapped for him. The date, however, is indefinite until more details are completed.

Clements has already spent a few weeks in the Valley organizing Willkie clubs. Within a short time he plans to have every community in this section represented with a club, and as soon as possible will name acting chairmen for the communities. When organization work is complete, local club members will choose their own permanent chairmen.

The Willkie campaign has progressed rapidly at two Upper Valley cities, Edinburg and Weslaco, where numerous Willkie label buttons are in evidence, and at Alamo, where J. C. Connell heads the official Willkie organization, formed a short time after the Indiana man was nominated at Philadelphia.

The Texas Willkie club, out of which the Valley movement has grown, was launched June 29 at Dallas. L. A. (Pat) Casey, real estate and oil man, is acting chairman.

"This organization represents no political party," said Clements. "Its formation was independent and spontaneous and it is guided by serious, conservative and sincere Texans. It provides a medium through which both Democrats and Republicans can work for Willkie, and its only purpose is to carry Texas and to encourage and assist in getting support for him throughout the South."

## Major Provisions Of Compulsory Military Training Bill

WASHINGTON—(AP)—The major provisions of the compulsory military training bill as drafted by the Senate military committee:

Men between 18 and 64 years would be registered for a "system of selective compulsory military training and service." The war department estimates there are 42,000,000 men of these ages.

Actual military training in the army, navy and marine corps would be limited to men between 21 and 45 years, with older and younger men serving in "home defense" units.

Drafted men would be given 12 months training and would receive base pay for the army and navy, starting at \$21 a month.

Authority to decide upon the age groups to be registered and the numbers to be called would rest with the President.

Penalty for evading registration or training could be five years in prison and a fine of \$10,000.

The legislation would make it an "unfair labor practice" for an employer to fail to require the conscripts at the expiration of their training periods.

"Conscientious objectors" would be assigned noncombatant training or other work.

Conscripts would be selected by lot after local boards had classified registrants. Deferred status would be given to married men with dependents, those in industries essential to national defense, and men in official government positions.

All men now in the army, navy and other armed forces and diplomatic and consular representatives of foreign nations would be exempt from registration.

Two Veterans Deadlocked In St. Paul Open

Par Handed Beating By Dark Horses Foulis And Goggin Take Lead

ST. PAUL, Minn.—(P)—Two dark horse veterans who long have been prospecting golf's tournament money trail filed joint claim Saturday on medal honors on the rich St. Paul Open golf championship.

They were the quiet 37-year-old Jim Foulis and the 34-year-old, effervescent Willie Goggin, the former a longtime Chicago district campaigner and the latter now a native of the Illinois metropolis after years of playing out of San Francisco.

Each had 36-hole totals of 138 strokes as the tournament hit the halfway point of its 72-hole route. Foulis, a former St. Paul champion, put together nines for a five under par second round 67. Goggin, who never had hit the "pay dirt" of a major title, scored a six under par 66.

Only a stroke off the pace was retold Ed Oliver of Hornell, N. Y., who had a 71 Saturday for a 137, and back of him was a corps of stars in such close pursuit that a new's history was in prospect as the field headed into Sunday's 36-hole final program.

Dick Metz of Oak Park, Ill., defending champion, had a 69 Saturday for a 138 total. A stroke back of him was Frank Moore, Detroit, and Tony Penna, Dayton. Bracketed at 140 were Les Bolstad, Minneapolis; Len Mattson, home pro; Pat Wilcox, Waterloo, Ia.; the two low scoring amateurs, Jim Ferrier, the Open and Amateur champion of Australia, and Wilford Wehrle of Chicago, and big Ralph Guldahl of Chicago.

Seven players had 141 totals, among them Lawson Little, the National Open champion, Ben Hogan and Harry Cooper.

In all, 38 players negotiated the 36 holes, with its par of 144, in even regulation figures or under.

Just Waiting For Rodeo Fish Fry

George Foote of Dallas, who has his own boat at Port Isabel, is doing his bit for the Rio Grande Valley Fishing Rodeo by providing the fish to be used at the big free fish fry Sunday, August 4th. During the past three days Foote has brought in six large fish ranging in size from 100 pounds to 360 pounds, which he is donating to the rodeo organization. He estimates that before August 4th he will have 3000 pounds of fish ready to go into the grease. This together with 2000 pounds of choice fish already in cold storage at Harlingen, should satisfy the appetites of all our visitors on the final day of the rodeo. In addition to the fish caught by Foote, L. A. Gannaway has contributed another slightly under 100 pounds. (Photo by Johnny Martin)

Down The Sports Trail Title To Clark

NEW YORK—(P)—The question of the effect a compulsory military training law would have on professional baseball offers food for thought, not only on the part of the ball players themselves, but on the part of club owners who have full-grown money invested in these highly-perishable pieces of merchandise.

The proposed law, figuring the first class includes the 21-31 age bracket, would touch a great majority of players in the majors and higher classification minors.

It would include them from an age standpoint, but Brigadier General William E. Shedd, assistant chief of staff, has announced that never, in time of peace, would the draft include married men. This automatically would eliminate all but one-eighth of the major league players.

Famed Angler Arrives

# Balkans Told To Settle Own Quarrels, But Rumanian Surrender Urged

## HITLER SEES ENVOYS FROM BALKAN AREA

Bulgaria, Hungary Are Favored

By The Associated Press  
BERLIN —(Sunday)—An indication that Adolf Hitler told Balkan statesmen he expected them to settle their own differences but that Germany favored both Bulgarian and modified Hungarian claims on Rumania was given today by the newspaper National Zeitung of Essen.

**Balkans Are Warned**  
The Balkan countries, said the newspaper, which is close to No. 2 Nazi Hermann Wilhelm Goering, must acknowledge the Rome-Berlin axis' principles for a "new order in Europe."

"Such acknowledgement," it added, "can not be forced or bought for it is either the basis of the policy or it is not."

Germany never has made a secret of the fact "that the Reich viewed with sympathy reasonable demands by Hungary and Bulgaria for revision," the newspaper commented.

Rumania, it said, has been maneuvered into an unnatural role "which it never was in a position to play" and "is also conscious that this policy belongs to the past and must be liquidated."

**"New Order" Stressed**  
"The principles of the new order depend on fulfillment of justified demands such as Bulgaria makes on the southern Dobruja," the National Zeitung contended.

"Out of the same considerations, Hungary will have to undertake serious reductions of the idea of Stephen's Crown. (Territory which Hungary claims.)"

As the axis powers tried to carve a "more reasonable" place for Rumania in a revised southeastern Europe, Nazi bombers and sea-raiding speedboats hacked with new fury at embattled England.

**Invasion Still Delayed**  
Although Adolf Hitler's air force struck repeatedly despite unfavorable weather, official quarters indicated the grand assault on Britain was still to come.

The Fuehrer himself was busy with the re-casting of roles which Balkan nations will play in the new made-in-Germany Europe.

He conferred Saturday afternoon with another group of Balkan statesmen. Premier Bogdan Philoff and Foreign Minister Ivan Popoff of Bulgaria. Yesterday he received the Rumanian Premier and foreign minister, who then went on to Rome for talks with Benito Mussolini and his foreign minister. Tomorrow the Slovakian premier and foreign minister will be given the Fuehrer's views.

A communique issued after Hitler's meeting with the Bulgarians said only that conversations had been carried on "in the cordial spirit of traditional friendship which has existed unchanged between Bulgaria and the Reich since they were brother-in-arms in the World War."

The Bulgarian statesmen left Salzburg Saturday night for Sofia. Germany seeks peace.

Germany has emphasized repeatedly that she wants only peace in the Balkans, source of much of her oil and food supplies. The frontier revisions necessary to insure peace in this region are expected to be agreed on between Bulgaria, Rumania and Hungary themselves.

These sources intimated a round-table parley between the three kingdoms might soon settle the frontiers question. The 1919 post-war settlements Hungary lost Transylvania and Bulgaria lost southern Dobruja to Rumania. Now they want Rumania who already has lost Bessarabia and northern Bukovina in the Soviet Russian occupation of a month ago, to give up these territories too.

On the war front, air raids on British oil-tank concentrations below London have become an almost daily occurrence, while Nazi bombers continued to attack port facilities, airports and radio stations in various parts of England.

**Claim British Ships**  
During the past week at least 200,000 tons of shipping has been sunk by Nazi speedboats or submarines, the high command said. DNB, the official German news agency, reported that "the convoy system successful in the World War has lost its former reliability."

Without comment DNB reported German loan liabilities climbed from 18,500,000 marks in May to 21,500,000 marks in July.

## Soldiers No Longer Get 'Goldfish' On Their Menu; Grapefruit Taking Place Of Sardine In Doughboy Diet

HARLINGEN — Regardless of what YOU may remember of U. S. Army chow, the doughboys don't eat canned goldfish anymore when they're playing at fighting.

Seventy thousand army and national guard units will be beating all the brush down over the

Sabine River area for 20 days starting August 4, and not a man will go near a sardine. Instead, they'll consume a carload of grapefruit, besides 10 other cars of other fresh fruits.

In terms of carloads, 70,000 hungry soldiers in 20 days will polish off, according to the diet set for them, only one and one-half cars of beans and only two cars of prunes. Of course that's two too many of prunes, but they get 45 cars of fresh meat, 18 of spuds, six of vegetables, one of pineapple and two of preserves, one of pears and five of eggs, one of cheese and one of crackers and two of beef.

They'll drink three carloads of coffee and six carloads of canned milk, in addition to 125 cars of ice. It would take most of this to wash down 28 carloads of bread.

But the pay off comes on the gasoline those tanks and cars eat: 266! And throw in five cars of oil just to be safe. And its all in fun.

## 14 FILE FOR CITIZENSHIP

Aliens Are Seeking Naturalization

BROWNSVILLE—Fourteen final petitions for naturalization were filed this week at the office of Fidel A. Hinojosa, deputy clerk of federal court here.

The petitions were filed by citizens of Italy, Mexico, Greece, Norway, Holland and England.

Despite the European war, and the tightening of immigration here, Mr. Hinojosa said that he has noted no marked increase in the number of petitions filed at his office.

Those filing this past week are: Clotilde Perez Garcia (Mexico) of Mercedes; John William Hendricks (Holland) of Lyford; Josefina Dora Hengeler de Garcia (Mexico) of Brownsville; Mable Clare Cameron (England) of Mission; Alma Branbo (Norway) of Edinburg.

Also, Gustavo Garza (Mexico) of Brownsville; Jose Maria Ramirez (Mexico) of Brownsville; Jesus Torar Cortez (Mexico) of Brownsville; Gilberto Ambrosio Guerra (Mexico) of Edinburg; Mike Sessa (Italy) of Santa Rosa; Jose Narciso Cavazos (Mexico) of Brownsville; John Constantine Giegion (Greece) of Brownsville; Alcanario Aleman (Mexico) Alamo; and Maria Katherine Fasullo (Italy) of San Benito.

**AGREES WITH CABINET**  
TOKYO — (P) — Premier Prince Fumimarko Konohe and his cabinet ministers were reported in "complete agreement" with imperial army headquarters Saturday after an important conference on foreign and domestic policies.

## TWO NATIONS MAP CONTROL OF BOLLWORM

American, Mexican Officials Meet

McALLEN—Control of the pink bollworm plague along the border was the subject of a meeting at Laredo Thursday between representatives of the United States and Mexican departments of agriculture.

The conference was in charge of R. E. McDonald of San Antonio, U. S. department of agriculture official in charge of all bollworm eradication work in the United States. Mexican delegates were present from Matamoros, Monterrey, Torreon, Ojinaga, Chih., and Juarez, Chih.

D. M. McEachern of McAllen, U. S. department of agriculture official in charge of the Valley control program, was one of the delegates.

"The purpose of the Laredo conference," he explained, "was to coordinate the work between the Mexican and United States departments of agriculture with reference to control of the bollworm plague along the border."

"Both countries realize the necessity of controlling and possibly eradicating the pest. This, of course, necessitates uniformity of procedure. The main points in the quarantine procedure include sterilization of cotton seed, burning of gin trash and compression of the lint."

"A control program has been instituted based on early field cleanups in order to destroy the worms before they go into hibernation, followed by later spring planting so worms which may be in hibernation will come out and die without doing harm before the new crop in which they can propagate appears."

United States representatives attending the meeting in addition to McDonald and McEachern were L. F. Curi, San Antonio; K. P. Ewing, Waco; L. D. Harris, Alpine; J. S. Brock, El Paso and J. C. Woodward, Corpus Christi.

Mexican officials present were Ing. Tomas Leal Moreno, Matamoros; Ing. Genaro Arzave, Monterrey; Emilio Foglio, Monterrey; Ing. Santiago Rodriguez, Ojinaga; Ing. David Cadena, Torreon; Ing. Manuel Martin, Anahuac, N. L.; Manuel Alcazar, Juarez; and Ing. Carlos Chambert, Nuevo Laredo.

## Pests Checked

Starr, Willacy Free Of Bollworms

4—Pests Checked—  
McALLEN — Gin trash machine inspections in the Valley have established the presence of the pink bollworm in Hidalgo and Cameron counties, but none have been discovered in Starr and Willacy, D. M. McEachern of McAllen, United States department of agriculture official in charge of the Valley boll worm eradication project, announced Saturday.

"Only a small amount of gin trash has been inspected in Starr and Willacy counties," McEachern explained.

He said inspection work throughout the Valley will continue and will begin at Matamoros this coming week in cooperation with the Mexican department of agriculture.

## Encampment Invites Valley Churchgoers

HARLINGEN—Charles B. Middleton, minister for the Harlingen Church of Christ, Saturday invited to all members of that congregation to attend an encampment near Sherman from August 9 to 11, at which C. R. Nichols of Seminole, Okla., will be preacher.

Jesse P. Sewell, San Antonio, Audie T. Ritchie, Jr., Nashville, Professor and Mrs. W. M. Dowell of Abilene Christian College, and other outstanding speakers will address the gatherings, program for which will also include outdoor recreation activities.

## Louisiana People Pick Inscription

BATON ROUGE, La.—(P)—The Sam H. Jones administration, whose majority in the legislature decreed that public buildings be striped of the names of all living persons and ordered a picture and plaque of the former Gov. Richard Leche removed from the capitol annex, Friday, approved its first inscription for a state edifice.

The inscription, intended for the new charity hospital at Monroe, reads: "Built in 1940 by the taxpayers and people of Louisiana for the benefit of the people of Louisiana."

## STRAVINSKY HAS WARM RESPONSE IN MEXICO DEBUT

MEXICO CITY — (P) — The music-loving public of Mexico has taken to its heart Igor Stravinsky, noted Russian composer, who opened a series of concerts Friday night in the capital's Palace of Fine Arts.

The first night audience gave a rousing welcome to Stravinsky, who led the Mexican Symphonic Orchestra in an interpretation of Tchaikovsky's Second Symphony and several of his own compositions, including the popular Petrouchka Suite.

Stravinsky said he planned to remain here until August when he will return to the United States.

## CHAMBER SET FOR MEETING

Harlingen C. C. Will Gather Monday

HARLINGEN — As 20-30 club members paused Saturday night for a rest before the final ticket sale campaign Monday, Club President R. E. Gilbert said at least 250 persons will attend the chamber of commerce annual banquet to be held at the Reese-Wilmond Hotel here Monday at 8:30 p. m.

Program Chairman Jack Rutledge said plans were complete for the evening's entertainment and there will be no main speaker. "Amid specially song and dance numbers, Past President Charles Washmon will report the past year's activities, Chamber Manager Worth Heffner will award certificates of merit, and Chamber President L. R. Baker will set out some of the plans for the new year."

Tickets are being sold by 20-30 club members. They may also be had from the chamber of commerce or at the banquet room door. The Optimist club had relinquished its weekly meeting hour to the occasion and plans to attend the annual function en masse, President Vance Oehm said.

Program will include, in addition to the three talks, an organ solo by Mrs. Helen Flynn, and there will be a string quartet during the dinner. Organist Addington, Raymondville, will present a group of songs as will Miss Maud Nosler, San Benito. Other acts will include military tap dance by Jacqueline Buesing, and Frances West, San Benito, and Carolyn Williams, McAllen; an Oriental dance by T. O. Williams; magic act by T. O. Williams; Cantrell, Weslaco; an Irene Castle routine by Jacqueline Buesing and Jack Bird of San Benito, and songs by Bill Irby.

## Grower Guests

Donna Co-Op Holds Open Meeting

DONNA—Citrus growers of the Donna area met here this week, as guests of the Donna Citrus Association, to hear round-table discussion on problems common to them, and to hear half a dozen speakers on various topics.

Ray Shelley, director of the association, welcomed those attending: C. K. Wildermuth, a grower, spoke on orchard care; County Agent R. G. Burwell discussed cover crops; George Vance of the Rio Grande Valley Citrus Exchange spoke on methods of financing growers' operations, and Exchange Manager R. E. McEachern spoke on the need for unity of effort in facing and solving citrus growers' problems.

## OIL WORKERS CALL OFF BIG LATIN STRIKE

Budget Cut Protest Is Delayed

MEXICO CITY — (P) — Labor Leader Vicente Lombardo Toledano announced Saturday the petroleum workers union had postponed indefinitely the anti-economy walk-out it had called for Monday.

Lombardo Toledano told the executive committee of the confederation of Mexican workers (CTM), of which the oil union is a member, that the 18,000 petroleum workers intended to submit a counter-project immediately to President Cardenas for reorganizing the oil industry.

Bucking wage cuts and other economies the president ordered the government oil administration to enforce, the union filed an injunction suit Saturday against the federal labor board.

The union sought to restrain the board from provisionally authorizing the oil administration to modify its labor contract so that it might put the proposed economies into effect.

## Texas Industry To Receive Impetus From Defense Work

AUSTIN—(P)—Texas industry, retarded at the moment, will feel the stimulus of increased demand in the national defense program, Dr. F. A. Buchel of the University of Texas predicted Saturday.

The statistician and assistant director of the University Bureau of Business Research pointed to a state index of standing at 97.9 for June, compared to 100.8 in May. The June index, however, was more than 3 points above June, 1939.

Of the factors making up the index—employment, payrolls, freight carloadings, crude oil runs to stills, department store sales and electric power—only carloadings showed a gain over May, 2.6 points. Drops in other industries ranged from one-half point for employment to more than 10 points in crude runs to stills and 10 points for department store sales.

Gains—over an equally wide range—were recorded over June a year ago, except for department store sales which declined 2 points. Increases ranged from 1 point in employment to 11 points in electric power consumption.

Dr. Buchel pegged the June lull on the international situation, hampering free movement of oil and cotton to foreign countries and national politics.

## ROAD PAVING IS FINISHED

New Willacy, Hidalgo Highway Opens

PHARR — Completion of all paving work on state highway 186 from San Manuel in Hidalgo County to Raymondville in Willacy County was announced Saturday by J. W. Puckett of Pharr, division highway engineer.

The last topping was laid Friday afternoon, Puckett said, providing an all-paved road between the two points, a distance of 15.6 miles. The road gives the Lower Valley a northern outlet.

Puckett said the central Valley, embracing Donna, Weslaco and Mercedes, also will be given a new outlet when Elsa is connected with 186, a distance of about 15.5 miles. A dirt road is already in use between the two points, but the connection will be topped within a few months, he said. It runs north through the Engelman Gardens and Delta Orchards citrus developments.

"The new route will give the Central Valley easier access either to U. S. 281 north to Falfurrias or the Hug-the-Coast highway to Corpus Christi," Puckett said. "It is expected to accommodate from 800 to 1,000 cars a day when completed."

Puckett said the area traversed by the Weslaco-Elsa-186 is probably the most intensively cultivated in the Valley. He estimated that 95 per cent of the contiguous territory is under cultivation.

"Central Valley residents will be able to avoid a lot of traffic when the new cut-off is completed," he said.

Mrs. Alvis Layton Barrier was Miss Hassie Browning Foster before her marriage in a large church ceremony Friday evening in the First Baptist Church in Harlingen. Mrs. Barrier, the daughter of Mr. and Mrs. James Thomas Foster Sr., of Harlingen, has been much entertained during the weeks preceding her marriage. Mr. Barrier is the son of Mr. and Mrs. L. A. Barrier of San Benito and Harlingen. They will establish a home in the early autumn in Pittsfield, Mass. (Holbrook Studio)

## Breakfast Honors Bride At McAllen

McALLEN—Delightful among the whirl of informal parties given for the bride-elect, Miss Elizabeth Griffin, whose marriage to J. C. Monk will be solemnized August 10 at the Sacred Heart Catholic church, was the breakfast given by Mrs. Jack Parker and Miss Jean Kelly at the home of Mrs. Parker.

Pink and blue were combined to give that bridal touch in the flowers and appointments. A profusion of pink rosebuds lent an artistic air to the surroundings. The dining table was centered with a beautiful cutwork cloth on which was placed a huge bowl of the pink flowers. Silver and crystal were used on this pretty table.

Miss Griffin was presented with a gift of crystal. Breakfast was served to Mesdames H. P. Griffin, Edward Womack, J. B. Ashcraft, Martin Russo, John William Griffin, Charles Ferguson, Brad Smith, Tom Vessels, Jr., R. Jenkins, R. L. White, T. B. Waite, Jr., Misses Verna Bonner and Mildred Card.

## Elaborate Church Rites Celebrated In Harlingen For Well-Known Couple

HARLINGEN—Miss Hassie Browning Foster, only daughter of Mr. and Mrs. J. T. Foster, and Alvis Layton Barrier, Pittsfield, Mass., eldest son of Mr. and Mrs. L. A. Barrier, San Benito, exchanged vows Friday evening in the First Baptist Church in a marriage ceremony of unusual beauty and of wide-spread interest. Officiating was the Rev. E. Douglas Carver, pastor of the church. The double ring service was used.

Approach to the altar along the two aisles was outlined by tall white standards on which were mounted ivory candles. At the base of the candles, tied with tulle, were nosegays of pink and white blossoms. Yet taller standards were placed on either side of the aisle, looped together overhead with wide satin ribbon into which were knotted clusters of flowers.

Central feature of the beautiful decoration was a recessed arch, the back screened with asparagus fern to emphasize in striking relief a radiating arrangement of calla lilies, Briarcliff roses, and California daisies placed directly above the place where the bride couple stood. Fronds from a tall palm dropping over the top of the arch and lower arrangements of potted ornamental palms at the sides of the aisle and in the background combined with the chosen pink and white blossoms to make a perfect bridal setting.

Added beauty was afforded by ascending tiers of white tapers, placed at intervals to outline the outside of the archway. Miss Virginia Perry was at the organ for a half hour of nuptial music before the wedding ceremony. Among the numbers she played were "In a Monastery Garden," Kettelbey, "Cathedral Shadows," Mason; and "Le Breme" (Mist), Harvey Gaul.

She accompanied Miss Barbara Barrier, sister of the groom, who sang "Because," D'Hardelot and "I Love You Truly," Carrie Jacobs Bond. For the entrance of the bridal party Miss Perry played "The Bridal Chorus" from Wagner's Lohengrin and for recessional "The Wedding March" from Midsummer

ing the weeks preceding her marriage. Mr. Barrier is the son of Mr. and Mrs. L. A. Barrier of San Benito and Harlingen. They will establish a home in the early autumn in Pittsfield, Mass. (Holbrook Studio)

Mr. and Mrs. B. L. Griffin recently announced the engagement and approaching marriage of their daughter, Betty, to William H. Meara of McAllen at an attractive tea given recently at their home in La Feria. The wedding will take place September 8. (Art Craft Studio)

## Rites Read In Houston Impressive

### Ceremony Claims Wide Interest

PHARR—Mr. and Mrs. Joe B. Goldberg announce the marriage of their daughter, Dr. Helen Gertrude Goldberg, of Houston, to Dr. Samuel S. Schaffer of Houston, son of Mrs. S. Schaffer of Houston. The wedding, which claims interest in many Texas as well as out of state points, was solemnized Sunday, July 21, at one o'clock at the home of Rabbi Tolfield in Houston. The impressive single ring service was read in the presence of close friends and relatives of the couple.

The petite bride, who is well known throughout the Valley, was becomingly attired in a creation of aqua made along lines of extreme simplicity. Her accessories were in a duobonnet shade and she wore a corsage of three white gardenias.

Attending the bride was her cousin, Miss Freida Goldberg of Toledo, Ohio, and the groom's sister, Miss Sylvia Schaffer of New York City. The latter wore an ensemble of navy blue and white with matching accessories and a corsage of pink roses. Miss Goldberg's dress was in a soft blue shade, accented by navy accessories. Her corsage was of baby pink roses.

Dr. Goldberg, mother of the bride, was dressed in royal blue lace over a blue foundation. Her accessories were of navy blue and she wore pink roses for her corsage identical with the flowers worn by the groom's mother who was dressed in all-black lace and net with white accessories.

Attendant to the groom was Billy Goldberg, Austin, assistant state attorney-general, only brother of the bride.

Dr. Goldberg took academic work at the University of Texas, Austin, after her graduation from McAllen high school. She received her B.S. and M.D. degrees from the University of Texas Medical College in Galveston and interned at the Women's and Children's Hospital in San Francisco, Calif. Later she was resident physician at St. Joseph's Infirmary and the Jefferson Davis Hospital in Houston. She will open offices in Houston and continue the practice of her profession.

Dr. Schaffer is a graduate of Erasmus High School in New York. He received his academic work in New York, obtained his medical degree from the University of Texas Medical College in Galveston. He completed his internship in the Herman Hospital in Houston and has been engaged in medical practice the past four years in Houston.

After the marriage ceremony, a reception was held at the home of the groom's mother.

The bridal table was laid with white shadowy lace over white foundation cloth. Center of interest was the single ring-shaped wedding cake, frosted and decorated in white spun sugar. Four tall white candles, encircled the cake, and lighted the scene. Bouquets of white roses placed about the home emphasized the bridal motif. Mrs. A. Ginsberg of New York, cousin of the groom, presided at the refreshment table.

Miss Ruth Elizabeth McCormick of Houston, cousin of the bride, was maid of honor and bridesmaids were Misses Carolyn Cramer, Margaret Brown, Margaret Boyce and Margaret Hogan of Pharr, Jean Wagoner of McAllen and Eleanor Doughtie.

Flocks of all the bride's attendants were apple green, organdy fashioned along "Gone With the Wind" lines with a tight fitting bodice and billowy skirts worn over tulle slips of the green ruffles. Each wore a tiny hat of white lace adorned with small white asters and stephanotis with a stiff bow in the back. Their

Mrs. John Preston Cunningham is the former Miss Marilyn McAskill. She is the daughter of Mrs. Marvin McAskill and the late Mr. McAskill of Edinburg. Her marriage, celebrated in a beautiful ceremony Saturday evening, was one of the outstanding events of the season for upper Valley socialites. The popular bride, pictured in her wedding dress, was feted by a continuous whirl of parties and showers since the announcement of her betrothal. Mr. Cunningham is the son of Mr. and Mrs. Joe Cunningham of Harlingen. The couple will reside at 804 Missouri Avenue in Weslaco after a 10-day wedding trip.

## Lovely Church Rites Celebrated In Edinburg On Saturday Evening

### Wedding Climax To Brilliant Series Of Prenuptial Events Honoring Bride

EDINBURG—Of outstanding interest to South Texas society was the wedding of Miss Marilyn McAskill, daughter of Mrs. Marvin McAskill and the late Marvin McAskill, to John Preston Cunningham of Weslaco, son of Mr. and Mrs. Joe A. Cunningham of Harlingen, which took place at the First Methodist Church at seven thirty o'clock Saturday evening.

The rites for the single ring ceremony were read by the Rev. J. A. Dennis.

The entire choir loft of the church was concealed by a double screen of wax leaf ligustrum with a misty cloud of angel hair, giving the illusion of a foamy lake in the background. On either side were tall cathedral candelabra and baskets of large white asters and huckleberry branches grown in Tennessee. A six-foot Paschal candle stood on each side of the dais.

A smaller screen of the huckleberry branches formed the background for the minister and the wedding party. A single candelabra stood in the center of the dais between the two screens and two tall baskets of white gladioli, asters and calla lilies flanked either side of the small screen. Surrounding the edge of the chancel rail was a fern log with interspersing tall white tapers. Huckleberry branches were at the steps. At the end of each pew were bridesmaids' bouquets.

The groom, his best man, and the minister entered from the back of the church.

Her uncle, John W. McCormick of Houston, was enchanting in a wedding gown of white lace over white satin fashioned on princess lines with the gradual flare of the skirt swirling into a train. Her fingertip veil of bridal illusion was held in place by a Mary Queen of Scots halo of lace, adorned by a single lily of the valley in the center. Her only ornament was an antique brooch of blue loaned for the ceremony by her aunt, Mrs. O. E. Taum of Paris, Tennessee. She carried an exquisite shower bouquet with a center of two white orchids, and stephanotis and lilies of the valley intermingling.

Miss Ruth Elizabeth McCormick of Houston, cousin of the bride, was maid of honor and bridesmaids were Misses Carolyn Cramer, Margaret Brown, Margaret Boyce and Margaret Hogan of Pharr, Jean Wagoner of McAllen and Eleanor Doughtie.

# LBL Girls Home From Beach Stay

BROWNSVILLE—Members of the L. B. L. club returned to their homes here Wednesday evening after spending several days at Del Mar.

The girls departed for the beach Sunday afternoon, in a truck loaned by Mr. George Walker. They were accompanied by Mr. and Mrs. Henry Smith.

The group enjoyed an ice cream feast Sunday evening, a wiener roast Monday evening, a watermelon party Tuesday evening when Mr. and Mrs. Henry Smith were special guests.

On Wednesday the group entertained Mrs. Frank Libbe and Anna May Libbe, and presented Nola Jean Libbe with a gift on her sixteenth birthday.

Those making the trip were Mrs. Ruby Smith of Harlingen, Lorene Schroeder, Nola Jean Libbe, Marion Smith, Gladys Rollins, Billy Jean Chestnut, Opal Dennis, Betty Hicks and Dorothy Shealer.

The next club meeting will be held with Dorothy Shealer.

vidual color of the bridesmaid's frock.

Miss Marjorie Breedlove, wearing peach, and Miss Mary Annie Bush, in green, entered first by separate aisles. They were followed by Mrs. Sherwood Johns in blue and Miss Ruth Thornton, Dallas, in pink, and Miss Jane Davis and Mrs. James Landrum Good, La Feria, wearing yellow and orchid respectively.

Immediately preceding the bride was her maid of honor, Miss Jean exactly like the bridesmaids and white swiss with blue dots, was exactly like the bridesmaids and the wide skirt was held outspread by hoops at the hem. She wore a pink ribbon in her hair and carried a fan made of salmon pink Betty Upchurch roses and feverfew, the flower sticks being linked with maline and banded with an organza ruffle matching the blue of her frock.

Mr. Foster entered the church with his daughter and gave her in marriage.

Designed in the 18th century tradition, the bride's dress combined silk lace in the bodice and double folds of net which made voluminous skirt, worn over hoops to sweep into a full-length train. Off the shoulder effect of the bodice, made with short puffed sleeves, emphasized the demure style of the dress which was further heightened by a yoke of the net rising to form a high neckline. A necklace of pearls, the bride's only ornament, followed the neckline at the throat.

Extending past the train was the misty wedding veil of illusion. One fold of the triple-tiered veil was worn over the face and the second layer ended at the fingertips. Front of the circular head-dress of the tulle tipped to the forehead becomingly beneath sprays of real bouvardia.

The bride carried an arm bouquet of white carnations and bouvardia showered with satin ribbons and clusters of the bouvardia.

Groomsmen were James Thomas Foster, Jr., Walter E. Nixon, Bill Landrum Good, La Feria. The ushers and best man were gardenia boutonniere in lapels of their tuxedos and the bridegroom wore a white carnation.

Mrs. Foster, mother of the bride, wore a corsage of feverfew and Bridal roses with her gown of navy chiffon. Mrs. Barrier, who also wore navy chiffon, had a corsage of pink roses. Mrs. Hattie McCormack, maternal grandmother of the bride, was in orchid dotted white chiffon worn over rose with a corsage of white roses. Mrs. R. E. Buckles, Corpus Christi, aunt of the bride, whose gown was in an asher of roses shade, wore blue feverfew.

After the church ceremony, a wedding reception was held at the home of the Misses Jennie and Mattie Case, lifelong friends of the bride.

Greeting guests in the reception hall, where large baskets of white asters and pink roses, were the parents of the bride. A large basket of the blossoms, looped with white satin, was on the staircase where later in the evening the bride tossed her bouquet to the bridesmaids below.

The bridal pair and the bridesmaids formed the receiving line in the livingroom, greeting guests before the fireplace which was elaborately decorated with pink and white blossoms. On either side of the hearth were tall baskets of white flowers. The center space was entirely filled with blossoms and on the mantelpiece were the pink and white blossoms.

Particular beauty was afforded in the dining room by floral arrangements in the favored pink and white. The table was laid with a lace cover and had for centerpiece two bridesmaids' bouquets of carnations showered with tiny white straw flowers. A crystal lovebird was placed on either side.

At one end of the table was a

large heart of white satin, frilled with lace and ornamented with silver wedding bells and sweetheart roses. At the opposite end was the bride's cake, a huge, three-tiered confection, beautifully decorated with delicate flowers of white icing blended into pink at the top, where a miniature bride couple stood beneath a cupola. The frothy veil worn by the diminutive bride cascaded over the side of the cake to spill on the table cover.

The bride cut the first slice of cake, using the service from her own silverware for the first time. Assisting in serving cake were Mrs. J. C. Atchison, Mrs. A. E. McClenahan, Miss Mattie Case, Mrs. J. P. Sanders, and Mrs. H. W. Voicars, La Feria.

Assisting in serving punch from the buffet, which held a bouquet of white carnations, were Mrs. Jack B. Cooke, Miss Jennie Case, Mrs. Frank Davis, and Mrs. W. E. Bush. Carnations and pink roses, placed on the china closet, were flanked by tall white tapers.

Assisting in the reception rooms was Mrs. John D. Townsend, while hostess duties were shared by Miss Jane Bohner, San Benito; Miss Thora Lou Breedlove, Julia Batts, Ruth Townsend, and Louise Hill, and Mrs. Philip Newell.

A lovely spray of asters and carnations adorned the piano top in the music room where Mrs. T. L. Caver, Miss Melvin Shirley, and Miss Virginia Pile had charge of the bride's book.

The couple left early in the evening for a honeymoon which will include a visit in New Orleans preceding a leisurely tour up the East Coast to Pittsfield, Mass., where Mr. Barrier is employed in the chemical research department of the General Electric Company.

For her going away costume, the bride chose a fall ensemble of figured green crepe, the full-length coat featuring the new boxed back. Her pompadour hat of black felt has a veil which loops snugly under the chin to tie at one side. Her shoes and other accessories are of black patent and cardboard.

Both Mr. and Mrs. Barrier are members of prominent pioneer Valley families and both were graduated from Brownsville junior college and the University of Texas.

The past few weeks have been filled with an almost continuous round of parties honoring the bride in which hostesses and guests from San Benito, La Feria and Harlingen have participated.

Out of the Valley guests for the wedding were Mr. and Mrs. Fred Dimmick of Kingsville and W. F. McCormack of Houston.

# Miss Viola Kring Weds

Mrs. Clarence Mathews was before her marriage Saturday morning in the First Methodist Church in Wichita Falls was Miss Viola Kring. She is the daughter of Mr. and Mrs. Sidney Kring, formerly of Harlingen, now of Wichita Falls. The couple will reside in Mission.

# Viola Kring Is Bride Of Clarence Mathews In Saturday Ceremony

HARLINGEN—The First Methodist Church in Wichita Falls was the scene for a simple marriage service Saturday morning, which held the affectionate interest of many Valley friends. At seven o'clock Miss Viola Kring, daughter of Mr. and Mrs. Sidney Kring, formerly of Harlingen, exchanged marriage vows with Clarence Mathews of Mission. Dr. Paul Martin officiated.

Gladiolas and bluebells with pot-pourri ferns were the only decoration for the cathedral-like interior of the church.

Mrs. J. W. Akin played the traditional wedding marches. Before the ceremony Miss Sallie Mae Akin sang "Because" and "I Love You Truly."

The bride entered with her father and was given by him in marriage. Her wedding dress was of navy blue chiffon with white organza collar and white pearl buttons. Her turban was of navy and white chiffon and purple, shoes, and gloves were in white kid. A corsage of white orchids completed her costume.

As a touch of sentiment she carried an heirloom handkerchief which her grandmother carried at her marriage in 1890 and which her mother held at her wedding in 1917.

Her only attendant was Miss Bette Sample of Harlingen who wore a street-length frock in soft blue and corsage of pink blossoms.

Mrs. Kring, mother of the bride, wore royal blue sheer with pink and white accessories. Her corsage was of peach gladiolas.

Miss Anne Kring, sister of the bride, wore a maroon silk skirt with white eyelet blouse and white accessories. Sweethearts in harmonizing shade formed her corsage.

Best man for Mr. Mathews was his brother, W. G. Mathews of San Augustine.

After the wedding breakfast the couple left for San Antonio, and the bride's going away dress is powder blue jersey with a hood-collared and gold buttons and belt for trimming. Her accessories are navy.

Out of town guests were Mr. and Mrs. Gilbert Mathews of San Augustine, Miss Vesta Mathews of Marshall, Mrs. R. B. Lawton of San Antonio, and Miss Bette Sample of Harlingen.

The bride resided with her family in Harlingen for several years, graduating from Harlingen high school and later attending Texas A. and I. College in Kingsville.

Mr. Mathews is from San Augustine, Texas where his family are pioneer settlers. He graduated from high school there and attended college in Nacogdoches and Tyler. He has been employed by the Central Power and Light Company for the past three years, first in San Benito and later in Mission where the couple will establish a home.

# Friday Event Honors Two

McALLEN—A delightful affair was the morning bridge and luncheon given by Mrs. R. M. Schmuck and her daughter, Laura, to honor Mrs. Fred A. Sheldon, Rio Grande City, and daughter, Helen, Friday morning at their home.

Zinnias and roses formed a colorful background for the bridge and in the dining room the white laid table formed a pretty contrast to the brilliant flowers which centered it.

At the end of the bridge game, high score prize was awarded to Mrs. Crowder and low to Mrs. Van Slyck, the two honored guests, were the recipients of gifts.

These enjoying this lovely hospitality were Mesdames Tom Sammons, Florence Hays, Edward Oppenheimer, Wilfred St. Clair of Mission, H. O. Schalaben, W. D. Nutting of Edinburg, Lee Green and George Riddle of San Juan, William Bones of Harlingen, J. W. Crowder, B. Harris, R. D. Cox and Charles Holland of McAllen.

# McAllen Methodist Society Entertained

McALLEN—Mrs. L. M. McGuyre entertained the Ruth Circle of the Missionary Society of the First Methodist Church Thursday morning at its regular meeting. Mrs. Lee Murray was co-hostess.

Bowls of beautiful flowers added to the attractiveness of the rooms. Misses Charlene Moore and Rose Marie Bentsen sang several selections and Mrs. Clara Finch gave a talk. A short business session was held.

During the social hour refreshments were served to Mesdames B. D. Mathis, J. W. Sloan, Elmer Bentsen, Robert R. Roberts, A. Ellison, F. W. Bell, W. Holmes, Elbert Myers, Clara Finch, W. E. Whigham, Floyd Lash, Glen L. Reynolds, Gene Myers, Dick Grigsby, D. F. Cotton, F. G. Cook, M. Bormann, B. Murray, L. T. Lee, P. L. Gilbertson and Miss Lillian Ellison.

# Guests Enjoy Trips

MISSION—Mr. and Mrs. Claude Blackship of Bay City, who are guests of Mr. and Mrs. Elie Weatherford, have been shown over the Valley and northern Mexico during their vacation. Their hosts accompanied them on a trip to Monterey and on another trip to Del Mar and Port Isabel where they enjoyed fishing for several days.

## Group Gives Picnic For Miss Link

Palestine Guest Given Two Events

BROWNSVILLE — Miss Wanda Link who departed Friday evening for her home in Palestine after a visit of two weeks here as the guest of Miss Evelyn Hayes, was named honoree at two events this week. She has been extensively entertained at informal, enjoyable parties during her stay.

Wednesday evening, a group of the college set entertained in her honor at a picnic at the Ben H. Pabst home in El Jardin. Dancing, ping pong games, canoeing and swimming proved highlights of the evening.

Attending besides Miss Link were Misses Mary Katherine Lallier, Charlotte and Marie Maushardt of St. Louis, Missouri, Jewel Biggs, Evelyn Hayes, Frances Barnes, and Bob Maushardt, Henry Hauschardt, Bob and Bill Morse, Elmer Sloan, Berniel Wilson and Harrison Pabst. Tuesday afternoon Miss Joyce Goforth entertained with a surprise bridge party for Miss Link. In the games, the score award went to Miss Virginia Miller, who presented it to Miss Link.

Others attending were Misses Edith McKee, Mary Katherine Lallier, Iva Blanche Dittman, Frances Barnes and Evelyn Hayes.

## Pharr Guests Are Honored

PHARR — Mr. and Mrs. Bob Cartwright entertained with a pretty appointed buffet dinner Saturday evening at their home here, honoring their house guests, Misses Helen Meadows and Doty Hambrick of Yumilla, Florida.

A variety of garden flowers formed the floral arrangements and reflected the mid-summer motif used in every detail.

Besides the two honorees, Misses Meadows and Hambrick, other guests included Mr. and Mrs. Joe Jackson, Archie Carlson, Louis Jackson and the hosts.

## Final Plans Made For Watermelon Party And Dance

BROWNSVILLE — Last-minute preparations for the watermelon party and dance slated for Sunday at El Jardin Community house, were made by members of the Go-Ritz club at a called meeting Wednesday afternoon at the home of Miss Florence Ripke.

Miss Margarita Escalante was named ticket chairman, and Miss Gloria Ramirez was appointed music chairman. The event will be held between 2 and 8 p.m.

Members attending the session were Misses Vangie Longoria, Lydia Longoria, Margarita Escalante, Gloria Ramirez and Aida Moncada.

## La Villa Group Has Splash Party

LA VILLA — Mrs. Clarence Downey was hostess to the Secret Sewing Society Thursday afternoon when, instead of the regular meeting, the members went to Carter's Lake for a splash party.

The hostess served a picnic supper to Mesdames Fred Ross, Billy Yarbrough, Marvin Nattinger, Henry Conger, Lynn Buchanan, John George, Joe H. Yabro, Wesley Best, Garland Bingham, enjoyed sandwiches, potato salad, cookies and iced tea.

## Theater Party Birthday Event

McALLEN — Mrs. Floyd Kyte took 14 of the town's younger set to Mission for a theater party last week and then back to her house for refreshments in honor of her daughter Nancy's birthday.

Guests were Mary Jean Harris, Jean Wilson, Tony Carlton, Margaret Glendening, Betty Helen Stone, Betty Bruton, Mollie Gatliff, Mary K. Beatty, Mary Virginia Brown, Marjorie Rambeau, Betty Clifton, Virginia Michaels, and Ione Graskamp.

## Son Is Honor Guest For Picnic Party

COMBES — A delightful picnic party was given recently at Fairpark by Mr. and Mrs. N. C. Walker honoring their son, N. C. Jr. Games and a five o'clock supper were enjoyed by Misses Estaline Brazil, Annie May Patty, Dorothy Joe Turner, Maxine Garrison, Bettie Dumas, Lucille Pruitt, Eugene Poe, LeRoy Howard, Baron Dumas, Pete Turner, Wilbert Shanks, N. Shoptaw of Dover, Arkansas. En route home Mrs. Moyle visited with her son, Victor County, who is an instructor in the State School for the Blind at Austin and another son, Wayne County, who is a flying cadet at Randolph Field.

## To Cristobal

BROWNSVILLE — Mrs. Ted C. Pelikan departed by plane the first part of the week for Cristobal, Canal Zone, to join Mr. Pelikan, who was transferred there several weeks ago.

## New McAllen Resident

Mrs. Louis Gragg, a newcomer to McAllen, was a bride of early July. She is the former Miss Betty Jane Switzer, daughter of Mr. and Mrs. Cecil Switzer of Shawnee, Oklahoma where she was married in the First Baptist Church. She was a graduate of St. Benedict's high school and attended Stuart Hall, Stanton, Va., and William Woods, at Fulton, Mo. She and Mr. Gragg, who is connected with C. R. Anthony Company will make their home in McAllen. Mr. Gragg is from Okemah, Oklahoma and attended the Oklahoma A & M College at Stillwater. (Staff Photo)

## Party Series For Visitor Is Concluded

MISSION — An afternoon theatre party and an evening bridge courtesy were the final compliments given Thursday to bring to a climax the round of gala social events which marked the visit of Miss Elouise Clark of Dallas in Mission this week. Miss Clark left Friday night after a ten-day visit with her college classmate, Miss Evelyn Eppright.

Miss Martha Lee Glasgow entertained Thursday afternoon with a theatre party in McAllen as a compliment to Miss Clark. After the show, the guests enjoyed refreshments in McAllen.

Thursday evening's party was a dessert bridge given by Miss Margaret Hardin. A dainty, choice theme of pink and white was chosen for the affair.

Gifts were presented by the hostess to Miss Clark and Miss Eppright, the latter for high score honors. Mrs. R. R. Sheeler assisted her daughter in serving refreshments after the games.

For both courtesies, the personnel was identical and included Misses Clark, Eppright, Opal and Irene Bridges, Wilma Beth and Peggy Schuelke, Margaret West, Glasgow and Hardin.

## Guest Group Is Honored By Hostesses

ALAMO — Mrs. A. C. Stockwell and Mrs. Charles McGee entertained at the Lyons' home with a pleasing courtesy in honor of Mrs. "Bud" Wassell of Palm Beach, California; Mrs. Royal Geery, of Iowa, Kansas; Mrs. Lula McDavid and Mrs. Walter McDavid of North Alamo. The affair was held Tuesday afternoon from two to five.

The guests were delightfully entertained by Mrs. Gus North who gave two readings.

Punch and cookies were served to 25.

Miss Cora Hilton, president of the North Alamo Home Demonstration club, was hostess for the annual family picnic of that group held this week. Supper was served on the lawn.

Miss Marie Miller, county demonstration agent, gave two readings. The remainder of the evening was spent playing games under the direction of Mrs. C. R. Reynolds, chairman of recreation.

There were 40 present.

Mr. and Mrs. J. L. McGee were hosts on Monday night honoring Mrs. Harry Wadell and her brother, Charles Caldwell, of McAllen, their former neighbors in the north. The occasion was their birthdays.

A picnic supper was served on the lawn. Twenty-five guests enjoyed the hospitality.

A community picnic was held on the lawn of the Community Club on Thursday evening. After the supper which was enjoyed by about 40, a pleasing program was given which included an instrumental duet by Lyle Muir and Lynn Ward; a vocal solo by Gene Docktor accompanied by Shirley Ward and a demonstration of her twirling ability by Jayne Rhinehart.

## Dottie Lenington Complimented By Kidnap Breakfast

HARLINGEN — A farewell courtesy honoring Dottie Lenington was the surprise kidnap breakfast given by Dorothy and Mildred Adolph. Dorothy is leaving with her parents to reside in Falfurrias after having lived in Harlingen for nine years.

Assisting the young hostesses for the pleasant affair was their mother, Mrs. Rose Adolph.

The breakfast table was beautifully decorated and set for twelve. They were Dottie Lenington, Evelyn Hall, Christine Gilday, Mary Mann, Marjorie Franklin, J. Handford, Mary Helen Baker, Anna Marie Dudley, Charlene Jarrett, Leona Stacy, Mrs. Lenington mother of the honoree, and the hostesses and their mother.

## Initiatory Ceremony Observed By O.E.S.

WESLACO — An announcement of interest in Weslaco was the announcement of the engagement and approaching marriage of Miss Hazel Marie Anderson, daughter of Mr. and Mrs. Charles E. Anderson of Weslaco and John Robert Flowers, Jr., of Demopolis, Ala., son of Mr. and Mrs. John Robert Flowers, Sr., of Tuscaloosa, Ala.

Announcement of the coming rites were made at a dinner given this week by the bride-elect's mother to which her closest friends were bidden.

The dinner table was attractive with its centerpiece placed on a mirror plaque representing a lily pond with two swans drawing a boat. On the reins held by the regal birds were the names of the affianced pair and the nuptial date, August 11.

Guests enjoying the dinner courtesy and announcement were Miss Jewell Sims, Miss Claire Markowsky, Mrs. Nolan Anderson, Mrs. Weldon Blackwell, Mrs. Anderson and Miss Anderson.

## FROM FLORIDA

PHARR — Mr. and Mrs. Bob Cartwright have as their house guests, Misses Doty Hambrick and Helen Meadows of Yumilla, Florida.

## Valleywide Retreat To Be In Rio Hondo

RIO HONDO — Annual Retreat of Catholic women of the Valley will be held at the Girl Reserves Camp here beginning Saturday, August 3, at 7 p.m. and continuing through Sunday, August 4. All women of the Valley are invited to take part in the retreat which is observed annually near the close of summer.

Women wishing to attend should make reservations with Mrs. P. R. Craig in Rio Hondo.

## First Quota Of Red Cross Work Shipped

RIO GRANDE CITY — The first quota of the Starr County Chapter, American Red Cross, for the foreign production program was shipped this week when fifteen heavy weight dresses and five layettes were sent to the Red Cross warehouses in New Jersey. Miss Shirley Brooks is now program chairman succeeding Mrs. F. D. Guerra whose health did not permit her to continue the work.

The workers who generously assisted in getting up this quota by putting out the garments, distributing, sewing, and crocheting saques and caps for the layettes are as follows: Mrs. F. D. Guerra, Mrs. Howard L. Bass, Mrs. B. C. King, Mrs. Pepa Barbosa, Mrs. R. R. Ponce, Mrs. O. T. Vale, Mrs. Morris Shufford, Mrs. J. A. Garza, Mrs. Jennie V. Sanchez, Mrs. Eduardo Salinas, Mrs. W. W. Solis, Mrs. Amelia Cortez, Mrs. Manuelita Hinojosa, Mrs. Emma Hayden and Miss Robin Brooks.

At the present time another group is completing for shipment at an early date the quota of sweaters and shawls under the direction of Mrs. B. A. Spillar, Mrs. J. S. Leonard, Mrs. Wm. Keach and Mrs. C. Patterson.

## VACATION ENDED

LOS FRESNOS — Mrs. Stella Ryan and son, Gene, have returned from Chicago and North Dakota and points in the West where they spent their summer vacation.

## Miss Peggy Bush Honors House Guest

Arrival of Miss Peggy Bush (pictured right) and her guest, Miss Kathryn Heep of Austin, (left) about a fortnight ago has increased the whirl of activity that is making summertime a time of fun for the young college set.

Miss Bush honored Miss Heep last weekend with a large tea. Both will return to Austin in the fall for their sophomore year and they expect to again be roommates. (Photo by Purnell)

## Mrs. J. Gordon White Hostess At Mid-Summer Dessert Bridge Event

BROWNSVILLE — Mrs. J. Gordon White was hostess this week at a delightful dessert bridge when she entertained six tables of players Wednesday afternoon at her home.

Bright-colored zinnias in the variegated colors, and a vase of red and white roses made a colorful setting for the games. At the close of play, Mrs. E. P. Reed was given the bingo prize, and high went to Mrs. Jack E. Cronenwett of Harlingen.

Second high to Mrs. Fay L. Rockwell.

Guests included Miss Betty Rockwell, Mesdames Fay L. Rockwell, George Johnston of Houston, Fred Knapp, Herbert DeWalt, L. C. Fife, Vernon E. Colley, R. R. Fife, E. P. Reed, Jack E. Cronenwett of Harlingen, H. Peter Oshman.

Mesdames Nat B. Hatcher, H. E. Welker, Thomas H. Sweeney, Jr., Jack Mace, George W. Putnam, L. Thurmond Krueger, Arlene Putnam of El Campo, Jack Wiech, Charles L. Benn, Otto A. Manske, Wayne Lewis, John F. Barron, Robert C. Ammann, Jr., of Austin, and tea guests, Mrs. Roy F. Breeden and Mrs. Herbert D. Seago.

## Zinnia Show Set Tuesday

MISSION — Gardeners of the Upper Valley will be interested in the announcement of the Zinnia Show set to be sponsored by the Mission Garden Club Tuesday, July 30, at the home of Mrs. Joe N. Summers.

Open to the general public, the show will permit entries from non-club members as well as members of the sponsoring club. Hours set for the exhibits to be shown are from two to six o'clock.

Exhibitors must enter their displays before 12 o'clock noon on the day of the show. To be eligible, flowers entered must be grown and arranged by the exhibitor. Each exhibitor must furnish his own containers.

## Crums Depart

BROWNSVILLE — Mr. and Mrs. F. W. Crum and daughter, Blessie Lou, have returned to their home at Melvin after spending several days here as the guest of Mrs. Crum's sister.

## Mrs. Kelley Is Hostess On Friday

EDINBURG — Complimenting Miss Constance Ayres of Detroit, Michigan, Mrs. Rogers Kelley entertained with a lovely morning courtesy Friday. Miss Ayres is leaving Monday for Detroit after a visit with her parents, Mr. and Mrs. Clarence L. Ayres, who are spending some time at their home in Delta, Ore.

About sixty of the friends of the honoree and her mother called during the morning. Decorating the rooms with pretty arrangements of lavender, pink and white asters.

The hostess was assisted by Mesdames Ayres, A. W. Taylor, William C. Edwards, J. Cullen Looney, Misses Margaret Brown, Carolyn, Janet and Phyllis Cramer.

## Chapter To Celebrate Anniversary

LA FERIA—La FERIA Chapter 732, O.E.S., will observe its seventeenth anniversary Monday night, August 5, when the first meeting night in August, 1923, will be reenacted as nearly as possible.

Four charter members, Mr. and Mrs. Ernie Brower and Mr. and Mrs. H. E. Hensley were never initiated and will receive the initiatory degree at this time. Mrs. D. S. Knight, the chapter's first worthy matron, and D. S. Knight, first worthy patron, will conduct the degree work. During the early days of the La FERIA chapter, a phonograph was used to furnish music as the chapter owned no piano. This phonograph, which has been gathering dust in the Hensley attic for a number of years, will be brought down, oiled and put in condition for use by Mr. Hensley, and for old times' sake will provide music at the anniversary meeting.

A skit, representing pre-organization work necessary in form a chapter, will be presented by Mrs. Pearl Moe, Harold Hensley and other charter members.

Mrs. Mildred Branch, first candidate initiated by the new chapter, and for many years pianist will "have the honor" of playing the phonograph.

All Eastern Stars and visiting Stars are invited to attend.

A chapter shower is announced. An interesting panel discussion on "Ideals and Principles of Eastern Star and What the Order Means to Me," with each member present entering into the discussion was conducted at last Monday night's meeting.

All officers are asked by Anna D. Harpst, worthy matron, to meet at the chapter hall, Friday night at 7:45 o'clock, August 2, for practice.

## Kings Attend Wedding Rite

EDINBURG—Mr. and Mrs. Richard King, Jr. of this city were in Amarillo last week-end for the wedding of Mr. King's brother, Alfred A. King, to Miss Ellen Umphres, daughter of Mr. and Mrs. Hugh L. Umphres of Amarillo. The wedding took place in St. Andrews Episcopal Church in that city on Friday.

Mrs. King was matron of honor and wore an attractive white marquisette dress self-trimmed in corded design and fashioned with fitted bodice, boat neckline and full skirt. Her hat of white horsehair was caught on the upturned brim with naturally flowers. Mr. King was best man.

Both the Mr. Kings are descendants of Captain Richard King, the founder of the King Ranch, who married Miss Henrietta Chamberlain of Brownsville, daughter of the first Methodist minister in that city.

## Ex-Valleyite Visits

BROWNSVILLE—Mrs. A. L. McCullough arrived Thursday to spend several days here as the guest of Mr. and Mrs. Joseph C. Jordan. Mrs. McCullough, a former Brownsville resident, has been making her home on Long Island where Mr. McCullough has been transferred.

## Back From Santone

BROWNSVILLE—Mrs. Fred Pilgrim and her mother, Mrs. A. L. Bishop of LaFeria, returned Saturday from San Antonio where they went the middle part of the week to attend graduation exercises at Randolph Field. Their brother and son, Sam Bishop, also of LaFeria, received his wings in the exercises.

## Sister Is Willacy Guest

Mrs. Frederick Humphrey of Raymondville (seated) is shown with her house guest, Miss Eleanor Barkhurst of Zanesville, Ohio, who is in the Valley for a few weeks' visit. Mrs. Humphrey is vice president of the newly organized Raymondville Garden Club. (Staff Photo)

## Mrs. J. F. Sanders, Jr.

Mrs. John Franklin Sanders Jr. of Birmingham, Ala. is the former Miss Martha Frances Chapman. She is the daughter of Mr. and Mrs. E. A. Chapman of Birmingham. Mr. Sanders is the son of Mr. and Mrs. J. F. Sanders of Harlingen and widely known in the Valley. Marriage of the couple took place July 6 in the First Baptist Church in Birmingham. (D'Andre Studio)

## Morning Garden Party Given In Donna Fetes Two Valley Brides-To-Be

DONNA—A morning garden party, arranged Thursday, at nine-thirty, honoring Miss Jean Epperson of McAllen and Miss Marilyn McAskill of Edinburg, had as hostesses the Misses Sally and Imogen Weaver at their home in Donna. Miss McAskill's marriage to Jack Cunningham took place Saturday evening and Miss Epperson is to exchange wedding vows with James W. Glascock of McAllen August 6.

Miss Louise Boyce, Miss Jane Weaver, and Mrs. Walter G. Weaver received at the garden gate and presided at the twin guest books. The registers were presented to each bride-to-be at her own announcement tea and are being filled with records of all festivities connected with their betrothal and marriage.

Receiving with the honorees were their mothers, Mrs. J. C. Epperson

of McAllen, Mrs. Marvin McAskill of Edinburg, Mrs. O. E. Tatum of Paris, Tenn., aunt of Miss McAskill, Mrs. Elmedia Hilliard of Huntington, Tenn., Miss McAskill's grandmother, and the hostesses.

The honor guests wore delicate corsages of stephanotis and sweetheart roses presented to them by the hostesses.

Mrs. E. A. Boyce presided over the crystal punch bowl with its wreath of pink roses where the guests went first for grape juice and wafers. Mrs. Branch Roberts poured coffee, served with fruit rolls, while Mrs. Thomas H. Boyce, at a table across the garden, presided over the iced chocolate.

When all the guests had arrived, each of the honor guests received a pair of handmade linen towels into which had been embroidered her name and that of her fiancé.

During the morning Mrs. Eldon Sargent, accompanied by Miss Doris Ellis of Edinburg, sang "At Dawning" by Codman and "The Pulse Prophet" by Scott. Mrs. Sargent very cleverly then gave the ancient origin of many wedding customs, most interesting of which was that of the best man whose original purpose was to run interference against the bride's father while the groom stole his wife away.

Members of the honoree's house parties, family, and school friends from eight towns, were listed among the forty odd guests.

## Eidmans Return

BROWNSVILLE—Mr. and Mrs. Jack Eidman have returned from their wedding trip which took them to Austin, San Antonio, and Kerrville, and are at home to their friends in their home on the Military highway near Banker road. Before her marriage July 13, Mrs. Eidman was Miss Ruby James.

## Hills Depart

BROWNSVILLE—Mr. and Mrs. C. N. Hill, Jr., and children, have returned to their home in Houston after a visit in Brownsville with Mr. Hill's parents, Mr. and Mrs. C. N. Hill, Sr., and with other relatives in the Valley.

## McKays Visit

BROWNSVILLE—Mr. and Mrs. R. C. Morris had as their guests for a week, Mrs. Morris' sister, Mrs. A. N. McKay, and Mr. McKay, of LaPorte.

## Rolfs Return

SAN BENITO—Mr. and Mrs. Robert Rolfe left Saturday for their home in Dallas after two weeks spent with Mrs. Rolfe's parents, Mr. and Mrs. I. R. Gilbert. They were accompanied by Mrs. Rolfe's sister, Miss Blanch Gilbert, who will remain for a visit in Dallas.

## Younger Set Guests For Courtesies

MISSION—Three popular summer visitors were complimented Wednesday afternoon and evening when two parties formed interesting events on the social calendar. Miss Elouise Clark of Dallas, house guest of Miss Evelyn Eppright, was honored with Miss Marjorie Warren of Corpus Christi at the afternoon party when Miss Margaret West was hostess. Miss Warren is visiting in Westlaco.

Miss Opal Bridges and Miss Wilma Beth Schuelke entertained at the former's home with a watermelon party at the twilight hours to honor Miss Clark and Miss Sylvia Wilson of West Columbia, who is visiting her sister, Mrs. Herbert McElveen.

Tea and dainty refreshments were served as the guests arrived at the afternoon party and games were planned for the later hours. Miss West chose a pink and blue theme for the decorative appointments which were emphasized in the floral arrangements of pink roses and bluebells on the tea table. Replicas of the same bouquets were placed in low bowls on the games tables. Miss Martha Lee Glasgow received high score award for the games and gifts were also presented to Miss Clark and Miss Warren.

Others in the guest group were Misses Dolores Hannes, Wilma Beth and Peggy Schuelke, Irene and Opal Bridges, Margaret Hardin, all of Mission; Vivian Peterson, McAllen; Gladys King, Edinburg.

Guest for the twilight party were entertained on the lawn of the Bridges home, where melons were served an informal time enjoyed.

In the party were Misses Wilson and Clark, the honorees; Gladys King, Edinburg; Vivian Peterson, McAllen; Dorothy Shuhart, Fort Worth; Eppright, Margaret West, Peggy Schuelke, Martha Achee, Mildred Hooks, Anita Stoops, Wilma Morgan, Helen Card, Marian McHenry, Irene Bridges, Martha Lee Glasgow, Margaret Hardin; Mr. and Mrs. C. D. Schuelke, Dr. and Mrs. C. D. Eppright, Mr. and Mrs. O. V. Bridges, James and O. V. Bridges, Jr., and the two hostesses.

## E. P. Reeds Bridge Hosts

BROWNSVILLE—Dr. and Mrs. E. P. Reed were hosts this week to their Thursday evening bridge club when they entertained in their home in Los Ebanos.

In the games, Mrs. Vernon E. Colley, a guest, was high and second high went to H. E. Walker.

Playing were Mr. and Mrs. R. E. Puckett, Mr. and Mrs. H. E. Walker, Mr. and Mrs. Nat E. Hatcher, John Duro, Mr. and Mrs. Otto A. Manske, members and the guests, Mr. and Mrs. Colley.

The next meeting will be held in two weeks with the Hatchers.

## Brownsville Group Home From School At Montreat, N. C.

BROWNSVILLE—Returning Thursday evening from Montreat, North Carolina, where they have been for the past several weeks were the Rev. R. Matthew Lynn, local minister, Miss Katherine Myers, and Jim Batsell.

Miss Myers and Jim Batsell were delegates from the local church to the assembly Training School for Young People in the Southern Presbyterian church at Montreat. The Brownsville group was accompanied by other delegates from other Valley cities.

## Adams-Rollins Rites Announced

BROWNSVILLE—Mrs. Emma Rollins announce the marriage of her daughter, Miss Helen Rollins to Jerald Lee Adams, son of Mr. and Mrs. W. E. Adams.

The marriage was celebrated quietly in Harlingen, July 20, Mr. and Mrs. Adams are making their home here where they graduated this year from the Brownsville high school.

## Dancys Visit

BROWNSVILLE—Mr. and Mrs. Wendell Dancy of Houston, and their three children, are the guests of Mr. and Mrs. O. C. Dancy, for a week or so.

## To Arrive Soon

BROWNSVILLE—Returning to their home here at the week-end will be Mr. and Mrs. Rufus Ransome and their son and daughter, who have been visiting relatives in Austin. Mrs. Ransome and the children have been in the capital city for the past two months, being joined there several days ago by Mr. Ransome.

## To Visit Mother

EDINBURG—Mrs. Robert Henry Klossner is leaving Sunday to spend a month with her mother, Mrs. S. W. Pouns in Brownwood, while Mr. Klossner is at the Reserve Officers' Training Camp at Fort Arthur. Mr. and Mrs. Klossner have been residents of the Valley about a year. They were hosts recently to a barbecue at the home of his parents, Mr. and Mrs. Roy H. Klossner.

## Louisiana Guests

BROWNSVILLE—Mr. and Mrs. W. B. McFarland have as their guests for a month, Mrs. McFarland's cousins, Misses Olga Mae and Hazel Champagne of Lafayette, La.

## HORSE AND BUGGY

Would you buy a horse and buggy to go to San Antonio tomorrow? Of course not. You would buy an efficient auto. Then why don't you buy an efficient Rexair Cleaner to clean your house? Brooms and vacuum cleaners can no more follow a horse and buggy can follow an up-to-date automobile. Rexair not only cleans the house much better, but much faster. No efficiency lost through dust bags. Rexair cleans the air you breathe through water, leaving all dust and germs in a water with a strong germicide, which kills all germs instead of spreading germ-laden dust particles in the air.

The "American Weekly" magazine recently published a story "Dust Kills Millions Yearly." Rexair is the only cleaner that removes all dust particles; being quick relief to Asthma, Sinus, Hayfever, Colds, etc. Endorsed by the leading medical journals and eminent physicians.

Besides cleaning rugs, hardwood floors, linoleum, it does the best job of applying wax and polishing. Ask Mr. Mantel, for a demonstration with no obligation while the introductory price lasts only a few days more. Then the Rexair will sell at its regular price \$23.50 more.

## Monterrey Highway

McALLEN—William H. Furlong of San Antonio, United States representative of the National Highway Direction of Mexico, is giving wide publicity to the Reynosa-Monterrey highway, chamber of commerce officials said Saturday.

He has described the highway in talks at Denver, St. Louis, Chicago, Cincinnati, Des Moines, Cleveland and other cities, and in newspaper stories in many newspapers and in 55 radio broadcasts, including one with a 123-station hookup.

## Hearing On Budget

BROWNSVILLE—The city is preparing for its budget hearing which will be held as soon as the tax rolls are completed and the rate set for the coming year, said Mayor Royce Russell following the city commission's first meeting in the new city hall Friday night. Only routine business was discussed, the mayor said, at the meeting in the building formerly occupied by the Merchants National Bank.

## Proven Oil Fields Set Summer Activity Record

## Nine New Producers And Other Tests Are Added

McALLEN—South Texas proven fields had set a new summertime activity record Saturday with nine new producers in four fields turned into storage and almost as many new tests started. Five new producers in the Colorado field in western Jim Hogg county started the parade. The Kelsey field in Brooks and Rincon in Starr county added one each and a pair of new producers was finished in the Sun field in northern Starr.

The Colorado area continued one of the most active in all South Texas, with two independents and two majors steadily pushing production to the north and east.

Humble Oil and Refining Company added three new wells to the Colorado production line. The No. 15 King Ranch-Colorado, Survey 42, made 350 barrels daily on 3-16-inch tubing choke. The sand at 2,999-foot depth with 350 pounds tubing working pressure and 500 pounds closed-in casing pressure.

**Oil String Cemented**  
Humble's No. 17 Atwood Heirs, Survey 35, cemented oil string at 3,084 feet after coring the field pay at 3,091-99 feet and was ready to start pumping, hence did not have a production gauge. It showed plenty of oil when plugs were drilled.

Humble's No. 18 Atwood Heirs, Survey 35, was ready for production test after drilling plugs in oil string set at 3,088 feet. Sand was cored at 3,097-99 feet and the well made 310 feet of oil on 16-minute drill stem test.

In the northern part of the Colorado field, Sun No. 3 N. S. Thaxton, Survey 670, made 195 barrels daily on 3-16-inch tubing choke with 520 pounds tubing and casing in the well.

**197 Barrels Gauged**  
One location north of the No. 3 Thaxton, Sun's No. 4 N. S. Thaxton, Survey 670, cored the field sand at 2,987-90 feet and cemented casing at 2,968 feet. The well gauged 197 barrels daily on 3-16-inch tubing choke with 525 pounds tubing and casing in the well.

Sun's No. 5 N. S. Thaxton, Survey 670, was drilling past 150 feet. Also in the northern part of the Colorado field, two new wells were nearing the sand. V. F. Neuhaus No. E-2 F. G. Trevino, Survey 37, was coring around 2,975 feet, while C. Andrade III No. E-1 F. G. Trevino, Survey 37, was past 2,950 feet.

## Production Test Due

In the Kelsey field in Brooks county, Humble No. 47 J. C. McGill, La Blanca Grant, gauged 92 barrels daily on 8-64-inch tubing choke from sand at 4,709-22 feet with 475 pounds tubing working pressure and 900 pounds closed-in casing pressure.

The sand at 4,932 feet and 5-1/2 inch oil string was cemented at 4,718 feet prior to production test. In the south part of the field, Humble's No. 67 J. C. McGill, La Blanca Grant, Starr county, cemented 10 3/4-inch o. d. surface pipe at 1,082 feet and was making hole past 2,200 feet.

The Sun field in northeastern Starr county reported two new producers.

**Sun Tests Spudded**  
Sun's No. 9 Geo. H. Speer, Survey 238, an inside well, gauged 252 barrels daily through casing perforations (12 shots) at 4,920-23 feet. Casing had been cemented on bottom at 4,945 feet. Tubing working pressure was 875 pounds and closed-in casing pressure was 450 pounds.

Sun's No. 10 Augustin Olivares, Survey 238, gun-perforated casing (14 shots) at 4,605-08 feet and gauged 168 barrels daily on 9-64-inch tubing choke with 200 pounds tubing working pressure and 410 pounds closed-in casing pressure. Total depth was 4,640 feet.

Another new test in the field was being spudded. Sun No. B-3 Geo. H. Speer, Survey 236, was rigging up and was ready to start operations. Location had been staked in Tract three, Los Retaches Grant, in the northern part of the field, for Sun's No. A-5 I. V. Montalvo.

**New Rincon Producer**  
Sun's No. A-4 Montalvo, Tract three, Los Retaches Grant, was being spudded. The sand at 4,912 feet and 5-1/2 inch oil string had been cemented on bottom. Production tests was to be made immediately on this north field well.

In the Rincon field in eastern Starr county, one new producer was in the tanks and another well was drilling.

W. R. Davis and Company No. A-14 Slick Estate, Survey 231, in the north part of the field's producing area, gauged 180 barrels daily on 16-inch tubing choke through casing perforations (79 shots) at 4,095-4,110 feet and additional perforations (59 shots) at 4,120-30 feet with 400 pounds tubing working pressure and 700 pounds closed-in casing pressure.

On the southwest edge of the field Davis No. B-32 Slick Estate, Survey 486, about 1,500 feet west of the hole in the field, was drilling at 3,810 feet. This is the only rig now operating at Rincon.

**Two Tests Watched**  
In the Sullivan City field in western Hidalgo county, Phillips Petroleum Company No. 1 February Flores, Tract 236, Portion 39, Reynosa Jurisdiction, was drilling past 3,400 feet.

Another new well, H. J. Porter et al. No. 1 Delato Lopez, Tract 237, Portion 39, Reynosa Jurisdiction, will spud shortly.

Two tests were being watched with close interest in the new Boyle field in southern Starr county.

A mile south of the field discovery, Bordoli Petroleum Company No. 1 June de Dios Vela, Share 2-A, Portion 92, Canargo Jurisdiction, continued production tests in

## Popular Dramatic Stars Appear In New Film Hit

Bette Davis And Charles Boyer Co-Starred In 'All This And Heaven Too'; Other Hits Are Scheduled

BETTE DAVIS and Charles Boyer, two of the screen's greatest dramatic stars bring glowing life to the film version of Rachel Field's sensational novel "All This, And Heaven Too," currently featured Sunday, Monday and Tuesday at the Arcadia Theatre in Harlingen.

One of the leading best sellers of the past few years, Miss Field's novel comes to the screen with its dramatic essence immeasurably heightened by the brilliant performances of the two great dramatic stars.

"All This, And Heaven Too" is the highly dramatic story of a French governess, seemingly destined for a life of spinsterhood, who became the stormcenter of a Parisian murder scandal which shook Europe nearly a century ago, but who survived the ordeal to find peace and happiness in America.

Besides Miss Davis and Boyer, the film features a notable cast which includes Barbara O'Neil, Jeffrey Lynn, Virginia Weidler, Walter Hampden, Henry Daniell, George Coulouris and many more.

### "MARYLAND" FILMED IN TECHNICOLOR

AGAIN CAPTURING the traditions and beauty of the old South in his latest production, "Maryland," Darryl F. Zanuck has selected one of the year's outstanding casts headed by Brenda Marshall, John Payne, Walter Brennan, Fay Bainter, Charlie Ruggles, Marjorie Weaver and Hattie McDaniel, to bring it to life.

Filmed in technicolor, "Maryland" tells the absorbing story of a mother's aversion to horses after her husband has been thrown and killed during a fox hunt. Despite her inhibitions, her son becomes an expert horseman and, to further complicate the situation, he falls in love with the granddaughter of a horse trainer. All the glory, romance and traditions of the South are captured in the development of the intensely human story.

"Maryland" is booked for current showing Sunday and Monday at the Rivoli Theatre in San Benito; Tuesday and Wednesday at the Ritz Theatre in Weslaco; Thursday and Friday at the State Theatre in Mercedes and at the Capitol Theatre in Brownsville, Thursday, Friday and Saturday.

### HARDY FAMILY SEEN IN NEW FILM

CONTINUING THE adventurous of his screen career, Mickey Rooney steps out in high society in "Andy Hardy Meets Debutante," latest of the "Hardy Family" pictures starring Lewis Stone, Judy Garland and Ann Rutherford.

Falling in love with a New York deb through her pictures in the paper, telling his friends he knows her well and making good on the boast are two different things for the irrepressible Andy when his father takes him along on a business trip to New York in the story. But Judy uses her influence to help him out.

As the deb in the cast is Diana Lewis, and others in the story are Cecilia Parker, Fay Holden, Sara Haden and George Breakston. "Andy Hardy Meets Debutante" is booked for current showing Sunday and Monday at both the Palace Theatre in McAllen and at the State Theatre in Mercedes.

### 'NEW MOON' IS ROMANTIC MUSICAL

NELSON EDDY and Jeanette MacDonald are seen together for the first time in more than a year in the screen's new romantic musical "New Moon," booked for current showing Sunday and Monday at the Capitol Theatre in Brownsville.

A story of many musicals as well as dramatic thrills, "New Moon" is set against the colorful background of early New Orleans, and travels, by way of the high seas, through pirate adventures, shipwrecks and subsequent life on a desert island.

The varied musical score solos by Miss MacDonald are the famous "Love Come Back To Me," "One Kiss," "Pareo" and "Rondelet." Together with Eddy she sings "Wanting You," while the "Largo" number is sung by Miss MacDonald with a choir. Eddy's songs include "Softly As In A Morning Sunrise," "Stout Hearted Men" and "Shoe Shine Song," and a male quartet renders the lilting "Marianne."

### SINCLAIR LEWIS STORY IS FILMED

SINCLAIR LEWIS' famous novel, "Mantrap," reaches the screen as an absorbing romantic drama, under the title of "Untamed," co-starring Ray Milland, Patricia Morrison and Akim Tamiroff.

Background against the splendour of the wild Canadian North woods, and done entirely in Technicolor, the picture graphically visualizes the relentless battle of two men for the love of a woman who has married a French-Canadian guide and hunter, to later realize that life with her husband in a tiny community, far from the civilization which has constituted her entire previous environment, has become intolerable. Still respecting her husband, she realizes that he has come to draw her ever closer to the young society doctor who has come to the town to devote his life to ministering to the people of the sparsely settled country.

"Untamed" is booked for showing Friday and Saturday at the Arcadia Theatre in Harlingen.

Nelson Eddy co-stars with Jeanette MacDonald in "New Moon" booked for current showing Sunday and Monday at the Capitol Theatre in Brownsville.

Above are the leading members of the outstanding cast of the technicolor film "Maryland," booked for current showing Sunday and Monday at the Rivoli Theatre in San Benito; Tuesday and Wednesday at the Ritz Theatre in Weslaco; Thursday and Friday at the State Theatre in Mercedes and at the Capitol Theatre in Brownsville, Thursday, Friday and Saturday. John Payne (upper left) is shown with Walter Brennan, Brenda Joyce and Fay Bainter, while below (left to right) are Hattie McDaniel, Charlie Ruggles and Marjorie Weaver.

Ann Rutherford and Mickey Rooney in the latest "Hardy Family" screen hits "Andy Meets Debutante," booked for current showing Sunday and Monday at both the Palace Theatre in McAllen and the State Theatre in Mercedes.

Charles Boyer and Bette Davis in the screen version of Rachel Field's famed novel "All This, And Heaven Too" booked for an extended engagement at the Arcadia Theatre in Harlingen, Sunday, Monday and Tuesday.

### Hitler And Naziism Attacked In Movie

"The Man I Married" adapted from the recent Liberty Magazine serial "I Married a Nazi" is an indictment of Hitler and Nazism, more pointed and outspoken than any preceding picture of like nature.

Joan Bennett, Francis Lederer, Lloyd Nolan and Otto Kruger share co-starring honors in "The Man I Married," which is booked for showing Tuesday, Wednesday and Thursday at the Palace Theatre in McAllen and at the Rivoli Theatre in San Benito Friday and Saturday.

## Rumania Carved Again At Orders Of Hitler

### English Invasion Delayed Another Week-End; American Solidarity In Spotlight

By The Associated Press

A defensive and economic program described as designed to shock rudely any aggressive-minded foreign power with western hemisphere aspirations was all but signed and sealed at the Pan-American conference in Havana Saturday night.

This, the United States' main objective, was practically a declaration that the 20 other American republics would support this country's enforcement of the Monroe Doctrine.

This American display of solidarity came as Germany gave orders for the further carving-up of Rumania, with Bulgaria and Hungary each destined to get a territorial slice.

Out of the flurry of conferences in Germany and Italy, the German press intimated that Adolf Hitler had told Balkan diplomats he expected them to settle their own differences, with the important qualification that he favored the claims of both Bulgaria and Hungary, the latter with some modification.

"New Order" Stressed

The Balkan countries must acknowledge the principles of the "new order in Europe," said the National Zeitung of Essen, a newspaper closely associated with German Marshal Hermann Wilhelm Goering. (Full details on Page 10)

At the same time, Germany's warplanes roared over Great Britain and Scotland in the third straight day of heavy attacks. The British acknowledged two civilian planes were killed but said four Nazi bombers were shot down, bringing the three-day total to 33 German planes. (Complete story on Page 7.)

American foreign ministers in Havana agreed on a plan for continental solidarity which, authoritative spokesmen said, substantially carried out the United States' proposals for a joint trusteeship over European colonies in the western hemisphere which might be threatened by a change of owners in Europe, and included the American ideas on economic and subversive activities.

Confer With Mussolini

After visiting Adolf Hitler, Rumania's premier and foreign minister went to Rome and talked over details of a Balkan territorial line.

## FD NAMES UNIT FOR EUROPE'S FOOD RELIEF

### Funds Available But Blockade Is Bar

By MAX BOYD

WASHINGTON—(AP)—President Roosevelt established an organization Saturday to undertake the task of buying \$50,000,000 worth of relief supplies, getting them through the British blockade and seeing that they reach over refugees instead of falling into German hands.

The money for the undertaking was appropriated by Congress recently at Mr. Roosevelt's request.

Farm Purchase Planned

In an executive order, the president designated the Secretary of Agriculture to purchase farm products and the Secretary of the Treasury to buy other supplies under the program. What will be purchased is to be determined by these officials and the American Red Cross.

The Red Cross was designated as an agency to transport the purchases abroad and distribute them to "refugee men, women and children who have been driven from their homes or otherwise rendered destitute by hostilities or invasion."

Other agencies may be designated later to carry on similar work.

Stephen Early, presidential press secretary, made public the order. Questioned by newsmen as to whether Great Britain had agreed to let the supplies through her blockade, he replied that distribution was 100 per cent the job of the Red Cross.

Red Cross Negotiates

It was believed that the Red Cross might negotiate with the British and German governments through the state department.

Norman Davis, chairman of the American Red Cross, conferred with the president later in the day. He told reporters afterward that his agency would operate only where it had complete control over distribution, so that it would know its supplies went to those for whom they were intended.

## One Of Four Insane In Shoshone Murder

### SHOSHONE, Idaho—(AP)—Chester Phillips, one of four charged with murder in the exposure death of his father-in-law was committed to the state mental hospital Saturday.

Phillips, 22, alarmed Lincoln county authorities by hysterical activities and wild cries. In a hearing before Probate Judge Howard Adkins he was adjudged insane.

## Child Killed

### Hidalgo County Car Collision Fatal

McALLEN—Andrea Pena, three-year-old daughter of Mr. and Mrs. Francisco Pena of Edouch was killed early Saturday night as the result of an automobile collision at the intersection of Taylor Road and the McAllen-Mission highway.

The Pena car was being driven east, according to investigating officers, when it came in collision with another car occupied by Mr. and Mrs. Charles Ray of South Texas and the child apparently was struck by a part of the car. A Martin-Nelson ambulance answered the call. Funeral services for the child will be held from Edouch Sunday morning.

## Thermometer Ruined As Heat Bursts It

### FARMVILLE, Va.—(AP)—Residents here figured Saturday it must be hot—even though they had no official readings.

Weather Observer E. F. Striplin took his family out of town to escape the heat, and his thermometer in use for five years climbed to 135 (in the sunlight) and then exploded.

## 21 NEW WORLD REPUBLICS OK DEFENSE PACT

### Trade Plan Expected To Surprise Axis

### SOLIDARITY SEEN

### Hull Gratified Over Success Attained

HAVANA—(AP)—The neutrality commission of the Pan-American conference Saturday night drafted projects to deal with the "Fifth Column," subversive activities of foreign diplomats in the Americas, and the treatment of foreign minorities in case of war. The projects will be submitted to the full conference Monday.

HAVANA—(AP)—The 21 American republics were in agreement through their foreign ministers Saturday night on a broad defense and economic plan which an authoritative source described as effective enough both to surprise and discourage any foreign powers casting covetous eyes upon this continent.

The program, embracing the main objectives of the United States, awaited formal adoption before adjournment of the conference next Tuesday, but committee approval was said to insure its success with the same solidarity marking previous Pan-American gatherings.

Compromises Formed

This was accomplished through adjustment of differing viewpoints in committee without materially changing any of the proposals brought here from Washington by Secretary of State Cordell Hull.

After long hours spent in patient persuasion and argument in a hot hotel room overlooking the sea, Hull was represented as being gratified with the action decided upon.

He was said to feel that any aggressive-minded powers that hoped and worked for failure of the conference would be shocked and discouraged by the unity and determination shown by the American republics in taking steps to carry out their professions of solidarity and purpose.

New World "Awakens"

At the same time the conference was said by an authoritative spokesman to have shown an awakening of the republics from an attitude of complacency and belief that the mere assertion of neutrality was sufficient to deter foreign conquerors.

The concrete results of the conference, as agreed upon by committees, were three-fold:

1. A declaration that the status of European possessions in this hemisphere is of equal concern to all the American republics and creation of machinery under which any of them might be taken over and administered temporarily to safeguard continental security.
2. Establishment of the framework of a broad economic plan for immediate relief of countries burdened with exports shut off from European markets and development of an independent American system strong enough to prevent foreign customers from forcing unfair trade.
3. A declaration that the status of European possessions in this hemisphere is of equal concern to all the American republics and creation of machinery under which any of them might be taken over and administered temporarily to safeguard continental security.

Broad Economic Plan

2. Establishment of the framework of a broad economic plan for immediate relief of countries burdened with exports shut off from European markets and development of an independent American system strong enough to prevent foreign customers from forcing unfair trade.

## Sect Meets

### Jehovah's Witnesses Hold Convention

EL PASO—(AP)—After a stormy beginning, in which they were denied use of a public hall and were the object of citizen protests, members of a religious sect (Jehovah's Witnesses) conclude their Texas state convention here Sunday with praise for El Paso's "kind reception."

Harold Woodworth, chairman of the meeting, added that nearly 450 delegates were carrying on a house-to-house canvass of the city to distribute literature and meeting with some rebuffs.

DELEGATES ARE JAILED IN NEW MEXICO

LAS CRUCES, N. M.—(AP)—All but one of 24 members of a religious sect (Jehovah's Witnesses) were held in jail Saturday night for hearing Monday on charges of violating a handbill ordinance in the distribution of their literature.

## Goolsby And Morrison In Runoff In Hot Cameron Sheriff Race; Rail Race Close

### LUTHER SNOW IS SHERIFF FOR WILLACY

### Charles Johnson Tops Judge's Race

RAYMONDVILLE—On the basis of incomplete returns from Willacy county, five of seven precincts reporting, Luther D. Snow, former sheriff, had a clear majority over his opponents in the race for sheriff but runoff races appeared in the offing in the contest for county judge and for county tax assessor-collector.

Snow had a total of 938 votes as compared to 282 for Joe Turner, the incumbent, and 511 for Mack Christman. It would require a big reversal in the two missing boxes to bring about a runoff in the race for sheriff.

C. R. (Charley) Johnson, incumbent, held the lead but no majority in the county judge's race with a total of 859 votes while C. P. Hillbun, who abandoned the post of county superintendent to make the race, had 597 and S. R. Lynn was a poor third with 317.

There were six candidates in the race for assessor-collector with John R. Campbell's 801 votes falling of a majority. Ed Raymond was second with 305, Z. O. Conney third with 178. Fourth was R. K. Finlay, who polled 156 votes. C. B. Owen got 152 votes and Hugh McKenzie 123.

## 34 Members Of Sect Jailed At Detroit

### DETROIT—(AP)—Thirty-four persons arrested while distributing literature of Jehovah's Witnesses pleaded innocent in traffic court Saturday to charges of soliciting funds without licenses. Each was held in \$5 bond and the case set over to Tuesday.

Sixty in all were arrested but some too late to be taken to court Saturday.

Jehovah's Witnesses are holding their national convention here.

## Iron, Oil Ban Said Due By Wednesday

### HOUSTON—(AP)—The Houston Chronicle said Saturday a partial government ban on oil and scrap iron exports will go into effect here at midnight Wednesday.

The move was indicated, the paper said, in a federal note directing customs officials to "permit export without an export license" only four more days.

## Nervous Rookie In South Confused Over U. S. Leader

### OKLAHOMA CITY—(AP)—A nervous National Guard rookie was undergoing a federal inspection test.

"Who's president of the United States?" snapped the inspecting officer.

The rookie stammered, then gulped: "Franklin D. Roosevelt Jones."

## Rumania Is Fearful Of Division Result

### BUCHAREST—(AP)—Rumania sought a formula Saturday night whereby actual cession of territory to Hungary and Bulgaria may be postponed as long as possible, despite a German order that she enter into quick direct negotiations with those countries.

The Rumanian press and radio said any further surrender of Rumania territory at this time might provoke an internal crisis of serious consequences just at a time when Germany wants to keep supplies moving from the Balkans to the Reich.

## Only Ones Who Got Excited Were The Candidates

### Menton Murray, young JayPee, taking part in his first campaign for office, was a study in nervousness Saturday, but was really on the job. The nervousness didn't effect his usual good nature . . .

Jimmy Strawn, Frank Brownfield and Cleo Gilliland were about the only office holders in Willacy county Saturday who felt at ease, they being the only folks in major offices up there without opposition. Jimmy is county attorney, Frank county clerk and Cleo the commissioner for precinct 2 . . .

## Election At A Glance

### GOVERNOR W. LEE O'DANIEL'S prediction of a clear majority appeared on the way to realization. Thompson was second, Hines third.

### PIERCE BROOKS shaded Olen Culberson in the railroad commissioner's race on the basis of incomplete returns and a nip and tuck battle appeared in prospect to determine entries in the run-off.

### JAMES R. NORVELL, the Valley's own candidate in the race for judge of the fourth court of civil appeals, was leading Thomas D. Cobb in 29 out of 57 counties.

### JOE P. HATCHITT was holding a majority in the district attorney's race but unreported precincts might easily bring about a runoff, more than likely with Weaver.

### SHERIFF ARTHUR GOOLSBY was almost certain to have a runoff battle with unreported boxes possibly making Will Cabler the second man in the race, although incomplete returns placed Tom Morrison second.

## GOOLSBY HAS TOP VOTE IN COUNTY RACE

### Leonard Wins Race For Congress

HARLINGEN—Sheriff J. A. Goolsby led a field of three in the Cameron county Democratic primary Saturday while the incumbent state representatives of both Cameron and Hidalgo counties appeared assured of re-election in the only other contests of any ranking in these two counties.

Goolsby, seeking re-election, polled a total of 3,177 votes with three large Brownsville boxes (No. 7, 8 and 10) and the Media Luna box still out and with two Harlingen boxes (No. 30 and 32) and La Feria incomplete. Tom Morrison of Combes appeared assured of a place in the runoff on the basis of returns to date but there was a potential voting strength of 1,920 votes left in the unreported boxes which might swing the balance to Cabler.

Morrison had 2,319 votes while Will Cabler, erstwhile Goolsby chief deputy, was trailing in the race with 2,047 votes.

Augustin Celays of Brownsville, had a comfortable majority over both opponents in the race for representative from Cameron county and Homer Leonard of McAllen was an easy winner over Dave Noser for representative from Hidalgo county even on the basis of incomplete returns.

Celays polled a total of 4,514 votes while A. R. Davis of Combes 1,874 and Gus Butler of San Benito 927. Leonard, who was said to have a good chance for being named next speaker of the House of Representatives, polled 4,514 votes in 13 out of Hidalgo county's 24 polling places while Noser, McAllen contractor, garnered 1,238. It was not regarded as likely that Noser would be able to overcome this lead with votes from the yet unreported boxes.

## JOE HATCHITT HAS MAJORITY But Later Count May Mean Runoff

HARLINGEN—All available returns at 3 a.m. Sunday gave Joe P. Hatchitt of Corpus Christi, a majority over his other two opponents, W. B. Weaver and Roy A. Scott, also of Nueces county, in the race for district attorney but none of the four reporting counties had complete figures and none were available from Kennedy county.

Hatchitt had a total of 5,501 votes as compared to 4,027 for Weaver and 2,367 for Scott. This included only 19 out of the 47 boxes in Nueces county. Kleberg and Willacy similarly were incomplete and Kennedy missing altogether.

Cameron county, with most of the votes in, gave Hatchitt almost three-fourths of the total with 4,560 as compared to 1,589 for Weaver and 880 for Scott. In Willacy county Hatchitt had 898, Weaver 609 and Scott 484. In Nueces, Hatchitt had 1,408, Weaver 1,214 and Scott 767. Kleberg reported 585 for Hatchitt, 615 for Weaver and 236 for Scott.

Although Hatchitt had a majority on the basis of incomplete returns, a runoff was still a possibility.

## Texas Firm Asking To Reduce Gas Rate

### WASHINGTON—(AP)—The El Paso, Texas, Natural Gas Company, a wholesale distributor, filed with the Federal Power Commission Saturday tariffs reducing domestic rates it charges over its entire system two cents per thousand cubic feet, effective September 1.

Paul Kayser, president of the company, said that except in "cases of minor adjustment" the reduction would be passed along to consumers. He estimated it would save them \$75,000.

He said that when the new tariffs became effective the city gas rate for domestic gas at El Paso would be reduced from 29 cents to 27 cents per thousand cubic feet.

## Norvell Leads Valley Man Ahead In State Race

### DALLAS—James R. Norvell, Edinburg, was leading Thomas D. Cobb of Bexar county 16,435 to 9,553 in incomplete returns from 29 counties early Sunday morning for the post of Associate Justice of the Court of Civil Appeals, 4th Judicial District.

Norvell, appointed to the post by Gov. W. Lee O'Daniel recently, was running for the first time. He is widely known in the Valley.

## Damyankes Not As Famous As In '64

### GREENVILLE, S. C.—(AP)—A two-and-one-half year old boy on a visit to Beaufort was informed that "the Yankees burned grandfather's home here during the war between the states."

Replied the boy: "What an awful thing for a baseball team to do."

## 4 Leaders Celebrate In Austin

### AUSTIN—(AP)—In atmosphere of happy excitement, four persons who want to be governor of Texas for the next two years sat with members of their families and friends at "listening posts" here Saturday.

One was Governor W. Lee O'Daniel, who, with Mrs. O'Daniel and eldest son, Pat, arrived about 7 p.m. from Fort Worth where they had voted.

Before dark, a shirt-sleeved crowd had gathered on the grounds of the "White House of Texas" to watch with the executive the unfolding of the story of the day's election.

Other candidates at their homes were Ernest O. Thompson, Mrs. Miriam A. Ferguson and Jerry Sadler.

"Ma" Lives In Austin

Of these only Mrs. Ferguson was a "full time" resident of the Texas capital. Since the conclusion of her second term as governor, she has resided here.

Thompson's official residence is at Amarillo and Sadler's is at Longview, but both live in Austin currently because both are members of the State Railroad Commission.

Shortly after his arrival, Governor O'Daniel came out to the lawn, clad in white linen, black hair slicked, smiling.

"Hello, folks!" he greeted the crowd which, numbering at the time about 100, sat in chairs or walked about, looking the place over.

Governor Is Applauded

There was a flurry of hand-clapping. Answering questions, he said he felt "like a million dollars," and was as "happy as can be."

"The campaign was great," he said. "People everywhere treated

## Brooks Tops Culberson Late Saturday; Runoff Assured

### Hines Leads Mrs. Ferguson In Governor Race; Chief Justice Runoff Indicated

DALLAS—Preferences of Texas Democrats for Hillbilly music and W. Lee O'Daniel, apparently more popular than he was two years ago, was indicated by partial returns of the Texas Election Bureau which gave the governor a slight majority in the gubernatorial primary. This lead, if held, will assure him of another two years in the governor's mansion without having to face a runoff in August.

Returns from 190 out of 245 counties (12 complete) gave O'Daniel 264,599 to his opponents' combined total of 237,932. O'Daniel jumped into the lead early Saturday night, and his majority increased steadily as returns poured in.

Second in the race for the governorship was Ernest O. Thompson of Amarillo, now railroad commissioner, who polled 109,144 votes in the incomplete returns far less than half of O'Daniel's total.

Harry Hines of Wichita Falls, now a highway commissioner, nosed into third place with 52,312 votes by taking a lead over Mrs. Miriam A. Ferguson of Austin, attempting a comeback. She was fourth in the race with 43,050, although earlier in the night she was a strong third.

Trailing far behind was Jerry Sadler from Longview, now railroad commissioner. He polled 29,677.

Arion B. "Cyclone" Davis of Dallas county received 2,382 and Rip Condon, La Feria, although he withdrew from the race, polled 1,367.

Early Sunday morning, Pierce Brooks of Dallas county passed Olin Culberson of Jackson county and led with a slim majority. It was a ding-dong battle, and Culberson had led throughout the early count.

## Anglers Here For Contests

### Fishing Rodeo Will Start Sunday

PORT ISABEL—Sunday morning, possibly long before sunrise, several boats will leave various docks here, headed for the open waters of the Gulf of Mexico, and the marlin contest of the Seventh Annual Rio Grande Valley Fishing Rodeo will be under way.

Among the anglers who will go after the big fellows will be Bob Edge of New York, nationally known fishing writer, sportsman, fishing editor of PM and radio commentator of CBS. Edge arrived in the Valley by plane Saturday morning and will fish with "Monty" Montgomery, the real discoverer of marlin in Valley coastal waters and a nationally known fisherman, on "Monty's" cabin cruiser, Jack Matthews, also of New York, is driving through and is expected here Saturday night. If he arrives in time he will join Edge and Montgomery.

## Weikel Leading In Only Commissioner Race In Cameron

BROWNSVILLE—On basis of complete unofficial returns in the Commissioner's Precinct No. one for Cameron county George Weikel defeated his three opponents, G. A. Stanford, C. C. Wooten and Tom Hunt Saturday.

Vote by precincts on the race is as follows:

Port Isabel—Stanford, 31; Wooten, 33; Hunt, 98; Weikel, 226.

Las Yescas—Stanford, 15; Wooten, 4; Hunt, 4; Weikel, 75.

Los Fresnos—Stanford, 87; Wooten, 4; Hunt, 59; Weikel, 233.

Olmito—Stanford, 14; Wooten, 11; Hunt, 40; Weikel, 64.

## Interpreting The War News

### Ships Beating Planes?

British Navy Has Lost But One Large Ship, And Air Superiority Still Unsolved

By KIRKE L. SIMPSON  
AP War Analyst

Buried amid the rival London and Berlin claims of spectacular successes for their air forces is another item of war news of a negative but hardly less important nature.

Recapitulating Britain's naval war losses, the British admiralty said that in almost eleven months of pitched battle between British sea power and German air power no battleship had been sunk by air attack. The only capital ship which Britain admits losing is the Royal Oak, sunk at anchor in Scapa Flow months ago by a German submarine.

Considering that Britain's main battle fleet has been through recent months of duty in home waters—increasingly within reach of German bombers—that is a noteworthy matter. In the Mediterranean, British battleships also have been under air attack jeopardy ever since Italy entered the war.

### RIFLE CLUB'S WORK LAUDED

Schaeffer Addresses Mercedes Meet

MERCEDES — Giving complete details of the functions of the Mercedes Junior Rifle club, sponsored by the American Legion post, O. J. Schaeffer, director and instructor for the club, was the speaker at the Thursday meeting of the Kiwanis club.

The junior organization is made up of sons of Legionnaires and is affiliated with the National Junior Rifle association, which organization furnishes the local club with sufficient ammunition and other materials. Schaeffer stressed precautionary measures taught to members of the club, and said that out of the many affiliated clubs throughout the nation, there has never been a casualty reported in the association that was caused while the members were participating in club work.

The Kiwanis members voted to meet with the Rotary and Lions Clubs Wednesday at 7:30 p.m., when a program will be presented by the Rotary Club.

### Refugee Ship

Arrives In Mexico; 513 Aboard

MEXICO CITY—(AP)—The steamer Santo Domingo arrived at Puerto Mexico, Friday with 513 Spanish refugees who fled from France before the German invasion.

The refugees, participants of the defeated Spanish Republican regime, included 200 women and children. They were transferred from the ship Cuba at Martinique.

Some of the women and children will be taken to Perote, Veracruz, where a farm colony to accommodate 2,000 is being prepared, and the remainder will be distributed in various parts of the country.

### Grasshopper Type Plane Jumps Into Air From Ground

WILLOW GROVE, Pa.—(AP)—A "grasshopper" type of airplane able to take off and land in a space no larger than a tennis court, is the aviation industry's latest contribution to flying.

Developed by the Pitcairn Autogiro Company, the new type Autogiro literally hops in the air. Its predecessors could land at a dead stop, but required a runway for the takeoff.

In its first public demonstrations the new ship leaped skyward more than 20 feet, easily clearing an 18-foot-high rope barrier.

### Bulgarians Confer With Adolf Hitler

BERLIN—(AP)—Adolf Hitler Saturday received Bulgarian Premier Bogdan Philoff and Foreign Minister Ivan Popoff at his retreat at Obersalzberg after his conversations with Rumanian statesmen Friday.

The Bulgarians were received in the presence of Foreign Minister Joachim von Ribbentrop.

### Dutch Peace Talk Surprises Germans

BERLIN—(AP)—German officials said Saturday they were astonished that the Dutch Huisum radio had broadcast Friday the report of a peace mediation appeal to President Roosevelt on behalf of "The Netherlands committee for organization of an international peace conference at the Hague."

They said, however, that the recent speech of British Foreign Minister Lord Halifax, rejecting Adolf Hitler's Reichstag peace offer, had closed all discussion of peace, therefore any rumors of a new German offer are "too silly for an official rejoinder."

### Los Angeles Gains Much In Population

LOS ANGELES—(AP)—Los Angeles county's population is 2,777,211, a gain of 568,719 in the last ten years, B. B. Lewis, area manager, announced Friday. The total, subject to correction, compares with 2,208,492 in 1930.

### Prisoners Not Wanted

BERN, Switzerland—(AP)—In an effort to reduce the millions of hungry mouths in German-held portions of France, the German army of occupation is reported to be releasing hundreds of thousands of imprisoned French soldiers and showing them across the demarcation line into French-ruled territory. It was reported Saturday.

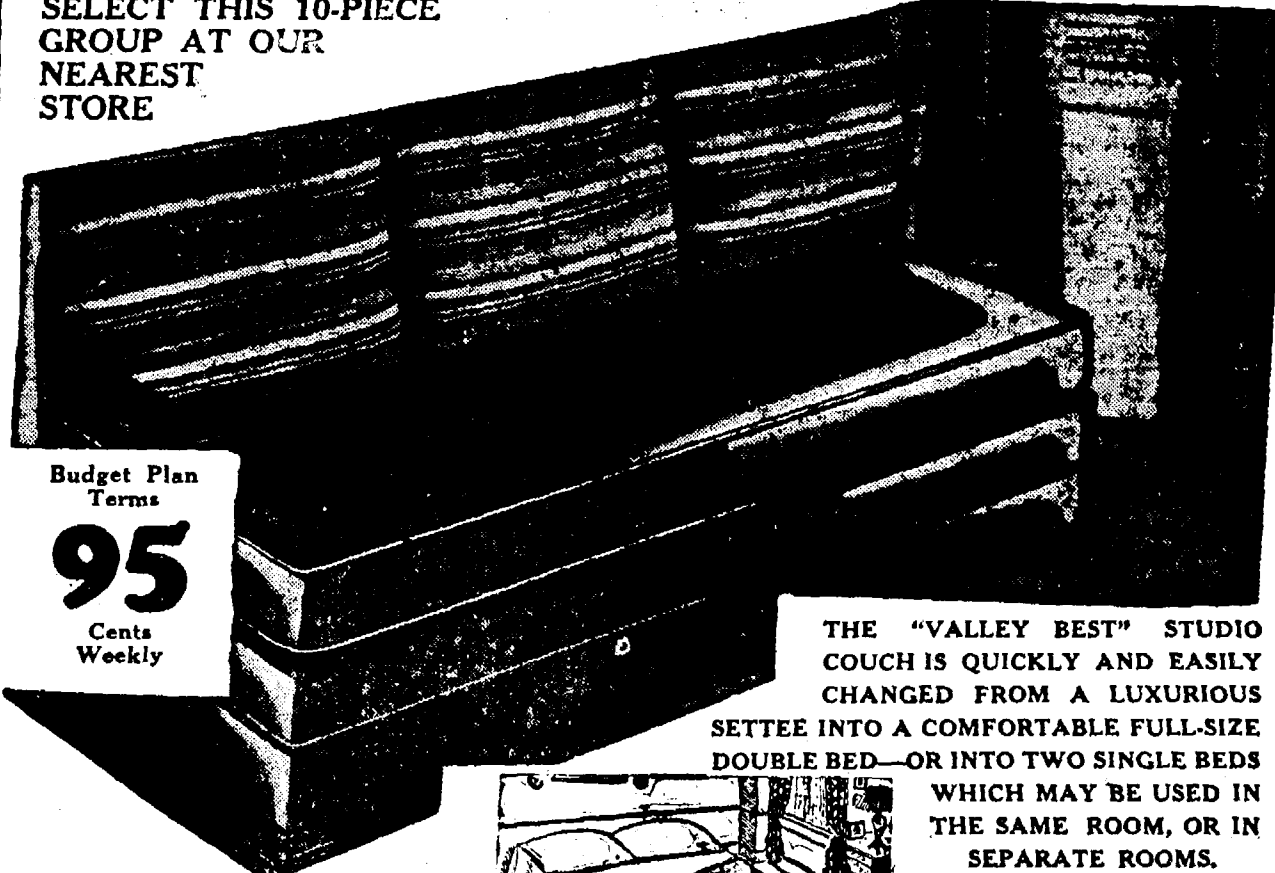

Released prisoners whose homes

are in the unoccupied zone are delighted, but officials of the Vichy government, already hard-pressed for food supplies, are described as frightened and perplexed by the problem of feeding the former soldiers.

Travelers arriving here said the Germans were herding the disarmed French soldiers across the line regardless of whether their homes were in occupied or unoccupied territory.

resources to pay social security obligations. He advocated such a tax in his campaign. Along with all the other opponents of O'Daniel he predicted there would be a run-off, and said he was in it.

Cyclone Davis, avowedly depending upon the vote-drawing power of his father's name, also centered his attacks on O'Daniel and the sales tax. He spoke once from the steps of the state capitol, clad in an Uncle Sam suit, and said O'Daniel would run third in the race.

## CUT IN RATE FOR CANNED GOODS SEEN

### Reduction In Freight Levies Granted

WESLACO — New freight rates a third lower than the existing schedules have gone into effect on Valley canned goods to points within the state, placing them on a competitive basis with canned goods produced outside of Texas which have been enjoying an advantage to date.

James A. Burch, secretary of the South Texas Canners Association, which asked for the reduced rates, has been advised by C. E. McNamee, chief rate expert of the Texas Railroad Commission, that the new schedules have been granted.

All Valley canned goods have been placed on a group or common point basis, based on the mileage from Harlingen to destinations.

Burch advised members of the association that storage in transit privileges also have been granted. Goods may be shipped from the canner to other points for storage and later reshipped to other interior Texas destinations at the through rate from point of origin plus \$6.93 per hundred car from the point of storage.

"These new rates will offer canners and producers to reach Texas markets in competition with other sections outside the state," Burch said. "Particularly will this be true of the Ozark and Baltimore sections."

**Comparison Is Listed**  
These new rates are based upon a 22-cent pound minimum. The rate on 20,000 pounds and under the new minimum may be shipped at a rate five cents per hundred pounds over the new minimum.

Here is a comparison of the old and new rates to some points: Abilene 48 cents and 33 cents; Austin 36 cents and 24 cents; Dallas 43 cents and 30 cents; El Paso 59 cents and 42 cents; San Antonio 30 and 22 cents; Wichita Falls 48 and 35 cents.

### 4-H Club Members Ask Civic Work

McALLEN — Aaron Reynolds of McAllen, who is the McAllen Chamber of Commerce sent to the recent 4-H Club meeting at College Station, told directors Saturday that all Hidalgo County 4-H Club members, boys and girls, are eager and glad to assist service clubs and other civic organizations.

Young Reynolds declared the group wants to participate in as many civic activities as possible. He won second place in the field crop judging at College Station. One of the most interesting phases of the meeting, he said was the fact that sessions were conducted by the 4-H Club members themselves.

### Ruby Keeler Does Not Like Jolson's Lines; Quits Show

CHICAGO — Ruby Keeler and Al Jolson, who separated maritally, will part company on the stage as well.

Jolson, producer and star of the musical "Hold On to Your Hats," has agreed to release his former wife from her contract with the show, it was announced.

Miss Keeler said she felt unhappy and uncomfortable being in the same show as her former husband; that she didn't like his old references to their married life.

### Mercedes Gets Map Of Water Project

MERCED — The Mercedes Chamber of Commerce is in receipt of a map from Congressman Milton H. West, showing the proposed Rio Grande river water diversion plan.

According to the map, the water from a huge canal will be diverted by gravity at a bend in the river about 10 miles above Zapala. The canal will extend over a stretch of 160.30 miles from its point of diversion to Brownsville and will include the construction of the Los Cimos reservoir at Rio Grande City and a large reservoir at Mission.

A federal appropriation of approximately \$50,000,000 is being requested by Congressman West.

### Baby Weighing 20 Pounds Is Reported

POPULAR BLUFF — (AP) — A baby which "undoubtedly weighed 20 pounds at birth" was reported here Friday night by County Health Officer J. W. McPheeters.

The baby, a girl, was born 10 days ago to Mr. and Mrs. Joseph Hunter, Negroes, of nearby Morocco. Hunter claimed the child, their tenth, weighed 20 pounds at birth.

McPheeters said the child weighed 16 pounds 2 ounces Friday and since a new-born baby normally loses some weight it could, he added, easily have weighed what the father claimed at birth.

"I never saw one like it," the physician added.

### Oklahoma's Crude Production Is Cut

OKLAHOMA CITY — (AP) — Oklahoma lopped 18,000 barrels a day from its August oil quota Friday in the hope it would begin a parade of oil state reductions to bring stabilization to the industry.

Conservation Officer W. J. Armstrong, in recommending an allowable of 390,000 barrels daily, expressed belief the state had kept in step with demand better than its neighbors, but said Oklahoma should help the industry as a whole by dropping below the Federal Bureau of Mines estimates.

## Combine Mint, Suh, With Grapefruit Juice From Valley And Get Cool Drink

### SPEAKS HERE

McALLEN — Here's a new hot weather suggestion—cool mint and grapefruit.

C. E. Kerns of Troy, Ohio, a McAllen winter visitor, this week sent the McAllen Chamber of Commerce a clipping from the Dayton (Ohio) Journal, with the following description of the cooling drink:

It's an old Southern custom, but from the land of mint and grapefruit comes the best idea in years for a summer combination that will keep you cool and calm through summer doldrums. You guessed it—it's mint and grapefruit, and unlike the ancient mariner, we need have no fears of being becalmed by the heat while there are long cooling grapefruit-mint drinks; refreshing sherbets and salads that will make you shiver. The secret is right under your thumb (or on a hook in the kitchen)—for it's your trusty can opener.

You may lack a vine-covered veranda, and the days of hoop-skirts for all-day wear may be over, but as long as you have a can opener, a can of grapefruit juice or sections and a sprig of mint, your warm-weather menu worries are over. Try these ideas for coolness' sake, not for forsaking flavor, and the recipes that follow for encores:

**Try this on your next broiled denizen of the deep:** Put fish on large platter, surround completely with canned grapefruit sections. Sprinkle liberally with grapefruit juice, then with finely chopped mint leaves. Your fish will be a "king fish."

Melt two or three tablespoons of mint jelly with a tablespoon of canned grapefruit juice; pour over canned sections. Sections in a sherbet glass, garnish with sprigs of mint and serve as an appetizer.

Make "Teetotaler's Julep" like this: Fill a shaker with crushed ice and canned grapefruit juice. Add two tablespoons of confectioner's sugar (less if juice is sweetened), and add finely chopped mint leaves. Shake until sugar is well dissolved and mint is distributed throughout. Strain over crushed or shaved ice into iced, sugared glasses; garnish with sprig of fresh mint. Serve with a straw. Several after-dinner mints may be dissolved along with the sugar, if desired.

Minted fruit cup: Fill sherbet glasses with citrus salad (orange and grapefruit sections and juice), dissolve three after-dinner mints in one tablespoon of citrus-salad juice for each fruit cup; pour over fruit. Garnish with sprig of fresh mint, served cold.

Mint Freeze  
1 No. 2 can grapefruit sections  
1-3 cup white corn syrup  
6 stalks fresh mint  
Drain grapefruit sections. Combine grapefruit juice, corn syrup and mint in a saucepan and heat; do not boil. Remove from heat and let stand until cool; remove mint stalks. Combine liquid with grapefruit sections. Pour into tray of automatic refrigerator and freeze until firm, but not hard. Makes four servings.

Mint-Citrus-Ade  
1-2 cup sugar syrup  
6 stalks fresh mint  
2 tablespoons lemon juice  
1 cup canned grapefruit juice  
1-2 cup water  
2 cups ginger ale  
Remove tips from the mint; crush the stalks in the hot sugar syrup (made by stirring 1-2 cup sugar and 1-2 cup water in a saucepan over direct heat until sugar is dissolved). Let the tips stand 1-2 hour; strain. Add lemon juice, grapefruit juice and water if necessary. Chill, and just before serving, add ginger ale. Garnish with additional mint and serve cold.

## PAA PILOT IS MOVED HERE

### Frank Glen To Rank As Captain

BROWNSVILLE — Frank P. Glen, who has been flying the Pacific division of Pan American Airways as a co-pilot, has been transferred to the western division of PAA here.

He is to complete his pilot training on PAA's western division, and will be "checked-out" as a captain. For four and one-half years, he has been serving as a co-pilot on the eastern and Pacific divisions of PAA. He has made 15 round trips between San Francisco and Hong Kong.

Native of Besancon, Glen is a graduate of Brooks and Kelly fields, and served a year each at Langley and Barksdale fields with the U. S. army air corps. He holds a reserve lieutenant's commission.

## Rifle Shown

### Donna Legion Views New Weapon

DONNA — Captain W. L. Williams, Company "M," 141st Infantry, Texas National Guard, of San Benito, assisted by Sgts. Mim, and Crow, and Private Don Pfeiffer, gave an interesting demonstration of the new semi-automatic Garand rifle and also explained in detail the modern machine gun. Fifteen hundred rounds of ammunition was fired over the small pistol range in the Donna American Legion Hall, one of the machine guns being fitted with a 2-caliber chamber. An electric eye machine gun was also demonstrated, this gun being used by the National Guard in training recruits in order to save ammunition.

About 50 Boy Scouts and Legionnaires were allowed to fire the gun and were given instruction in aiming and trigger pull. The meeting was attended by several hundred interested citizens. Capt. Williams complimented Donna for its interest and stated that a Donna boy, Private Crawley was one of his most promising recruits. Private Crawley is now at Citizens Military Training Camp but will join the National Guard during their two weeks training at Ft. Benning, Ga. on August 10.

### Charles C. Stewart Family Returns

BROWNSVILLE — Assistant Postmaster Charles C. Stewart and family have returned from an extended automobile trip to New York, Washington and Richmond, Va.

They spent about two weeks in Richmond, Va., while Kelsey Stewart, 13, underwent an appendicitis operation. The trip was made by Mr. and Mrs. Stewart and sons, Kelsey and Chilton.

Their daughter, Miss Arnetta Stewart, accompanied them as far as Washington where she has taken a stenographic job in the payroll section of the quartermaster general's office of the war department.

## HOUSTON SETS COTTON MARK

### Coastwise Movement At Record High

HOUSTON — (AP) — With three days to go before the cotton season ends, Houston has established a new record in the coastwise shipment of the staple.

The figure is 240,462 bales, compared with the highest previous record, set in the 1936-1937 season, of 201,944 bales. Last year the volume was 175,912 bales.

The foreign movement, while ahead of the past several years, is far short of a high mark. Stimulated by the export subsidy, the movement abroad began at a swift pace. Late in 1939, however, the government abandoned the subsidy, and Europe's conflict further reduced shipments to foreign lands.

Since last August 1, 1,716,483 bales moved abroad, compared to the previous seasonal figure of 936,831. The record year for Port Houston was 1931-1932, when 2,655,094 bales were shipped.

### Bessarabians May Move Into Russia

MOSCOW — (AP) — The Rumanian ministry of foreign affairs has assured the Soviet French office that no further obstacles would be placed in the way of Bessarabians wishing to move from Rumania into the territory recently surrendered to Soviet Russia, it was announced Saturday.

About 15,000 Bessarabians living in other parts of Rumania when the province itself was handed over to Russia already have returned to their homeland, the official Soviet news agency, Tass, reported.

## Mussolini Shows World He's Healthy By Hard Day Of Exercise; Nearing 57

### Jumps Hurdles On Horse, Plays Tennis Set

By RICHARD G. MASSOCK

ROME — (AP) — Premier Mussolini put his German calvary mare over the hurdles Saturday before 45 foreign correspondents that they might see how fit he is as he nears the end of his 56th year. After 10 minutes of strenuous horsemanship the Duce reined in his mount, turned to a group of Nazi correspondents and asked in German:

"Am I sick, weak, tired?" His query required no answer. Mussolini, who will celebrate his birthday Monday, permitted the correspondents to view his early morning exercises on the vast, tree-shaded grounds of his Villa Torlonia residence in Rome.

I had asked about his daily routine as the leader of the Italian nation at war and it was in response to this query that the Duce admitted a selected group of correspondents to his home.

The newspapermen were driven to Villa Torlonia in two buses provided by the ministry of popular culture. Nine Americans and 16 Germans were included in the party.

**Lives Well**  
Several houses, wide lawns, tennis courts and ponds were visible in the grounds through which we were conducted to a large riding ring, in the center of which were a brush fence and log hurdles.

The Germans were stationed first around the ring, then the Americans and finally those of other nationalities. The only request made of the correspondents was that they refrain from smoking in the presence of the Duce.

Mussolini rode into the ring a few moments later, wearing a white military cap, undershirt, grey breeches and boots. A white belt held down the undershirt, which he had failed to tuck into his breeches.

**Greets Correspondents**  
With the premier were his riding master, Console Ridolfi, an officer in the Fascist militia, and two troopers. Mussolini rode along the fence where the correspondents were introduced to him individually. He responded by smiling, speaking the names of some and waving a greeting to those he knew.

# VALLEY-WIDE LEGAL GROUP TO ORGANIZE

## Meeting Is Called By Judge Hutcheson

BROWNSVILLE — A Valley-wide division of the University of Texas Law School Association will be organized at a banquet Monday at 7:30 p.m. at the Hotel El Jardin.

The meeting is being called by Federal Judge Joseph C. Hutcheson, Jr., of the U. S. fifth circuit court of appeals, New Orleans, who is to preside Monday and Tuesday at a special session of U. S. district court here.

Judge Hutcheson, who lives in Houston, is president of the University of Texas Law School Association.

All ex-students of the University of Texas law school are urged to attend the organizational meeting.

**Abney Chairman**

Banquet chairman is James L. Abney, U. S. assistant district attorney here. Reservations may also be made with Paul H. Brown, Harlingen, and Vernon Hill, Mission. The dinner tickets are 75 cents.

Mr. Abney said that all reservations should be made, and reported to him by Monday noon.

The main address will be made by Judge Hutcheson, who is also expected to discuss the new rules of civil procedure for state courts. Presiding will be Harbert Davenport of Brownsville.

The brief session of federal court here is to be held to clear the docket of pending cases.

# New Oil Area Nebraska Gets Its First Producer

FALLS CITY, Neb. — (AP) — Nebraska, on the verge of becoming an "official" commercial oil producer, looked at the black fluid Saturday as a possible solution to problems arising from repeated drought and crop failure.

A workman opened a valve Saturday morning for the last day of the Pawnee Royalty Company's 60-day test run of its Bucholz well near here for the state's \$15,000 bonus for the first commercial producer.

All that remained was for two state inspectors, who already had seen nearly 10,000 barrels of oil flow from the hole in 59 days, to watch Saturday's daily requirement of 50 barrels run out.

Although the Nebraska legislature offered the bonus, it neglected to appropriate the money, so B. G. G. of Slayton, Tex., and his brother, W. A. Quinn of San Angelo, Tex., Pawnee owners, will have to wait until next January for their money.

# Seed Of Grapefruit Seen Valuable Now

WINTER HAVEN, Fla. — Grapefruit seeds that are a bother to housewives in preparation of fruit for the table and have also been a waste to canners, are being found to be valuable oils, according to the citrus products laboratory here.

Grapefruit seeds contain an oil that can be extracted at reasonable cost and a commercial plant here has adopted the new process worked out by U. S. chemists here.

Last season the plant produced 90,000 pounds of the crude oil, which has a ready market because it is used in sulfonated form in textile dyeing.

# Bronco Reputation Is Lost To Rider

CHEYENNE, Wyo. — (AP) — A bucking bronco named "Empty Saddle" lost his reputation as a "Devil Horse" when he was ridden Friday by George House of Sterling, Colo., at the 44th Annual Frontier Days Rodeo.

Kid Roberts of Strong City, Kan., gave the day's top ride in the Bronco steer riding event.

James Kinney of Comstock, Tex., scored the best time of the day in the calf roping event—21 seconds. Clarence Darnell of Apache, Ariz., was second with 21.2 seconds.

# Guardsmen Will Get Job Pay While Away

BIRMINGHAM, Ala. — (AP) — The Tennessee Coal and Railroad Co., which lists approximately 100 Alabama national guardsmen among its employees, announced Friday it would grant leaves of absence without loss of pay for the Third Army maneuvers Aug. 4-24.

The announcement was in line with the request of Gov. Frank M. Dixon to employers of national guardsmen.

# Mexican Congress Will Open Monday

MEXICO CITY — (AP) — It was announced Saturday that Congress would begin consideration Monday of President Cardenas' projected law for establishing universal compulsory military service in Mexico.

The Congress opened an extraordinary period this week to consider the military service bill and other pending legislation.

# When Bullets End Manhunt

Members of a sheriff's posse are shown above walking with Americo Bragg, 48, just after he had shot himself as the posse closed in near Petaluma, Calif. Bragg, the officers said, shot and killed Mrs. Louise Carmichael, 48, whose body was found in his car. The officers said, Griggs kidnapped Mrs. Carmichael after shooting and critically wounding her sister, Miss Olympia Garzoli, 53. The women members of a pioneer Marin and Contra Costa county family employed Bragg on their ranch. Bragg was not expected to live.

# San Juan Boy Enters State Driving Event

SAN JUAN—Tusten E. Stugard, 15, son of Mr. and Mrs. Burl Stugard of San Juan, is one of the five boys entered in the Texas finals of the Ford Good Drivers League nationwide driving contest.

He completed his final driving test Thursday at the State Highway Patrol office at San Antonio, under the supervision of Patrolman E. R. Neill.

A total of \$30,000 in prizes, including 48 university scholarships and 96 free trips to the New York World's Fair will be given in the nationwide contest, sponsored by the Ford Motor Company. The winner of the Texas contest, in which Stugard participated, will be given, along with a parent or sponsor, a free trip to New York to compete in the national finals during the week of August 26. Results of the tests will be studied by league officials at Dearborn, Mich., before the Texas winner is named.

The final test included parking in uphill and downhill situations, stopping and starting on hills, stopping in a limited space, and other automobile maneuvers.

Young Stugard was a member of the winning tennis doubles team for the Hidalgo County championship in 1940. He placed second in the state music contest at San Antonio in 1939, playing a French horn. Tusten has driven an automobile for more than four years.

# BUS PURCHASE IS CONSIDERED

## McAllen Board May Buy Equipment

McALLEN—School board members are expected to meet Monday for further consideration of the purchase of two buses.

Board members George Chapapas and W. E. Crawford Saturday completed their analysis of specifications for the vehicles, and the financial angles will be studied Monday.

The new buses would carry from 45 to 55 students each. Chapapas said the cost would range from \$2,100 to \$2,250 each.

"There is ample time in which to complete purchase arrangements and secure delivery of the buses before school opens in September if the board decides to add the equipment," Chapapas said.

The district bought a 60-passenger conveyance last year. Chapapas said he believed the district could save money by owning its own buses since private drivers are paid five cents a student for bringing them to school.

# Union Protests So Poor Children Get No Free Haircuts

RICHMOND, Va. — (AP) — Richmond firemen, whose hobby for more than 60 years has been free trimming of poor children's hair, must put away their scissors.

A traveling representative of a barber's union registered a complaint, and Safety Director John A. Cutchins held that the firemen were violating the sanitary provisions of a city ordinance and must stop the hair cutting.

# Export Ban Is Said Aimed At Japanese

NEW YORK — (AP) — The opinion that new United States regulations governing the export of oil and scrap iron are aimed primarily at Japan was expressed Saturday by a Berlin news commentator in a broadcast heard here by NBC.

The regulations, the commentator said, represent the strongest economic weapon the United States could use against Japan.

# Book Will Portray Work Of Cardenas

MEXICO CITY — (AP) — The Department of the Interior reported that various government agencies were collaborating on an encyclopedic volume which would survey the accomplishment of President Cardenas' revolutionary six-year administration.

The volume, copiously illustrated with photographs and charts, is being written with the aim of widespread distribution among the Mexican people.

# REYNOSA C. C. URGES CONSUL

## Mexican Government, Envoy Appealed To

McALLEN — Mexican Consul Lauro Izazurre of McAllen announced Saturday that Reynosa Chamber of Commerce officials have asked their government to request the United States for a permanent consular office at the neighboring border city.

Requests have been sent to Mexican Ambassador Francisco Castillo Najera at Washington, D. C., and to the Ministry of Foreign Affairs at Mexico City, Izazurre said.

"The Reynosa Chamber of Commerce officials informed Ambassador Najera and the ministry of foreign affairs that establishment of a permanent United States consulate there will be of great benefit to both McAllen and Reynosa," the consul said.

"Trade between the two cities has been increasing steadily and a large volume is anticipated."

U. S. Vice Consul James G. Byington of Torreon has been stationed at Reynosa temporarily to visa passports of Mexican citizens desiring to visit McAllen and other Valley cities.

# No War Jitters Valley Gets Publicity For Building

McALLEN — Ralph Bradford, secretary of the Chamber of Commerce of the United States, who will conduct a chamber of commerce clinic at Northwestern University August 18, will use material from McAllen.

Bradford will tell attendees at the clinic that the citizens of McAllen are constructing a chamber of commerce building addition in the face of "jittery" conditions shown in other sections of the United States.

McAllen's activity will be cited as an example of business going on as usual and as an example of what can be done under the proper leadership. Bradford will use the data at his own suggestion, local chamber officials said.

# French Money Set Aside For Aviation Reported Misused

VICHY, France — (AP) — Rene Fonck, French ace who was credited with 75 victories in the World War, said Saturday the French air force had made a miserable showing in the current war because money intended for strengthening it had apparently never been used for that purpose.

Sufficient credits were voted by the government to build an air force equal to Germany's, Fonck said, and added: "no one knew where the money went."

The material deficiencies, he declared, were due in part to the incompetence and inertia of men in posts of command.

# Wins At Races So Gives Kiddies Big Load Of Ice Cream

BOSTON — (AP) — John Reno of East Boston, a summer time Santa Claus, did his bit to relieve the heat which gripped the city Friday night. He won \$190 at Suffolk Downs in the afternoon, hitting the daily double and four other races, and used \$25 of it in the evening to buy out a truckload of ice cream to feed to the kids in his sweltering neighborhood.

# French To Initiate Movement Of Youth

VICHY, France. — (AP) — Establishment of a youth movement to be known as "Compagnons of France" for boys between the ages of 15 and 20 was indicated Saturday in press reports.

The boys, the press said, will live in camps learning trades and receiving "physical and moral education."

# Schools May Drop History Teaching

FORT COLLINS, Colo. — (AP) — The situation in Europe being what it is, newspapers may supplant texts in some high school history classes this fall.

Superintendent of Schools Craig P. Minear, pointed out recent events forming a significant part of world history are not available in texts so the school board deferred action.

# Tots Parade In U. S.--For Health

## Strange Parade In Ohio As Diabetic Children Take Insulin

CLEVELAND — (AP) — A bugler sounded "Reveille" in Ohio's dawn Saturday. Fifty boys and girls hurried to wash and dress, and then "form as strange a parade" as ever has been seen in a children's summer camp.

It was the "insulin parade" of camp Ho Mita Koda, a vacation spot for diabetic children.

Five to 18 years old, they lined up to receive the daily injections which spell the difference between life and death to these 50 boys and girls.

They were chubby and cheerful. There were no sad faces. Their minds, quite obviously, were upon the adjacent dining room, where breakfast wound up the "insulin parade."

Their breakfast was carefully prepared, as all the meals of diabetic persons must be, but the casual observer could not differentiate it from the meals served in any of America's thousands of summer camps. And the activities ahead were little different from the recreations that crowd the program of any camp—swimming, volley-ball, tennis, archery, handicraft, baseball.

Sunday the camp closes its annual session of a month, and the children will return to their homes in nine states. They will go back fortified in health. But more important, says Dr. Henry J. John, the camp sponsor, they will go away knowing that children suffering from diabetes still can have fun.

# GARNER CASTS VOTE NUMBER 1

## Returns To Routine Life At Uvalde

UVALDE, Tex. — (AP) — Vice President John N. Garner, who came home from Washington to vote in the primaries and look after his banty chickens, attended to his voting chores Saturday morning as soon as the polls opened here.

So early that few people were about, Mr. and Mrs. Garner walked to the polls from their home three blocks away, cast votes No. 1 and 2 respectively, and walked home again.

The vice president planned a fishing trip Saturday but his fishing cronies, garage owner Ross Brumfield, called off the expedition because he "had too much work at the shop."

Mrs. Garner said that since fishing was off the schedule, her husband would spend the remainder of the day reading, relaxing and perhaps listening to radio election returns in the late afternoon and evening.

**Resume Old Routine**

Since returning to Uvalde, the Garners have followed their usual homely routine of simple living and small pleasures. The town in turn has altered its routine little except at the post office where the vice president's homecoming has meant the arrival of several hundred additional letters each day.

# MEXICAN OIL STRIKE SEEN

## 18,000 Employees To Quit Monday

MEXICO CITY — (AP) — The militant petroleum workers union was reported Friday night to have ordered its 18,000 members to stage a 24-hour walkout Monday in protest against President Cardenas' decree reorganizing the government oil industry.

An officer of the union said Secretary-General Rafael Suarez secretly had sent urgent telegrams to all 32 regional committees instructing them to tell outworkers under their jurisdiction at 10 a.m. Monday "unless contrary orders should be received," effecting a general tie-up of the industry.

The telegram also asked the committees to telegraph messages attacking the wage cuts and other economies embodied in the decree to Cardenas, to Congress and to the Department of Labor.

This drastic action by the union, which during months of negotiations has opposed various economy programs put forward by Cardenas to stave the financial difficulties of the deficit-harassed industry, would be its first open conflict with the President and might signal a large-scale struggle.

# Secret Debate Set For British House

LONDON — (AP) — Prime Minister Winston Churchill will open secret debate on foreign affairs in the House of Commons Tuesday and make his first speech on that subject since he succeeded Neville Chamberlain. It was authoritatively reported Saturday.

The British attitude toward affairs in the Balkans, Far Eastern questions, and the position of Russia, were expected to be discussed. It was understood Churchill may make a public speech before the secret session.

# U. S. Envoy To Rome Will Take Vacation

ROME — (AP) — U. S. Ambassador William Phillips plans to leave Rome Monday for a brief vacation in the United States.

He will be accompanied by Ambassador John Cudahy, who is returning to Washington from Brussels. Cudahy left the Belgian capital after Germany asked all foreign diplomats to leave Belgium and The Netherlands.

# Soviet To Increase Size Of Its Fleet

MOSCOW — (AP) — Admiral Nikolai Kuznetsov, commissar of the navy, disclosed Saturday night that Soviet Russia would add 168 warships to her fleet this year and urged that Russian naval power be stepped up to parity with the country's army and air strength.

# Cotton Belt Cash

In the six-year period from 1924 to 1929 the cash income of production from sales of cotton and cottonseed averaged \$1,537,000,000 annually. For the year ending July 31, 1939, it was \$629,459,000, or 40 percent of the pre-depression average.

Almost a billion dollars a year lost to the cotton farmer! Several times that amount of business lost annually to those depending in whole or in part upon the trade and commerce created by the cotton dollar!

Faced with this loss, surrounded by a 12-000,000-bale carryover, pounded by the blitzkriegs of foreign production and synthetic substitutes, shall democratic American cotton surrender to the dictatorship of more aggressive industries? Or shall it attack with all its tremendous power, advancing strongly into new and old markets for an ultimate democratic victory?

You, as the individual consumer, hold the answer to cotton's future. Your purchases of cotton are the ammunition needed for the advance.

# Panama Canal Defenses Are Tested In Surprise Attack

## Listening Devices Warned Of Raiders Hour Before They Arrived; U. S. Satisfied

BALBOA, Canal Zone — (AP) — The Panama Canal Zone defenses were checked for possible loopholes Saturday after according a hot reception to swarms of "enemy" planes which roared across the narrow isthmus Friday night in a surprise attack simulating modern blitzkrieg methods, and, incidentally, catching defense officers in their dinner clothes.

Pending an analysis of detailed field reports, staff officers would not say whether the defenders had scored an unqualified victory, but their grim smiles indicated they were far from dissatisfied with the protectors of the canal, a vital key to western hemisphere defense.

**Had Long Warning**

In the absence of official comment the best indication of the efficiency of the defense was the fact that the alert signal was sounded an hour before the raiders were in position to strike, although the raid had been planned with such secrecy that only those in the highest places knew it was coming.

Except for the actual crash of exploding bombs the attack, executed by planes from the Coco Solo naval base on the Atlantic side, was carried out under conditions closely resembling actual warfare.

For 45 minutes searchlights stabbed the air as formations of high-speed bombers swept over the vital waterway searching for vulnerable points. Flares which the raiders dropped instead of bombs gave an eerie brilliance to the scene.

**Both Entrances Attacked**

Both entrances to the canal as well as the locks were the object of attack. Two forays were reported on the Pacific side and one on the Atlantic.

The raiders had taken off some time before from Coco Solo for a rendezvous far out at sea. The detection of the approach, long before they put in an appearance, demonstrated the efficiency of the army's listening devices, officials said.

**McAllen Man Seeks More Foreign Trade**

McALLEN—Albert Chaleff of the McAllen Chamber of Commerce foreign relations committee, has returned from a business trip to Laredo, San Antonio, Dallas and Houston.

He conferred with chambers of commerce officials in those cities relative to cooperative action on the border to stimulate trade from Mexico. Chaleff suggested a state committee be formed to work on the matter.

# 27 Is Too Many

PORTLAND, Ore. — (AP) — Mail Carrier Lowery Huey has been bitten by dogs 27 times during his 13 years of logging letters.

But on the 27th occasion he lost his temper, heaved a pair of grass shears at the offending pooch and annihilated it. He was hailed into court on a charge of damaging personal property.

After hearing Huey's testimony and expressing belief 26 previous bitings were a mitigating factor, Municipal Judge Julius Cohn imposed a \$50 fine and 30-day jail term. However, the judge ruled Huey needn't serve the 30 days if he apologizes to the dog's owner.

## Weslaco, Edinburg Groups To Meet

WESLACO—Plans for a joint meeting were discussed by the 20-30 Club, to be held with the Edinburg club August 14 at the local meeting this week.

During the business session in charge of Jack Hays, president, a report of the community club project was filed by Lyle Grace, Joe Davidson and Tom Sammons. All profits over the \$15 weekly salary and incidentals will go for charity, with "Safety Salaries." Sea Scout, milk project and relief included.

Ten "Safety Salaries" have been bought and will be placed near local schools.

Herb Rich gave the report on the 20-30 magazine and Zeb Rike outlined the details of the charter night for the Edinburg club, which will be host to Valley clubs.

Hays introduced as guests at the dinner Bonner Wootten and Loren Hamme of Edinburg and Paul Shuford of Weslaco.

Following the meeting, the community club project members met for the first session, selecting John L. Compere as the first president for the week's activity. The members are urged to keep up dues to be eligible for the presidency later.

# 'Change Of Pace' Fails

## Nazi Suddenly Shift From Sea Lanes To British Shores In Air Raids

LONDON—(AP)—Targets ashore bore the brunt of German air attack Saturday as Nazi pilots roared across Britain's coasts for the third successive day of intensive bombing raids.

If the switch from forays on British sea lanes was intended to catch the home defense off guard, it appeared to have failed.

At least four raiders were shot down—raising Britain's three-day bag of Nazi bombers to 33—and, despite admitted damage and casualties, there was no acknowledgment of any military objective being hit.

Two German raiders were downed this morning.

The air ministry later reported two more enemy aircraft were shot down off the southeast coast by British fighter planes and that one British plane is missing from patrol.

**Raiders In Waves**

The raiders came in wave after wave, in daylight and darkness, ranging the isles from Northern Scotland to Southern England.

The German high command said numerous fires were observed after aerial bombardments at Tunbridge Wells, mainline railway junction midway between London and Hastings on the south coast; on oil tanks along the Thames and the harbors of Cardiff and Aberthaw, Wales, and Hastings.

But even the Nazi report mentioned no fresh claims to aerial blows on Britain's harried shipping.

A lone raider attacked a vessel in the English Channel, but was chased off by British fighters after missing with six bombs.

**Oil Reservoirs Hit**

Offensively, the air ministry reported attacks on German oil reservoirs at Cherbourg, St. Nazaire and Nantes, in France, and on the Dortmund power station and airdromes of Schiphol and Wallhaven, in The Netherlands. One British plane, it acknowledged, failed to return.

"Today an aircraft of the coastal command successfully bombed an enemy ship off the Norwegian coast," it added. "The crew was seen to abandon ship."

Royal Air Force planes, rimming the isles in constant vigil, repeatedly soared above low-hanging clouds to wheel and drive on the German planes before they could reach important objectives.

The wholesale attacks killed two civilians, a man and a woman, and damaged several homes.

British and Italian air forces also traded blows, meanwhile, over the Mediterranean and the near east.

The British announced they had made successful raids on Italian naval stores at Aswar, grounded planes at Mille Eritrea, and plane concentrations at Derna, Libya.

They acknowledged three Italian attempts to raid the island fortress of Malta on the eastern Mediterranean and a 30-minute attack on the British naval base at Alexandria, Egypt, but said there were no casualties or damage at either place.

**4 Million In Army**

The four millionth man to be mustered into the country's war machine in just two weeks more than one year was registered Saturday as Britain swiftly prepared against invasion.

The class of 1906, including about 300,000 34-year-old men, signed the books and exchanged their names for numbers in the army, navy and air force.

This group, the third on three successive Saturdays, swelled the total of conscripts since the first call July 15, 1939, to more than 4,100,000.

Three more classes—those of 1905, 1904 and 1903—still are to be called under the last royal proclamation.

They probably will be in the army before the summer is over and there already are reports that a new proclamation may be expected soon, affecting classes back to that of 1898—all covered in the British conscription law of May 26, 1939.

# NEW WILLKIE OFFICE OPEN AT M'ALLEN

## Nominee Due To Visit In September

McALLEN—Organization headquarters for the Willkie-for-President movement in the Rio Grande Valley were opened here Saturday while leaders in the work said there is a strong possibility the Republican nominee will visit this section in September.

J. A. Clements, organizer of Willkie clubs, announced the opening of the McAllen headquarters. He will be at the Casa de Palmas hotel for an indefinite period, and in vital persons interested in the campaign to meet him there.

Clements said it is practically certain that Mr. Willkie can be brought to the Valley in September on a special train tour now being mapped for him. The date, however, is indefinite until more details are completed.

Clements already spent a few weeks in the Valley organizing Willkie clubs. Within a short time he plans to have every community in this section represented with a club, and as soon as possible will name acting chairmen for the communities. When organization work is complete, local club members will choose their own permanent chairmen.

The Willkie campaign has progressed rapidly at two Upper Valley cities, Edinburg and Weslaco, where numerous Willkie label buttons are in evidence, and at Alamo, where J. C. Connell heads the official Willkie organization, formed a short time after the Indiana man was nominated at Philadelphia.

The Texas Willkie club, out of which the Valley movement has grown, was launched June 29 at Dallas. L. A. (Pat) Casey, real estate and oil man, is acting chairman.

"This organization represents no political party," said Clements. "Its formation was independent and spontaneous and it is guided by serious, conservative and sincere Texans. It provides a medium through which both Democrats and Republicans can work for Willkie, and its only purpose is to carry Texas for him in the November elections, and to encourage and assist in getting support for him throughout the South."

# THREE CITIES SEEK DATA ON NEW AIRFIELD

## Engineering Details Must Be Given

McALLEN—Major Edward M. Haight, planning engineer for the Texas Aeronautics Advisory committee, told representatives of Mission, Edinburg and McAllen at a meeting here Friday that engineer's plans for a proposed Upper Valley airport will be a prerequisite to consideration by the War Department for establishment of a military field to serve the territory.

Major Haight, after making a state-wide survey for the Texas advisory committee, had recommended an airfield to serve the three cities. He went into a detailed explanation of requirements Friday, declaring that a map and facts, presented technically, would be necessary even to try to interest the War Department in the possibilities of the proposed field.

Haight and Eugene Carter, representing a Fort Worth engineering firm, were taken by Walter Fullwood and Bob Miller on an airplane survey of the Upper Valley and later made ground inspections.

Mayor Logan Duncan of Mission was chairman of the meeting and J. D. Courtney, Edinburg, was secretary. Others attending were D. F. Strickland, J. F. Franki, Bob Smith, Ted Melden, all of Mission; Gracie Calloway and A. M. Tarbutton, Edinburg; H. H. Hensley, Miller, John Boney, H. Cassidy and Paul T. Vickers, McAllen.

# Nazis Buying

## Anticipate Victory; Order Goods

NEW YORK—(AP)—The New York Times said Saturday that exporters had charged German-owned companies operating in Latin America were buying goods in the United States to cover orders taken in anticipation of a Nazi war victory.

The newspaper said the newspaper said "hedging" the commitments in this market after reaping propaganda benefits from taking orders in Latin America for October delivery and posting cash guarantees as indications of confidence in a quick victory.

Orders were said to have been placed here for chemicals, metal products and other merchandise by German companies in Argentina, Mexico, Brazil and other Latin American countries.

# Major Provisions Of Compulsory Military Training Bill

WASHINGTON—(AP)—The major provisions of the compulsory military training bill as drafted by the Senate military committee: Men between 18 and 64 years would be registered for a "system of selective compulsory military training and service." The war department estimates there are 42,000,000 men of these ages.

Actual military training in the army, navy and marine corps would be limited to men between 21 and 45 years, with older and younger men serving in "home defense" units.

Pennsylvania still is one of the top mineral producing states, but no longer markets nickel and salt, once industrially profitable.

Drafted men would be given 12 months training and would receive base pay for the army and navy, starting at \$21 a month.

Authority to decide upon the age groups to be registered and the numbers to be called would rest with the President.

Penalty for evading registration or training could be five years in prison and a fine of \$10,000.

The legislation would make it an "unfair labor practice" for an employer to fail to rehire the conscripts at the expiration of their training periods.

"Conscientious objectors" would be assigned noncombatant training or other work.

Conscripts would be selected by lot after local boards had classified registrants. Deferred status would be given to married men with dependents, those in industries essential to national defense, and men in official government positions.

All men now in the army, navy and other armed forces and diplomatic and consular representatives of foreign nations would be exempt from registration.

# Two Veterans Deadlocked In St. Paul Open

## Par Handed Beating By Dark Horses Foulis And Goggin Take Lead

ST. PAUL, Minn.—(P)—Two dark horse veterans who long have been prospecting golf's tournament money trail filed joint claim Saturday on medal honors on the rich St. Paul Open golf championship.

They were the quiet 37-year-old Jim Foulis and the 34-year-old, effervescent Willie Goggin, the former a longtime Chicago district campaigner and the latter now a native of the Illinois metropolis after years of playing out of San Francisco.

Each had 36-hole totals of 136 strokes as the tournament hit the halfway point of its 72-hole route. Foulis, a former St. Paul champion, put together nines for a five under par second round 67. Goggin, who never had hit the "pay dirt" of a major title, scored a six under par 66.

Only a stroke off the pace was round Ed Oliver of Hornell, N. Y., who had a 71 Saturday for a 137, and back of him was a corps of stars in such close pursuit that one of the hottest finishes in the tournament's history was in prospect as the field headed into Sunday's 36-hole final round.

Dick Metz of Oak Park, Ill., defending champion, had a 69 Saturday for a 138 total. A stroke back of him was Frank Moore, Detroit, and Tony Penna, Dayton, bracketed at 140 were Les Bolstad, Minneapolis; Len Mattson, home pro; Pat Wilcox, Waterloo, Ia.; the two low scoring amateurs, Jim Frazier, the Open and Amateur champion of Australia, and Wilford Wehrle of Chicago.

Seven players had 141 totals, among them Lawson Little, the National Open champion, Ben Hogan and Harry Cooper.

In all, 38 players negotiated the 36 holes, with its par of 144, in even regulation figures or under.

## ASA Tournament Continues Play

HARLINGEN—Play in the two district tournaments of the American Softball Association will continue here this week with the schedule calling for single games Monday, Tuesday and Wednesday nights.

Monday night at 8 o'clock, the Harlingen Optimists will meet the Brownsville Coca Colas in a semi-final contest in the girls' tournament. The winner will go against the La Feria girls in a championship affair.

Englewood Gardens ten plays Matz of Harlingen Tuesday night in a title game of the men's tournament.

Wednesday night La Feria will meet the winner of the Optimists-Coca Cola contest in the title.

Under the rules of the tournament, if a team goes through the finals undefeated the championship is awarded. Should the undefeated team lose in the finals, another game between the two finalists will be played. This means that if Matz defeats Englewood Gardens Tuesday night they will win the title and if Englewood Gardens win, the championship will be decided in another game, the same holds true for the championship game in the girls' tournament. La Feria either wins or loses the title Wednesday night or getting another chance at it.

The athletic committee of the local Kiwanis club, sponsor of the tournaments, announced Saturday that plans for handling the expected record crowds at the final games were complete.

## Mission Netters Meet McAllen

McALLEN—Inter-city tennis matches between McAllen and Mission will be played on the J. L. Smith courts Sunday afternoon, according to Charles Wagner, court manager.

On the Mission team will be Wade Spillman and Frank Ewers. Because of illness, McAllen's lineup is in doubt.

Last Sunday Mission swept through three matches with Pharr-San Juan-Alamo netmen. Spillman defeated Raymond Miller 6-2, 6-1. Ewers won over Sonny Allen, 6-2, 6-4, and Spillman and Ewers took a doubles match from Miller and Downs, 6-1, 6-8.

## St. Mary's U. Grid School Opens Today

SAN ANTONIO—(P)—Approximately 50 coaches have registered for St. Mary's University's "air-conditioned" coaching clinic that opens here Monday morning and runs through Saturday. Officials expect about 150 to be registered by Monday morning.

Six prominent coaches on the faculty are Carl G. Snavely of Cornell, Matty Bell of Southern Methodist University, Fred Thomson of Arkansas, Jess Neely, formerly of Cleveland and now coach at Rice Institute, Buster Brannon, basketball coach at Rice, and Jake Wilson, former star gridder at Baylor University.

Classroom lectures of one-hour duration each are scheduled for each teacher every morning the school is in operation, excepting Saturday when a round table discussion is to be held. Field demonstrations are to be given every afternoon. Motion pictures of football and basketball games are to be shown at night.

## Just Waiting For Rodeo Fish Fry

George Foote of Dallas, who has his own boat at Port Isabel, is doing his bit for the Rio Grande Valley Fishing Rodeo by providing the fish to be used at the big free fish fry Sunday, August 4th. During the past three days Foote has brought in six large fish ranging in size from 100 pounds to 360 pounds which he is donating to the rodeo organization. He estimates that before August 4th he will have 3000 pounds of fish ready to go into the grease. This together with 2000 pounds of live fish already in cold storage at Harlingen, should satisfy the appetites of all our visitors on the final day of the rodeo. In addition to the fish caught by Foote, L. A. Gannaway has contributed another slightly under 100 pounds. (Photo by Johnny Martin.)

## Down The Sports Trail Title To Clark

NEW YORK—(P)—The question of the effect a compulsory military training law would have on professional baseball offers food for thought, not only on the part of the ball players themselves, but on the part of club owners who have full-grown money invested in these highly-perishable pieces of merchandise.

The proposed law, figuring the first class includes the 21-31 age bracket, would touch a great majority of players in the majors and higher classification minors.

Approximately 50 of the players who spent any length of time in the majors last year were single, but even that slim list includes players of such outstanding ability that their temporary loss would be felt keenly. Bob Feller, Barney McCosky, Ted Williams, Benny McCoy, Alcy Donald, Terry Moore and Hugh Mulchay were just a few on that list.

If all those eligible, that is, within the age limits and without dependents, were chosen on the first call it would leave quite a gap in the baseball ranks, but the game would be able to struggle along.

However, the chance of any one individual being chosen is comparatively slight, and the chance of a large number of ball players being chosen at one time is even slighter, so aside from the chance of some team being deprived of the services of some fellow like Feller or Williams there would seem little to worry about, unless Feller or Williams were making the last payment on a \$75,000 prize some club after just making the last payment on a \$75,000 prize.

There is no reason ball players should be given any preferred rating. They are robust men, the very type that makes good soldiers. Their occupation, except to themselves and their employers, is not "gainful" in the technical sense.

However, they entertain millions every year with a veritable type of activity which is calculated to take the minds of the citizens off the more sordid goings-on in the world.

There might be some way of working out a scheme whereby the ball players might get their military training on a split shift—six months one year and six the next. Major leaguers now have five months free from the sport. This could be stretched to six by eliminating a month of spring training, as a player coming to a club from an army camp should be in top physical condition anyway.

## Fast Rabbit Slows Up Baseball Game

LAURENSBURG, N. C.—(P)—A little cotton tail rabbit with adventure in his bones broke up a baseball game here for ten minutes and gave players and spectators a run for their money.

Peering from a nearby wood at the game in which two crack Negro nines contested, Br'er Rabbit decided it was fast enough for him to take part and so he dashed onto the field without benefit of coaching.

Umpire and players all joined in the chase as the crowd gave the interloper enthusiastic moral support. Finally a center-fielder snagged him with his gloved hand in a neat shoestring catch.

## McAllen TAAF Tourney Gives Fans Big Thrills

McALLEN—Only three games have been played in the men's district TAAF tournament here, but fans will not forget two of them for a long time.

Clyde Salter hurled a no-hit, no-run game Thursday night as the Lions-sponsored McAllen All-Stars team defeated the Brownsville 4 to 0. It was a pitcher's battle all the way, with Salter himself singling in the first run in the sixth inning.

Friday night's game between Mercedes and Donna had as thrilling a rally as fans have witnessed. Trailing by three runs with two out and nobody on base in the last inning, Mercedes rapped out two triples and a single, which combined with a walk and an error to give it the game 6 to 3.

The tournament began Monday night as Rio Grande City won from Weslaco 16 to 4. Friday night Pan American Airways of Brownsville took a forfeit from Mission, which withdrew too late for another game to be booked.

High grade ball. Sharyland TCC men's Edelman's of Brownsville at 9 p. m. Monday. Tuesday the McAllen All-Stars play Edinburg. The McAllen Lions clash with Rio Grande City, and Mats Electric of Harlingen engages Pan American Airways in a double header Thursday night. Friday night Mercedes meets the winner of Monday's night's game, and Weslaco plays Valentine's.

Two losses are necessary before a team is eliminated.

## Newsom Slated To Hurl Today

DETROIT—(P)—A great self-assured pitcher Louis (Buck) Newsom of the Detroit Tigers pitched out Saturday that he was pretty close to being exactly right about the date he'd return to active duty.

The hefty right-hander with 13 straight victories, out of action since suffering a broken thumb July 17, had predicted he would be ready to pitch in Saturday's doubleheader. The doctors were never that confident.

Buck missed Saturday's games, but he was picked tentatively to hurl Sunday's battle in the series finale with the Athletics.

"Ho, Ho," said Buck. "What did I tell you?"

If he wins No. 14 Saturday, Buck will be just two games short of the American League record for consecutive victories.

BROWN JOINS INDIANS DALLAS—(P)—Jimmy Humphreys, business executive of the Oklahoma Indians, announced Saturday night the acquisition of Walter Brown, 24-year-old rookie pitcher of the Chattanooga, Miss., club of the Cotton States League. The terms were not disclosed.

Brown, who will join the Tribe squad in Fort Worth Monday, has won eight and lost three games this season.

The purchase followed the announcement that Orval Grove, hard-working Indian hurler, had developed an aching right arm. The young pitcher believes a rest will repair the damage.

# Balkans Told To Settle Own Quarrels, But Rumanian Surrender Urged

## HITLER SEES ENVOYS FROM BALKAN AREA

Bulgaria, Hungary Are Favored

By The Associated Press  
BERLIN — (Sunday) — Adolf Hitler told Balkan statesmen he expected them to settle their own differences but that Germany favored both Bulgaria and modified Hungarian claims on Rumania was given today by the newspaper National Zeitung of Essen.

**Balkans Are Warned**  
The Balkan countries, said the newspaper, which is close to No. 2 Nazi Hermann Wilhelm Goering, must acknowledge the Rome-Berlin axis principles for a "new order in Europe."

"Such acknowledgement," it added, "can not be forced or bought for it is either the basis of the policy or it is not."

Germany never has made a secret of the fact "that the Reich viewed with sympathy reasonable demands by Hungary and Bulgaria for revision," the newspaper commented.

Rumania, it said, has been maneuvered into an unnatural role "which it never was in a position to play" and "is also conscious that this policy belongs to the past and must be liquidated."

**"New Order" Stressed**  
"The principles of the Axis powers and the necessities of the new order depend on fulfillment of justified demands such as Bulgaria makes on the southern Dobruja," the National Zeitung considered.

**"Out of the same considerations, Hungary will have to undertake certain reductions of the idea of Stephen's Crown, (Territory which Hungary claims.)"**

As the Axis powers tried to carve a "more reasonable" place for Rumania in a revised southeastern Europe, Nazi bombers and sea-raiding speedboats hacked with new fury at embattled England.

**Invasion Still Delayed**  
Although Adolf Hitler's air force struck repeatedly despite unfavorable weather, official quarters indicated the grand assault on Britain was still to come.

The Fuehrer himself was busy with the re-creating of roles which Balkan nations will play in the new made-in-Germany Europe.

He conferred Saturday afternoon with another group of Balkan statesmen. Premier Bogdan Philoff and Foreign Minister Ivan Popoff of Bulgaria. Yesterday he received the Rumanian Premier and foreign minister, who then went on to Rome for talks with Benito Mussolini and his foreign minister. Tomorrow the Slovakian premier and foreign minister will be given the Fuehrer's views.

A communique issued after Hitler's meeting with the Bulgarians said only that conversations had been carried on "in the cordial spirit of traditional friendship which has existed unchanged between Bulgaria and the Reich since they were brother-in-arms in the World war."

The Bulgarian statesmen left Salzburg Saturday night for Sofia.

**Germany Seeks Peace**  
Germany has emphasized repeatedly that she wants only peace in the Balkans, source of much of her oil and food supplies. The frontier revisions necessary to insure peace in this region are expected to be agreed on between Bulgaria, Rumania and Hungary themselves, authorized sources said.

**Round-table Parley**  
A round-table parley between the three kingdoms might soon settle the frontier question. The 1919 post-war settlements Hungary lost Transylvania and Bulgaria lost southern Dobruja to Rumania. Now they want Rumania who already has lost Bessarabia and northern Bukovina in the Soviet Russian occupation of a month ago, to give up these territories too.

On the war front, air raids on British oil-tank concentrations below London have become an almost daily occurrence, while Nazi bombers continued to attack port facilities, airports and radio stations in various parts of England.

**Claim British Ships**  
During the past week at least 200,000 tons of shipping has been sunk by Nazi speedboats or submarines, the high command said. DNB, the official German news agency, reported that "the convoy system successful in the World war has lost its former reliability."

Without comment DNB reported German short-term liabilities climbed from 18,500,000,000 marks in May to 21,500,000,000 marks in July.

## VALLEY SCALE TESTING NEAR

Inspectors Arrive To Begin Work

HARLINGEN — Officials of the weights and measures division of the State Department of Agriculture said here Saturday two trailers would work this area for the next month inspecting scales and weights, and that "all scales will be expected to be accurate."

Trailers carrying the equipment will be operated by C. W. Condit and H. A. Tillman of the department.

The same equipment has been brought here during the cotton harvest season the past three years, and in this time great improvement has been shown in more nearly accurate weighing, the officials said.

Here for the past two weeks, Condit said there was some minor irregularities in weighing, but no complaints had been filed. In many sections a major disturbing factor in the cotton industry is inaccurate weights, and one of the minor functions of the department is administration of the laws in this connection.

The department does not mean to be intimidating," Condit said, "but we will expect to find weights right and scales correct to within a pound.

## TWO NATIONS MAP CONTROL OF BOLLWORM

American, Mexican Officials Meet

McALLEN — Control of the pink bollworm plague along the border was the subject of a meeting at Laredo Thursday between representatives of the United States and Mexican departments of agriculture.

The conference was in charge of R. E. McDonald of San Antonio, U. S. department of agriculture official in charge of all bollworm eradication work in the United States. Mexican delegates were present from Matamoros, Monterrey, Torreon, Ojinaga, Chih., and Juarez, Chih.

D. M. McEachern of McAllen, U. S. department of agriculture official in charge of the Valley control program, was one of the delegates.

"The purpose of the Laredo conference," he explained, "was to coordinate the work between the Mexican and United States departments of agriculture with reference to the control of the bollworm plague along the border."

"Both countries realize the necessity of controlling and possibly eradicating the pest. This, of course, necessitates uniformity of procedure. The main points in the quarantine procedure include sterilization of cotton seed, burning of gin trash and compression of the lint."

"A control program has been instituted based on early field clean-ups in order to destroy the worms before they go into hibernation, followed by later spring planting so worms which may be in hibernation will come out and die without doing harm before the new crop in which they can propagate appears."

United States representatives attending the meeting in addition to McDonald and McEachern were L. F. Carl, San Antonio; K. P. Ewing, Waco; L. D. Harris, Alpine; J. S. Brock, El Paso and J. C. Woodward, Corpus Christi.

Mexican officials present were Ing. Tomas Leon Moreno, Matamoros; Ing. Genaro Arzave, Monterrey; Emilio Foglia, Monterrey; Ing. Sancho Rodriguez, Ojinaga; Ing. David Cadena, Torreon; Ing. Castro Martin, Anahuac, N. L.; Manuel Alcazar, Juarez; and Ing. Carlos Chambré, Nuevo Laredo.

**Pests Checked**  
Starr, Willacy Free Of Bollworms

4-Pests Checked—McALLEN — Gin trash machine inspections in the Valley have established the presence of the pink bollworm in Hidalgo and Cameron counties, but none have been discovered in Starr and Willacy, D. McEachern of McAllen, United States department of agriculture official in charge of the Valley boll worm eradication project, announced Saturday.

"Only a small amount of gin trash has been inspected in Starr and Willacy counties," McEachern explained.

He said inspection work throughout the Valley will continue and will begin at Matamoros this coming week in cooperation with the Mexican department of agriculture.

**Encampment Invites Valley Churchgoers**  
HARLINGEN — Charles B. Middleton, minister for the Harlingen Church of Christ, Saturday invited all members of that congregation to attend an encampment near Sherman from August 5 to 8, at which C. R. Nichols of Seminole, Okla., will be preacher.

Jesse P. Sewall, San Antonio, Audie T. Ritchie, Jr., Nashville, Professor and Mrs. W. M. Dowell of Abilene Christian College, and other outstanding speakers will address the gatherings, program for which will also include outdoor recreational activities.

**Louisiana People Pick Inscription**  
BATON ROUGE, La. — (AP) — The Sam H. Jones administration, whose majority in the legislature decreed that public buildings be stripped of the names of all living persons and ordered a picture and plaque of former Gov. ## STRAVINSKY HAS WARM RESPONSE IN MEXICO DEBUT

MEXICO CITY — (AP) — The music-loving public of Mexico has taken to its heart Igor Stravinsky, noted Russian composer, who opened a series of concerts Friday night in the capital's Palace of Fine Arts.

The first night audience gave a rousing welcome to Stravinsky who led the Mexican Symphonic Orchestra in an interpretation of Tchaikovsky's Second Symphony and several of his own compositions, including the popular Petroushka Suite.

Stravinsky said he planned to remain here until August when he will return to the United States.

**CHAMBER SET FOR MEETING**  
Harlingen C. C. Will Gather Monday

HARLINGEN — As 20-30 club members paused Saturday night for a rest before the final ticket sale campaign Monday, Club President R. E. Gilbert said at least 250 persons will attend the chamber of commerce annual banquet to be held at the Reese-Wilmond Hotel here Monday at 8:30 p. m.

Program Chairman Jack Rutledge said plans were complete for the evening's entertainment, "and there will be no main speaker." Amid specialty song and dance numbers, Past President Charles Williams will report the past year's activities. Chamber Manager Worth Heffner will award certificates of merit, and Chamber President L. R. Baker will set out some of the plans for the new year.

Tickets are being sold by 20-30 club members. They may also be had from the chamber of commerce or at the banquet room door. The Optimist club had relinquished its weekly meeting hour to the occasion and plans to attend the annual function en masse, President Vance Oelme said.

Program will include, in addition to the three talks, an organ solo by Mrs. Helen Flynn Parce, who will furnish organ music during the dinner. Stanley Addington, Raymondville, will present a group of songs as will Miss Maud Noster, San Benito. Other acts will include military tap dance by Jacqueline Buesing and Frances West, San Benito, and Carolyn Williams, McAllen; an Oriental dance by Carolyn Williams; magic act by T. O. "Smokey" Cantrell, Weslaco; an Irene Castle routine by Jacqueline Buesing and Jack Bird of San Benito, and songs by Bill Irby.

**Grower Guests**  
Donna Co-Op Holds Open Meeting

DONNA — Citrus growers of the Donna area met here this week, as guests of the Donna Citrus Association to hear round-table discussion on problems common to them, and to hear half a dozen speakers on various topics.

Ray Shelley, director of the association, welcomed those attending; C. K. Wildermuth, a grower, spoke on orchard care; County Agent R. C. Burwell discussed cover crops; George Vance of the Rio Grande Valley Citrus Exchange spoke on methods of financing growers' operations, and Exchange Manager R. B. McLeish spoke on the need for unity of effort in facing and solving citrus growers' problems.

**Kin Of Hellinger Pauses In Valley**  
BROWNSVILLE — Conrad Hellinger, cousin of the nationally known columnist and author, Mark Hellinger, changed planes here late Friday enroute from Mexico City to New York.

He had been attending the 15th annual Mexican Seminar sponsored by the committee on cultural relations with Latin America. The sessions were held July 2-25 at the Hotel Marik, Cuernavaca.

Hellinger is a wholesale and retail jeweler affiliated with the Movado Watch Agency of New York.

**REVEREND HERE**  
HARLINGEN — Rev. Penrose W. Hart of Brownsville will be guest minister at the 11 a. m. Sunday service to be held at St. Alban's Episcopal church here, according to announcement Saturday.

## OIL WORKERS CALL OFF BIG LATIN STRIKE

Budget Cut Protest Is Delayed

MEXICO CITY — (AP) — Labor Leader Vicente Lombardo Toledano announced Saturday the petroleum workers union had postponed indefinitely the anti-economy walk-out it had called for Monday.

Lombardo Toledano told the executive committee of the confederation of Mexican workers (CTM), of which the oil union is a member, that the 18,000 petroleum workers intended to submit a counter-project immediately to President Cardenas for reorganizing the oil industry.

Bucking wage cuts and other economies the president ordered the government oil administration to enforce, the union filed an injunction suit Saturday against the federal labor board.

The union sought to restrain the board from provisionally authorizing the oil administration to modify its labor contract so that it might put the proposed economies into effect.

McALLEN — J. A. Clements of Angleton, representative of the state "Willie for President" organization, arrived in McAllen Friday night on a business visit.

## Texas Industry To Receive Impetus From Defense Work

AUSTIN — (AP) — Texas industry, retarded at the moment, will feel the stimulus of increased demand in the national defense program, Dr. F. A. Buechel of the University of Texas predicted Saturday.

The statistician, and assistant director of the University Bureau of Business Research pointed to a state index of business and industry standing at 97.9 for June, compared to 100.8 in May. The June index, however, was more than 3 points above June, 1939.

Of the factors making up the index—employment, payrolls, freight carloadings, crude oil runs to stills, department store sales and electric power—only carloadings showed a gain over May, 2.6 points. Drops in other industries ranged from one-half point for employment to more than 10 points in crude runs to stills and 10 points for department store sales.

Gains — over an equally wide range — were recorded over June a year ago, except for department store sales which declined 3 points. Increases ranged from 1 point in employment to 11 points in electric power consumption.

Dr. Buechel pegged the June lull on the international situation, hampering free movement of oil and cotton to foreign countries and national politics.

**ROAD PAVING IS FINISHED**  
New Willacy, Hidalgo Highway Opens

PHARR — Completion of all paving work on state highway 186 from San Manuel in Hidalgo County to Raymondville in Willacy County was announced Saturday by J. W. Puckett of Pharr, division highway engineer.

The last topping was laid Friday afternoon, Puckett said, providing an all-paved road between the two points, a distance of 15.6 miles. The road gives the Lower Valley a northern outlet.

Puckett said the central Valley, embracing Donna, Weslaco and Mercedes, also will be given a new outlet when Elsa is connected with 186, a distance of about 15.5 miles. A dirt road is already in use between the two points, but the connection will be topped within a few months, he said. It runs north through the Engelmann Gardens and Delta Orchards citrus developments.

"The new route will give the Central Valley easier access either to U. S. 281 north to Falfurrias or the Hug-Coast highway to Corpus Christi," Puckett said. "It is expected to accommodate from 500 to 1,000 cars a day when completed."

Puckett said the area traversed by the Weslaco-Elsa-186 is probably the most intensively cultivated in the Valley. He estimated that 95 per cent of the contiguous territory is under cultivation.

"Central Valley residents will be able to avoid a lot of traffic when the new cut-off is completed," he said.

**One Robber Killed; Another Is Wounded**  
CHICAGO — (AP) — Police killed one robber and seriously wounded another in a gun fight in suburban Oak Park Saturday.

The robbers were fleeing in an automobile from an office of the Public Service Company of Northern Illinois, where they had taken several hundred dollars.
